Appendix Two - Framework

Place Programme - utilise to help our communities to be healthy by addressing:

- Issues raised
- Health inequalities
- Pro-active projects
- Source funding
- Health improvement

JCS/Borough Plan/Neighbourhood Development Plans

- Policies that provide for infrastructure that encourages healthy lifestyles e.g. sports facilities, green areas, cycle/walk routes
- Policies that provide for developer contributions
- Policies that encourage social sustainability

Supporting our partners in their aims

- Clinical Commissioning Group
- Active Gloucestershire
- Gloucestershire County Council
- Gloucestershire Care Services

Sports, Social and Open Spaces Study

• Implement priorities arising from the action plan

TBC Health and Wellbeing Framework 2016

Vision: To help communities to help themselves to be healthy

How will we go about this with our

Enabling Active Communities Programme

- Developing local solutions
- Utilising opportunities
- Creating knowledgeable communities

Council Plan 2016-2020

- Through the JCS, Borough Plan and NDP's
- Deliver homes and necessary infrastructure to create new sustainable communities in key locations

Encouraging the five ways to wellbeing (New Economic Foundation):

- 1. Connect
- 2. Be active
- 3. Take notice
- 4. Keep learning
- 5. Give

communities?

Social Discipline Window

 Make positive change by doing things with the community, rather than to them, or for them
