24	Percentage of waste recycled or composted	51.08% 50.66%*	52%	51.85%	51.68%	51.48%	50.68%	↑	☹	The % recycled has slightly increased on last year, but is still below target. Q3 and Q4 food waste tonnages have increased following the 'No Food Waste' sticker campaign and the uplift is 24.6% (292 tonnes). The amount of waste sent to landfill has decreased which is extremely positive, despite a general increase trend in residual waste. A mild spring has increased the garden waste tonnage for Feb and March boosting the total tonnage by an extra 70 tonnes compared to last year.  *These figures have been updated following extra data provided by third party	Lead Member Clean and Green Environment/ Richard Kirk

26	Number of reported enviro crimes	1012	850	305	641	921	1314	↓	☹	<p>393 reported incidents for the Q4 period broken down as:</p> <ul style="list-style-type: none"> <li>• Noise – 56 (65)</li> <li>• Dog fouling – 36 (18)</li> <li>• Fly tipping – 229 (144)</li> <li>• Abandoned vehicles – 72 (53)</li> </ul> <p>(Q3 in brackets). Q4 saw the greatest number of envirocrimes carried out in the borough. Each period (apart from Q3) has seen a much greater than anticipated increase, mostly due to the high numbers of fly tips and abandoned vehicles.</p> <p>Although 72 abandoned vehicles were reported, work by officers to reunite vehicles to their owners has meant that only 18 of these needed to be disposed of and therefore avoiding disposal costs. Officers in Environmental Health and UBICO work closely together on an agreed procedure for clearing fly tips as quickly as possible, but making sure any evidence is collected and considered.</p>	Lead Member Clean and Green Environment/ Richard Kirk
