LIC.14 MINUTES
14.1 The Minutes of the Licensing Committee meeting held on 18 June 2015 and the Licensing Sub-Committee (Street Trading and Hackney Carriage and Private Hire Vehicles, Drivers and Operators) meetings held on 23 July 2015 and 15 October 2015, copies of which had been circulated, were approved as correct records and signed by the Chairman.
14.2 It was noted that Minute No. LIC.7.3 of the Licensing Committee Minutes from the meeting on 18 June 2015 set out that the Committee had resolved to approve the renewal of the existing taxi and private hire policies and conditions until such time as a new policy was in place, but no later than 31 March 2016, with an update to be brought to the Licensing Committee meeting on 15 October 2015. The Chairman advised that the meeting due to be held on 15 October had been postponed and, as such, Members were due to receive an update at the present meeting. He confirmed that no further update was available and work was ongoing so this matter had not been included as an Agenda item for the meeting.
LIC.15 REVISION OF STATEMENT OF PRINCIPLES UNDER THE GAMBLING ACT 2005

15.1 Attention was drawn to the report of the Licensing and Systems Officer, circulated at Pages No. 7-53, which asked Members to agree that a six week consultation be undertaken on the Gambling Act 2005: Statement of Principles 2016-2019 and to recommend to Council that it be adopted with effect from 31 January 2016, subject to any relevant representations being received within the consultation period being reviewed by the Chairman and Vice-Chairman.

15.2 The Licensing and Systems Officer explained that Section 349 of the Gambling Act 2005 required a Licensing Authority to prepare and publish a statement of its policy every three years. One of the recommended changes was the inclusion of a Local Area Profile which provided more information about a locality and any particular concerns within that area. In addition, from April 2016, operators would be required to assess local risk when they applied for a licence or to vary an existing licence. When making their application they would need to consider the risk in terms of the three licensing objectives under the Gambling Act i.e. crime and disorder statistics in the area they were applying; the internal and external design of the premises and control measures in place; and any other factors. Currently, operators generally carried out their own risk assessment but they did not include the whole of the local area. It was noted that there would be no impact on existing licences. The draft Gambling Act 2005: Statement of Principles 2016-19 included those changes and reflected the changes in the statutory guidance published at the end of September. The whole policy had been reviewed, with non-relevant matters being removed and Plain English being used wherever possible, and was attached at Appendix 1 to the report. Whilst guidance recommended a 12 week consultation, given the timescales available before the next Licensing Committee meeting, as well as the ability of the Licensing Team to engage with stakeholders and consultees at short notice, it was recommended that the consultation be held for six weeks. Any responses received during the consultation period would be taken into account and considered by the Chairman and Vice-Chairman of the Licensing Committee before being taken to the Council for adoption.

15.3 A Member sought clarification as to the difference between slot machines A, B and C and was advised that very detailed guidance was published by the Gambling Commission; however, the main difference was maximum stake and price. The Member indicated that restaurants often had machines and she questioned whether they were licensed. In response, the Licensing and Systems Officer confirmed that, since the introduction of the Gambling Act 2005, only establishments which held a premises licence for the consumption of alcohol on the premises, and had applied for the entitlement, were permitted to have a gambling machine. Another Member went on to query whether there was any restriction on the number of licences in a particular area and was advised that, whilst there was no fixed number of licences which could be granted, consideration must be given to the impact on the area in terms of existing premises and the likely impact as a result of a new premises. Each application was considered on a case by case basis and whilst there were provisions for segregation zones they would not be applicable for an area such as Tewkesbury Borough.

15.4 A Member welcomed the introduction of the requirement for applicants to assess local risk and the Licensing and Systems Officer agreed that this would give them an opportunity to put forward control measures, rather than Officers making suggestions. Officers would have the ability to put additional measures in place if they did not feel that they were adequate. A Member questioned how long it would be before existing licence holders had to consider local risk if they did not submit a variation application. He was advised that licences were granted in perpetuity, provided that the licence holders paid their annual fees, although there was a
review mechanism in place if it was felt that any of the licensing objectives were being impacted. A Member questioned what would happen if an operator had their licence withdrawn by the Gambling Commission and was informed that the premises licence would automatically be removed. In response to a query as to how many licenced premises were there within Tewkesbury Borough, the Licensing and Systems Officer confirmed that there were five gambling shops and some clubs with gambling permits e.g. Royal British Legion, as well as public houses which had an automatic entitlement for two machines. In terms of the gambling premises licences, whilst there were five shops, there were only two operators.

15.5 Having considered the information provided, it was

RESOLVED

2. That it be RECOMMENDED TO COUNCIL that the Gambling Act 2005: Statement of Principles 2016-19 be ADOPTED with effect from 31 January 2016, subject to any relevant representations being received within the consultation period being reviewed by the Chairman and Vice-Chairman of the Licensing Committee.

LSB/A.2 ANNOUNCEMENTS

2.1 The evacuation procedure, as noted on the Agenda, was advised to those present.

LSB/A.3 DECLARATIONS OF INTEREST

3.1 The Committee’s attention was drawn to the Tewkesbury Borough Council Code of Conduct which was adopted by the Council on 26 June 2012 and took effect from 1 July 2012.

LSB/A.4 APPLICATION FOR THE GRANT OF A PREMISES LICENCE - EMPORIUM, HIGH STREET, WINCHCOMBE

4.1 The report of the Licensing and Systems Officer, circulated at Pages No. 1-54, outlined an application for a premises licence in respect of Emporium, High Street, Winchcombe. The Licensing Sub-Committee was asked to determine the application, taking such steps, if any, as it considered appropriate for the promotion of the licensing objectives.

4.2 The Chairman asked all parties present to identify themselves and explained the procedure which would be followed by the Sub-Committee. The Licensing and Systems Officer advised that the premises licence application sought permission for recorded music between the hours of 08:00 and 00:00 Sunday to Thursday and 08:00 and 02:00 on Friday and Saturday; late night refreshment between the hours of 23:00 and 00:00 Sunday to Thursday and 23:00 and 02:00 Friday and Saturday; and supply of alcohol between the hours of 10:00 and 00:00 Sunday to Thursday and 10:00 and 02:00 Friday and Saturday. The application set out that the premises would be open to the public between 08:00 and 00:00 Sunday to Thursday and 08:00 and 02:00 Friday and Saturday. The applicant had also applied for non-standard timings during National Hunt meetings at Cheltenham Racecourse with the
opening time and sale of alcohol starting at 07:30 hours. The application was attached in full at Appendix A to the report. Officers had drafted a number of conditions for inclusion on the licence if the application was granted. The conditions were considered to be consistent with the steps the applicant intended to take to promote the licensing objectives, as identified in the Operating Schedule accompanying the application. These conditions related to the installation of a CCTV system to be maintained in good working order; the protection of the premises by an alarm system to be maintained in good working order; staff being trained on general health and safety; signage being displayed asking patrons to leave quietly; the adoption of the Challenge 25, or equivalent scheme, so that any customer attempting to purchase alcohol who appeared to be under the age of 25 would be asked for an accredited photographic proof of their age, and that a sale would not be made unless that evidence was produced; and a refusal register being maintained on the premises to record details of any alcohol purchases refused by staff. No other responsible authorities had made representations about the application, however, the applicant had agreed with Gloucestershire Constabulary to modify the application on the basis of sale of alcohol being between the hours of 10:00 and 23:00 Monday to Saturday and 10:00 and 22:30 on Sundays with non-standard timings between the hours of 07:30 and 02:00 during Bank Holiday weekends; Christmas Eve, Christmas Day and Boxing Day; New Year’s Eve; and Cheltenham race meetings scheduled for March and November. The applicant’s agreement with the Police was attached at Appendix B to the report.

4.3 During the consultation, 20 representations had been received from members of the public who wished to object to the grant of the application on a number of grounds. It was noted that the report stated that 19 representations had been received, unfortunately, one representation had been omitted from the papers in error and this was circulated separately around the table. Copies of the other 19 representations were attached at Appendix D to the report. The representations mainly referred to crime and disorder and public nuisance but, in general, they addressed all licensing objectives. Some representations mentioned why there was a need for more premises in Winchcombe, however, the Council did not have a special policy area, or any cumulative impact policies, and therefore this was not a relevant consideration for the Licensing Sub-Committee when determining the application.

4.4 The Sub-Committee was reminded that it was obliged to determine the application with a view to promoting the licensing objectives of the prevention of crime and disorder; public safety; the prevention of public nuisance; and the protection of children from harm. In making its decision, regard must be had to the national guidance and the Council’s own licensing policy, as well as the representations made and the evidence provided at the meeting. The Sub-Committee was advised that it could resolve to grant the application as requested; to modify the conditions and/or timings of the licensable activities, by altering, omitting or adding to them; or, to reject the whole, or part, of the application.

4.5 The Chairman sought confirmation from the applicant’s representative as to the modifications to the application which had been agreed with the Police. The applicant’s representative confirmed that the applicant had agreed that the sale of alcohol would take place between the hours of 10:00 and 23:00 Monday to Saturday and 10:00 and 22:30 on Sundays. Although the Police had agreed that non-standard timings between the hours of 07:30 and 02:00 could apply during Bank Holiday weekends; Christmas Eve, Christmas Day and Boxing Day; New Year’s Eve; and Cheltenham race meetings scheduled for March and November, the applicant’s representative confirmed that an extension to 02:00 was only required on New Year’s Eve.
4.6 As there were no questions for the Licensing and Systems Officer, and no responsible authorities were present, the applicant’s representative was invited to present her case to the Sub-Committee. She explained that The Emporium would be a continental style bar/café, rather than a public house, and there would be a limited food menu. The aspiration was that customers would be able to go into the coffee shop to buy a sandwich or pastry and a cup of tea or coffee but they would also be able to purchase an alcoholic drink if they wished to. In terms of the objections which had been raised, the most notable one related to the noise impact on the apartments above and adjacent to the premises and she totally understood this concern. She advised that the applicant intended to install extra sound-proofing on the wall to the adjacent flat and on the ceiling which it was hoped would address the issue of noise for the immediate neighbours. Planning Officers had confirmed that listed building consent would be required for these measures, as opposed to full planning permission. In terms of music, she confirmed that only background music would be played; this would be ambient ‘lift’ style music and the location and direction of the speakers would be reviewed in order to keep the sound inwards, as opposed to upwards and outwards. With regard to smoking, she recognised that people did still smoke but she felt that they tended to be in the minority. There was a plan in place for a smoking area to the front of the premises, which the Police and Planning Department had been consulted upon, and she circulated a photograph outlining where it would be. She explained that there would be a removable barrier which would be put out each day to stop people from spilling out onto the street and causing an obstruction. She confirmed that the barrier would be within the curtilage of the shop entrance. She went on to explain that there was an alleyway to the side of the building and the applicant was prepared to install a gate with a push combination lock, subject to obtaining listed building consent. It was proposed that this would be kept locked which would overcome the concern about people urinating and being sick in the alleyway; although it was not anticipated that the clientele visiting the premises would cause that type of problem. In terms of antisocial and disruptive behaviour, she clarified that all staff would be personal licence holders and would be given ongoing training. The applicant’s representative confirmed that she would be managing the business and had many years of experience running public houses. Whilst she would take a zero tolerance policy in terms of nuisance behaviour, she did not think that it would be the type of establishment which would attract very young people so this was unlikely to be an issue. With regard to waste, she confirmed that the bins which were in the alleyway would not be used as a private contractor would be collecting the waste from the premises on a daily basis during normal working hours and it was anticipated that the amount of waste would be minimal i.e. one bin bag of recyclables and one bin bag of residual waste each day.

4.7 A Member questioned how many people would be permitted to use the smoking area at any one time and the applicant’s representative indicated that she was unsure. The area was currently used for smoking by the staff of neighbouring shops and offices and she generally saw five or six people there at any one time. She advised that she would not have a problem with limiting the number of people using the smoking area, if Members considered that to be necessary. A Member queried whether there was an alternative area to the rear of the premises which could be used for smoking and was advised that the proposed area to the front was considered to be the best option. The Member asked what the total capacity of the premises itself would be and was advised that there would be seating for 29 people. In response to a Member query regarding the food which would be served in the premises, the applicant’s representative explained that, whilst the full menu had not been decided, the food would be along the lines of sandwiches, salads and Mediterranean platters as opposed to heavy meals. A Member questioned where
the customer toilets would be located and the applicant’s representative pointed this out on the floor plan, attached at Appendix A to the report; it was noted that they would be in the same location as the staff toilets. A Member queried whether the use of a contractor to collect the waste could be included as a condition on the premises licence and the Licensing and Systems Officer confirmed it could; Members may also wish to consider a condition restricting the timing of collections. A Member sought confirmation as to where the waste would be stored prior to collection and was advised that there would be two covered bins inside the premises. The Member went on to seek further information in respect of personal licences, which the applicant’s representative had indicated all staff would be required to hold. The Licensing and Systems Officer explained that a personal licence was a qualification and the minimum requirement was for the Designated Premises Supervisor to hold a personal licence, anything above and beyond that was considered best practice. In response to a query, he went on to advise that personal licence holders had to undergo a basic Disclosure and Barring Service (DBS) check but he could not share any information on that. It was noted that only the Police were able to object to a personal licence.

4.8 The Chairman invited the other parties who had attended the Sub-Committee to make representations. One local resident indicated that he had lived opposite The Emporium building for 26 years with his bedroom directly facing it. Sound travelled at night and he could often hear every word being spoken by people talking quietly on the street. In terms of the smoking area, he did not feel that people would want to stand in such a small area and he raised concern that their voices would be easily heard by himself and other residents. He had particular sympathy for the residents who lived above and adjacent to the premises and felt that there was enough noise on the High Street from existing pubs, wine bars and restaurants without adding to it further. Given the limited space, he could envisage people smoking on the pavement and noise becoming a big issue. Ultimately people would do what they wanted to do and he found it hard to believe that people would be sat quietly eating cakes and drinking coffee at 11.00pm at night; in reality they would be drinking and getting increasingly louder, something which the local residents would have to put up with. Another local resident advised that he lived around the corner from the premises and he echoed the previous speaker’s comments in respect of noise and disturbance. He recognised that the Sub-Committee was unable to take account of the amount of other premises in Winchcombe when determining the application but they did generate noise. He went on to raise concern that there would be an increase in traffic as a result of the premises licence being granted, particularly in terms of taxis which would have to queue outside the premises along the main thoroughfare. The Licensing and Systems Officer clarified that traffic in itself was not a licensing objective although it could be considered in terms of nuisance.

4.9 The next speaker indicated that he owned a flat in the Emporium building and was speaking on behalf of all of the residents who were united in their opinion. The Emporium was a Grade II listed building which contained many original windows and meant that noise was a particular concern for residents, particularly those with bedrooms overlooking the street. When he had lived at the rear of the property, he had been able to hear noise from the highway and the premises would inevitably generate considerable additional noise, exacerbated by smokers who would spill out onto the street. In terms of the alleyway and the potential installation of a locked gate, as suggested by the applicant’s representative, he explained that this had been discussed in the past, however, the alleyway was a thoroughfare into a cottage and the owners of that cottage had not wanted a gate so overcoming that objection could be a problem. Any works to the building would require listed building consent and there was no guarantee that the proposed soundproofing measures would be approved. He reiterated that his main concern was that the building was inhabited by both children and the elderly who did not want this on their doorsteps. Taxis
frequently collected and dropped people off during Cheltenham Gold Cup week, generating a lot of noise, and people entering and exiting the premises, combined with the fact that people raised their voices when they had been drinking, would make the noise unbearable.

4.10 A local resident indicated that, although it had been suggested that the purpose of the licence was so people could have an alcoholic drink with their pastry, when the premises was open late at night, people would inevitably be consuming more alcohol and their behaviour would not necessarily be the same as had been portrayed by the applicant’s representative. He reiterated that there would be significant noise, particularly from people spilling out onto the pavement, which they did currently at other establishments. He considered that the smoking area was impractical; there were still plenty of people who did smoke and needed to be accommodated. He imagined that pedestrian traffic would increase as people walked to the premises from the car park at the end of Cowl Lane generating additional noise. Cowl Lane was a very narrow lane and increased use by vehicles accessing the car park could only be problematic in his view. Another local resident reiterated the concerns regarding noise and went on to indicate that it was her understanding that, if the licence was granted, alcohol could be purchased from the premises for consumption elsewhere. In response, the applicant’s representative confirmed that the application was solely for consumption of alcohol on the premises. The local resident went on to express concern about the increase in delivery vehicles which blocked the highway and added to the general congestion in Winchcombe. She indicated that she would like some assurance that, if the licence was granted, the premises would remain as a wine bar/patisserie as she would not wish to see any extension into a large formal restaurant or night club. In response, the Licensing and Systems Officer confirmed that there was no provision in the Licensing Act 2003 to specify a type of premises as licences were granted for licensable activities. Regardless of the type of operation, the premises licence holder would have to comply with the conditions of the licence.

4.11 A local resident explained that he owned a property opposite the premises, which was currently occupied by an existing wine bar, and he was currently in a dispute with the tenant for all of the reasons which had been raised by the local residents today. In terms of the premises licence application, he felt that smoking was a particular problem and the suggestion to control it with limited numbers would not stop smoke from going through the windows of surrounding properties or prevent sound penetration within the building. He questioned whether background music was strictly necessary as he felt that it would inevitably be turned up according to the volume of voices in the bar. The Licensing and Systems Officer confirmed that a licence was not required for background music as it was incidental to the main activity. On that basis, the resident questioned why an application had been made for recorded music and he raised concern that, if that element of the licence was granted, it would not be possible to prevent discos from being held on the premises in the future.

4.12 The Chairman invited all parties present to make any final comments. In summing up, the applicant’s representative indicated that she had listened carefully to the comments made by the other parties. She had not intended to mislead people about the nature of the business and fully accepted that people would be more likely to drink alcohol in the evenings. In terms of smoking, the applicant was willing to do whatever she could to improve the situation, however, it was considered that the solution put forward was the best one. Similarly, in respect of noise, she could not state that this would be completely alleviated but every effort would be made to reduce it as far as possible, although she did raise concern about whether any
conditions which may be imposed to restrict the noise level would be feasible given the nature of the building. If there was an issue in terms of music, she confirmed that she would be happy to remove the request for a licence for recorded music as it had only ever been intended to play background music.

4.13 The Chairman indicated that the Sub-Committee would retire in order to make its decision.

4.14 When the meeting reconvened, the Chairman explained that, having considered the application; the evidence provided; the representations made by all parties, including those made at the hearing; the four licensing objectives; the national guidance; and the Council’s Statement of Licensing Policy it was

RESOLVED That the application be GRANTED as set out in the attached Decision Notice.

POLICY ON THE RELEVANCE OF CONVICTIONS FOR HACKNEY CARRIAGE AND PRIVATE HIRE DRIVERS

The local licensing authority must be satisfied that all those who are licensed to drive hackney carriages and private hire vehicles are fit and proper persons. This general policy relates to the Council's assessment of the suitability of an applicant for licensing as a driver of taxis and/or private hire vehicles in terms of their criminal and driving records. Specifically, it is to be applied where an applicant for a driver's licence has received a relevant conviction, caution or fixed penalty. Due weight and consideration will also be given to any warnings or reprimands given to the applicant in relation to criminal offences.

Additionally, it will be referred to where a relevant conviction, caution or fixed penalty has been received during the period of a driver's licence and used to help inform any decision as to the licence-holder's continuing fitness to hold a licence.

These guidelines shall apply to all new applicants and any application by a current holder for a further licence (popularly known as a 'renewal'), for hackney carriage drivers and private hire drivers. Any reference to an applicant shall also mean any person currently holding a hackney carriage driver's licence or a private hire driver's licence.

GENERAL POLICY

Each case will be decided on its own merits. Although an applicant may have convictions that would fall under the guidelines in this policy, the Council will always consider the full facts of the case and any mitigating or other circumstances before reaching a decision.

Hackney carriage and private hire drivers are listed occupations under the Rehabilitation of Offenders Act 1974. This means that an applicant must disclose ALL convictions when applying for the grant of a licence. The Council may take into account anything they consider relevant to the determination of the application.

When the CRB and DVLA checks have been returned, the application will be considered in the light of the information provided. The information received from the CRB and DVLA will be used to ascertain whether the information given on the original application form was correctly and truthfully provided. It is therefore necessary to ensure that details of ALL convictions and cautions are provided at the initial stage.

A serious view will be taken of any application which seeks to conceal any caution or conviction in order to obtain a Licence. This is a criminal offence and, as such, may lead, not only to consideration of the applicant as not being a “fit and proper person”, but criminal proceedings.

In the event that there are no relevant convictions, cautions or fixed penalties held, the applicant will be considered to be a “fit and proper person” and the matter will be determined by the issue of the licence.

Applications where convictions, cautions or fixed penalties are held will be considered by a Licensing Officer who, having regard to this policy may refer the application to a Licensing Sub-Committee for determination. This will result in either the determination of the applicant as a “fit and proper person”, indicated by the issue of a licence, or the application being refused. In these circumstances, the applicant
has the right of appeal to the Magistrates Court, such appeal to be lodged within 21 days of the decision being notified.

GUIDELINES RELATING TO THE RELEVANCE OF PREVIOUS CONVICTIONS, CAUTIONS AND FIXED PENALTIES FOR HACKNEY CARRIAGE AND PRIVATE HIRE LICENCES

1. General Policy

1.1 Each case will be decided on its own merits.

1.2 The overriding consideration is the safety of the public. The Council has a duty to ensure so far as possible that those licensed to drive hackney carriage and private hire vehicles are suitable persons to do so, that they are safe drivers with good driving records and adequate experience, sober, courteous, mentally and physically fit, honest and not persons who would take advantage of their employment.

1.3 A person with a current conviction for a serious crime need not be permanently barred from obtaining a licence but should be expected to (a) remain free of conviction for an appropriate period and (b) show adequate evidence of good character from the time of the conviction. Simply remaining free of conviction will not generally be regarded as sufficient evidence of good character. Applicants will normally be expected to provide oral or written testimony of their good character given by an independent person of standing within the community.

1.4 In determining whether an applicant has remained free of conviction for an appropriate period, any time the applicant has spent in custody may be taken into consideration by the Authority.

1.5 Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. Similarly, multiple offences or a series of offences over a period of time are likely to give greater cause for concern and may demonstrate a pattern of inappropriate behaviour which will be taken into account.

1.6 If the Licensing Officer, having had regard to these guidelines, feels there is some doubt as to the fitness and propriety of any person to hold a licence, the matter will be referred to a Licensing Sub-Committee for determination.

1.7 The following examples afford a general guide on the action which might be taken where convictions are disclosed.

2. Offences of Dishonesty

2.1 Drivers of hackney carriage and private hire vehicles are expected to be persons of trust. It is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare and in other ways.

2.2 Passengers may include especially vulnerable people.

2.3 Members of the public entrust themselves to the care of drivers both for their own safety and for fair dealing. In certain situations drivers will know that a
property is empty whilst the occupants are away on holiday for a set period of time after taking them to the airport or railway station.

2.4 The widespread practice of delivering unaccompanied property is indicative of the trust that businesses put into drivers.

2.5 For these reasons a serious view is taken of any convictions involving dishonesty. In general an applicant with convictions for dishonesty, which are less than 4 years old, is unlikely to be considered favourably.

2.6 In particular, an application will normally be refused where the applicant has a conviction for an offence or similar offences or offences which replace the below offences and the conviction is less than 4 years prior to the date of application:

- Theft
- Burglary
- Fraud
- Benefit fraud (including offences under ss.111A and 112 of the Social Security Administration Act 1992)
- Handling or receiving stolen goods
- Forgery
- Conspiracy to defraud
- Obtaining money or property by deception
- Other deception

3. Violence

3.1 Drivers of hackney carriage and private hire vehicle are often entrusted with the care of children and young persons.

3.2 It is comparatively easy for an unscrupulous driver to take advantage of such vulnerable persons.

3.3 The Council seeks to minimise risks associated with children and young persons and for that reason a more serious view will be taken where offences of violence involve children or young persons.

3.4 Where an offence involved loss of life a licence will normally be refused. In other cases a period of 5 to 10 years free of conviction for offences involving violence (depending on the nature and seriousness of the offence) will generally be required before an application is likely to be considered favourably.

3.5 In particular an application will normally be refused where the applicant has a conviction for an offence or similar offence(s), or offence(s) which replace the following:

- Murder
- Manslaughter
- Manslaughter or culpable homicide while driving
3.6 An application will also normally be refused where the applicant has a conviction for an offence or similar offence(s) or offence(s) which replace the following and the conviction is less than 10 years prior to the date of application:

- Arson
- Malicious wounding or grievous bodily harm (s.20 Offences Against the Person Act 1861) which is racially aggravated (s.29(1)(a) Crime and Disorder Act 1998)
- Actual bodily harm (s.47 Offences Against the Person Act 1861) which is racially aggravated (s.29(1)(b) Crime and Disorder Act 1998)
- Grievous bodily harm with intent (s.18 Offences Against the Person Act)
- Grievous bodily harm with intent (s.20 Offences Against the Person Act)
- Robbery
- Possession of firearm
- Possession of an imitation firearm
- Riot
- Assault Police
- Common assault with racially aggravated (s.29(1)(c) Crime and Disorder Act 1998)
- Violent disorder
- Resisting arrest

3.7 An application will also normally be refused where the applicant has a conviction for an offence or similar offence(s) or offence(s) which replace the following and the conviction is less than 8 years prior to the date of application:

- Racially-aggravated criminal damage (s.30 Crime and Disorder Act 1998)
- Racially-aggravated s.4 Public Order Act 1986 offence (fear of provocation of violence) (s.31(1)(a) Crime and Disorder Act 1998)
- Racially-aggravated s.4A Public Order Act 1986 offence (intentional harassment, alarm or distress (s.31(1)(b) Crime and Disorder Act 1998)
- Racially-aggravated s.2 Protection from Harassment Act 1997 offence (harassment) (s.32(1)(a) Crime and Disorder Act 1998)
- Racially-aggravated s.4 Protection from Harassment Act 1997 offence (putting people in fear of violence) (s.32(1)(b) Crime and Disorder Act 1998)
- Racially-aggravated s.5 Public Order Act 1986 offence (harassment, alarm or distress) (s.31(1)(c) Crime and Disorder Act 1998)
- Assault occasioning actual bodily harm (s.47 Offences Against the Person Act)

3.8 An application will also normally be refused where the applicant has a conviction for an offence or similar offence(s) or offence(s) which replace the following and the conviction is less than 5 years prior to the date of application:
- Common assault
- Affray
- S5 Public Order Act 1986 offence (harassment, alarm or distress)
- S.4 Public Order Act 1986 offence (fear of provocation of violence)
- S4A Public Order Act 1986 offence (intentional harassment, alarm or distress)
- Obstruction
- Possession of offensive weapon
- Possession of prohibited articles (as prescribed)
- Criminal damage

4. **Drugs**

4.1 An application will normally be refused where the applicant has a conviction for an offence related to either the supply of drugs or the possession of drugs with intent to supply, and where the conviction is less than 5-10 years prior to the date of application.

4.2 After 5 years, consideration will be given to the circumstances of the offence and any evidence demonstrating that the person is now a fit and proper person to hold a licence.

4.3 An application will normally be refused where the applicant has more than one conviction for offences related to the possession of drugs and the convictions are less than 5 years prior to the date of the application.

4.4 An application from an applicant who has an isolated conviction for an offence related to the possession of drugs within the last 3 years will require careful consideration of the facts.

4.5 If any applicant was an addict then they will normally be required to show evidence of 5 years free from drug taking after detoxification treatment. If detoxification treatment was not undertaken the applicant will need to provide other medical evidence to demonstrate that they are no longer dependant on drugs.

4.6 When considering any drug related offence, the classification of the drugs involved will be a factor taken into consideration when determining applications.

5. **Sexual / Indecency Offences**

5.1 Any applicant currently on the sex offenders’ register would not normally be granted a licence.

5.2 Drivers of hackney carriage and private hire vehicle are often entrusted with the care of children and young persons. It is comparatively easy for an unscrupulous driver to take advantage of such vulnerable persons. Therefore where the commission of a sexual offence involves a child or young person an application for a licence will normally be refused.
5.3 As hackney carriage and private hire vehicle drivers often carry unaccompanied passengers, applicants with a conviction for rape, indecent assault, or other similar offences including those under the Sexual Offences Act 2003, will normally be refused a licence.

5.4 Applicants with a conviction relating to sexual offences such as soliciting, importuning, indecent exposure or other similar offences including those under the Sexual Offences Act 2003, will normally be refused a licence until they can show a substantial period (usually between 5 and 10 years) free from any such conviction.

5.5 After 5 years, consideration will be given to the circumstances of the offence and any evidence demonstrating that the person is now a fit and proper person to hold a licence.

6. **Drunkenness**

   **With a motor vehicle (No Disqualification)**

6.1 A serious view will be taken of convictions of driving or being in charge of a vehicle while under the influence of drink.

6.2 An application will normally be refused where the applicant has a conviction, which does not result in disqualification, for an offence within 2 years of the date of the application.

6.3 More than one conviction for this type of offence, within the last 5 years of the date of conviction is likely to merit refusal.

   **With a motor vehicle (Disqualification)**

6.4 Where a disqualification has occurred as a result of a drink-driving offence, at least 5 years free from conviction should normally elapse from the date of the restoration of the DVLA licence before an applicant is considered for a licence.

6.5 In addition, applicants will normally be required to show a period of at least 5 years has elapsed after completion of detoxification treatment if they were an alcoholic. If detoxification treatment was not undertaken the applicant will need to provide other medical evidence to demonstrate that they are no longer dependant on alcohol.

   **Not in a motor vehicle**

6.6 An isolated conviction for drunkenness need not debar an applicant from gaining a licence. In some cases, a warning may be appropriate.

6.7 More than one conviction for drunkenness could indicate a medical problem necessitating critical examination and refusal of a licence.

6.8 In addition, applicants will generally be required to show a period of at least 5 years has elapsed after completion of detoxification treatment if they were an alcoholic. If detoxification treatment was not undertaken the applicant will need to provide other medical evidence to demonstrate that they are no longer dependant on alcohol.
7. Motoring Convictions

7.1 Major Traffic Offences

An isolated conviction, without disqualification, for an offence such as dangerous driving or driving without due care and attention will require careful consideration of the facts and will at the very least merit a warning as to future driving and advice on the standard expected of hackney carriage and private hire vehicle drivers. However, where the conviction is within 6 months prior to the date of the application the application will normally be refused.

More than one conviction for this type of offence within the last 5 years is likely to merit refusal.

7.2 Minor Traffic Offences

Isolated convictions for minor traffic offences should not prevent a person from proceeding with an application. However, the number, type and frequency of this type of offence will be taken into account and if there are several offences of this nature the applicant will normally be expected to show a period free of conviction of at least 6 months.

In particular, an application will normally be refused where the applicant has received 12 or more penalty points on his DVLA licence in the five years prior to the application being made (whether or not the applicant was convicted by a court for the offences for which the points were imposed) or where the applicant has more than one conviction for this type of offence within the last 6 months.

A list of offences to which this paragraph applies can be found at Annex A to this policy.

7.3 Hybrid Traffic Offences

Offences of the type listed below will be treated as major traffic offences if the court awarded 4 or more penalty points for the offence and as minor traffic offences if the court awarded 3 or less penalty points for the offence.

7.4 Disqualification

7.4.1 Where an applicant has been disqualified from driving because of a major traffic offence the application will generally be refused unless a period of 2 years free from conviction has elapsed from the restoration of the DVLA licence.

7.4.2 Where several minor traffic offences have resulted in the applicant being disqualified from driving for a period of time this will normally be taken as reflecting seriously on the applicant's driving standard. Generally, a period of 12 months free from conviction must have elapsed from the restoration of the DVLA licence.

7.4.3 In "totting-up" cases where disqualification is considered by the court, even if the court does not disqualify (e.g. because of exceptional circumstances) a driver, the Council is likely to refuse a hackney carriage or private hire driver's licence because different criteria apply. An applicant will normally be
expected to show a period of 12 months free from conviction from the date
the court made its finding of exceptional circumstances justifying the non-
disqualification.

8. **Offences under the Town Police Clauses Acts and Part II of the Local

8.1 One of the main purposes of the licensing regime set out in the Town Police
Clauses Acts and Part II of the Local Government (Miscellaneous Provisions)
Act 1976 ("the Acts") is to ensure the protection of the public. For this reason
a serious view is taken of convictions for offences under the Acts (including
illegally plying for hire) when deciding whether an applicant is to be treated as
a fit and proper person to hold a licence.

8.2 In particular, an applicant will normally be refused a licence where (s)he has
been convicted of an offence under the Acts at any time during the 6 months
preceding the application or has more than one conviction within the last 2
years preceding the date of the application.

9. **Spent Convictions**

The Council will only consider spent convictions if it appears to be relevant for
deciding whether the applicant is a fit and proper person to hold a licence and
that justice cannot be done in the case, except by admitting or requiring
evidence relating to that spent conviction.

10. **Cautions and Endorsable Fixed Penalties**

For the purpose of these guidelines formal cautions and endorsable fixed
penalties shall be treated as though they were convictions.

Due weight and consideration will also be given to warnings and reprimands
given to applicants in respect of criminal offences, but these will not be
treated as thought they were convictions.

POLICY ON THE SUSPENSION, REVOCATION OR REFUSAL TO RENEW HACKNEY CARRIAGE AND PRIVATE HIRE DRIVER LICENCES

INTRODUCTION

Tewkesbury Borough Council has to be satisfied that those persons who hold licences to drive hackney carriage and/or private hire vehicles are fit and proper persons to do so.

The fitness and propriety of a person will be assessed before a licence is issued to a person, however the Council also needs to keep the fitness and propriety of licence holders under review after a licence is granted as circumstances may change and the person may no longer be deemed a fit and proper person to hold a licence.

Licence holders are required by the conditions of their licences, to notify the Council of any convictions, cautions or fixed penalties that they receive. Licence holders are also required to notify the Council of any pending court cases and if they develop any health or medical issues that may affect their fitness as a driver.

Section 61 of the Local Government (Miscellaneous Provisions) Act 1976 gives Tewkesbury Borough Council the power to suspend, revoke or (on application) refuse to renew the licence of a driver of a hackney carriage or a private hire vehicle on any of the following grounds-

- That since the grant of the licence they have been convicted of an offence involving dishonesty, indecency or violence.
- That since the grant of the licence they have been convicted of an offence under or has failed to comply with the provisions of the Town Police Clauses Act 1847 or Part II of the Local Government (Miscellaneous Provisions) Act 1976.
- Any other reasonable cause

Each case will be decided on its own merits. Although an applicant may have received convictions, cautions or fixed penalties that would fall under the guidelines in this policy, the Council will always consider the full facts of the case and any mitigating or other circumstances before reaching a decision. The Council may take into account anything they consider relevant to the decision being taken.
GUIDELINES RELATING TO THE SUSPENSION, REVOCATION OR REFUSAL TO RENEW HACKNEY CARRIAGE AND PRIVATE HIRE DRIVER LICENCES

1. GENERAL

1.1 Each case will be decided on its own merits and with reference to the Council’s “Policy on the Relevance of Convictions for Hackney Carriage and Private Hire Drivers.”

1.2 The overriding consideration is the safety of the public. The Council has a duty to ensure so far as possible that those licensed to drive hackney carriage and private hire vehicles are suitable persons to do so, that they are safe drivers with good driving records and adequate experience, sober, courteous, mentally and physically fit, honest and not persons who would take advantage of their employment to abuse or assault passengers.

1.3 The following examples afford a general guide on the action which might be taken when considering the continuing suitability of a person to hold a licence.

2. LICENCE HOLDER CONVICTED OF AN OFFENCE INVOLVING DISHONESTY, INDECENCY OR VIOLENCE

2.1 Where an existing licence holder is convicted of an offence involving dishonesty, indecency or violence they will normally be referred to a Licensing Sub-Committee who will consider whether to take any steps in relation to the licence.

2.2 The Licensing Sub-Committee will then have regard to all the circumstances including:

- The seriousness of the offence (including the sentence imposed)
- Whether the offence was committed whilst acting as a hackney carriage or private hire driver
- Any previous convictions, cautions or fixed penalties received
- The licence holder’s previous compliance record
- Evidence of previous good character
- Any mitigating factors involved in the commission of the offence

2.3 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:

- Issue a warning to the licence holder about their future conduct.
- Suspend the licence
- Revoke the licence
- Refuse to renew the licence (if such an application is being considered)
3. LICENCE HOLDER CONVICTED OF AN OFFENCE UNDER OR HAS FAILED TO COMPLY WITH THE PROVISIONS OF THE TOWN POLICE CLAUSES ACT 1847 OR PART TWO OF THE LOCAL GOVERNMENT (MISCELLANEOUS PROVISIONS) ACT 1976

3.1 Where an existing licence holder is convicted of an offence under, or has failed to comply with the provisions of the Town Police Clauses Act 1847 or Part II of the Local Government (Miscellaneous Provisions) Act 1976, they will normally be referred to a Licensing Sub-Committee who will consider whether to take any steps in relation to the licence.

3.2 The Licensing Sub-Committee will then have regard to all the circumstances including:-

- The seriousness of the offence (including the sentence imposed)
- Whether the offence was committed whilst acting as a hackney carriage or private hire driver
- Any previous convictions, cautions or fixed penalties received
- The licence holder’s previous compliance record
- Evidence of previous good character
- Any mitigating factors involved in the commission of the offence

3.3 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:-

- Issue a warning to the licence holder about their future conduct.
- Suspend the licence
- Revoke the licence
- Refuse to renew the licence (if such an application is being considered)

4. “ANY OTHER REASONABLE CAUSE”

4.1 Convictions, Cautions or Fixed Penalties for Driving Offences

4.1.1 A licence holder receiving a conviction, caution or fixed penalty for a major driving offence will normally be referred to a Licensing Sub-Committee who will consider whether to take any steps in relation to the licence.

4.1.2 A licence holder receiving convictions, cautions or fixed penalties for minor driving offences will normally be issued with a written warning by the Licensing Officer. If however a licence holder receives 9 or more penalty points on their driving licence in a period of 12 months they will normally be referred to a Licensing Sub-Committee. The Licensing Sub-Committee will then consider whether to take any steps in relation to the licence.

4.1.3 A list of offences deemed to be major and minor driving offences can be found at Annex A to this policy.

4.1.4 The Licensing Sub-Committee will then have regard to all the circumstances including:-
The seriousness of the offence(s) (including the sentence(s) imposed)
Whether the offence(s) were committed whilst acting as a hackney carriage or private hire driver
Any other previous convictions, cautions or fixed penalties received
The licence holder’s previous compliance record
Evidence of previous good character
Any mitigating factors involved in the commission of the offence(s)

4.1.5 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:-

- Issue a warning to the licence holder about their future conduct.
- Suspend the licence
- Revoke the licence
- Refuse to renew the licence (if such an application is being considered)

4.1.6 Where the licence holder has been disqualified from driving by the Courts as a result of any convictions, cautions or fixed penalties received, the Licensing Sub-Committee will always revoke the licence held to drive hackney carriage or private hire vehicles.

4.2 Convictions, Cautions or Fixed Penalties for Other Offences

4.2.1 If a licence holder receives a conviction, caution or fixed penalty for any other offence not covered in the guidelines above they may be referred to a Licensing Sub-Committee.

4.2.2 The Licensing Sub-Committee will then have regard to all the circumstances including:

- The seriousness of the offence (including the sentence imposed)
- Whether the offence was committed whilst acting as a hackney carriage or private hire driver
- Any other previous convictions, cautions or fixed penalties received
- The licence holder’s previous compliance record
- Evidence of previous good character
- Any mitigating factors involved in the commission of the offence

4.2.3 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:-

- Issue a warning to the licence holder about their future conduct.
- Suspend the licence
- Revoke the licence
- Refuse to renew the licence (if such an application is being considered)
4.3 Licence Holder Charged With, or Arrested on Suspicion of Offences

4.3.1 The presumption of innocence is an important doctrine in English law. It is a fundamental right that a person charged with a criminal offence shall be presumed innocent until proved guilty according to law. Therefore in normal circumstances no action will be taken against a licence holder until they are convicted or accept a caution or fixed penalty for any offence.

4.3.2 However all public authorities have a duty to balance the rights of individuals against the duty to protect children, vulnerable adults and the wider public, therefore we reserve the right to refer to a Licensing Sub-Committee any relevant notifications concerning a licence holder being arrested on suspicion of any offence.

4.3.3 The offences to which this paragraph applies will include any offences involving violence or sexual offences and any other offences where the safety of children or vulnerable adults and the wider public could be considered as being at risk.

4.3.4 The Licensing Sub-Committee will then have regard to all the circumstances which will include but not be restricted to:-

- The seriousness and circumstances of the alleged offence
- The potential risk to children, vulnerable adults and the wider public
- Whether the offence is alleged to have been committed whilst the licence holder was acting as a hackney carriage or private hire driver
- Any previous convictions, cautions or fixed penalties received
- The licence holder’s previous compliance record
- Evidence of previous good character

4.3.5 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:-

- Issue a warning to the licence holder about their future conduct.
- Suspend the licence
- Refuse to renew the licence
- Revoke the licence

4.4 Breaches of Licence Conditions

4.4.1 Hackney carriage and private hire driver licences are granted subject to certain conditions, which must be complied with.

4.4.2 An isolated breach of a licence condition will normally only result in the licence holder being issued with a written warning by the Licensing Officer.

4.4.3 Multiple, repeated or serious breaches of licence condition will result in the licence holder being referred to a Licensing Sub-Committee for consideration.

4.4.4 The Licensing Sub-Committee will then have regard to all the circumstances including:-
The seriousness of the breach(s)
Any previous convictions, cautions or fixed penalties received
The licence holder’s previous compliance record
Evidence of previous good character
Any mitigating factors involved in the commission of the breach(s)

4.4.5 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:-

- Issue a warning to the licence holder about their future conduct.
- Suspend the licence
- Revoke the licence
- Refuse to renew the licence (if such an application is being considered)

4.5 Concern Over Medical Fitness

4.5.1 Hackney carriage and private hire drivers are required to notify the Council if they develop any health or medical issues that may affect their fitness as a driver.

4.5.2 In such circumstances the licence holder may be referred to a Licensing Sub-Committee at the discretion of the Licensing Officer where the issue is likely to affect the licence holder in the long term.

4.5.3 The Licensing Sub-Committee will then have regard to all the circumstances including:

- The seriousness of the medical condition
- Any previous ill health suffered by the licence holder
- Any reports supplied by medical practitioners
- The likelihood and anticipated timeframe for recovery

4.5.4 The Licensing Sub-Committee will then take such of the following steps as they feel are necessary, reasonable and proportionate, having regard to the need to protect the public and ensure that licences are only held by fit and proper persons:-

- Require the licence holder to undertake a medical examination
- Suspend the licence
- Revoke the licence
- Refuse to renew the licence (if such an application is being considered)

5. RIGHTS OF APPEAL AND IMMEDIATE SUSPENSION / REVOCATION

5.1 Under section 61(3) of the Local Government (Miscellaneous Provisions) Act 1976 any person aggrieved by a decision to suspend, revoke or refuse to renew a private hire driver’s licence, may appeal to a magistrates court.

5.2 Where an appeal is lodged against a decision to suspend, revoke or refuse to renew a driver's licence, Section 77 of the Act prevents such decision taking
effect until the appeal is disposed of. Therefore a licence holder will be able to continue driving hackney carriage or private hire vehicles until 21 days after the Notice of the decision is given to them (unless an appeal is lodged, and then until the appeal is determined).

5.3 Section 61 has subsequently been amended by Section 52 of the Road Safety Act 2006 to enable the suspension or revocation to take place with immediate effect [section 61(2B)] if it appears that this is in the interests of public safety. The Notice of suspension/revocation must state that this is so, and give an explanation of why an immediate suspension or revocation is required. In these circumstances the driver concerned would have no right to continue driving even if they were to lodge an appeal against the decision (unless/ until an appeal is upheld).

5.4 In deciding whether or not a suspension or revocation should have immediate effect the Licensing Sub-Committee will have regard to all the circumstances including:

- The seriousness of the risk to public safety
- The fact that the licence holder may suffer financial hardship whilst waiting for their appeal to be heard.

1. Overview

1.1 Local area profile

Tewkesbury Borough Council has the responsibility to regulate hackney carriage and private hire trade under the provisions of the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976. We are responsible for licensing hackney carriage and private hire vehicles, drivers and operators. This policy outlines how we will discharge the regulatory functions for hackney carriage and private hire licensing within the borough.

Tewkesbury Borough covers an area of 160 square miles in north Gloucestershire. The borough is situated within the Severn vale and stretches south beyond the outskirts of Cheltenham and Gloucester with borders alongside the county of Worcestershire to the north. It occupies the northern gateway into the south west region.

The borough is predominantly rural in nature with the largest towns / villages being Tewkesbury, Winchcombe, Bishop’s Cleeve and Churchdown.

1.2 Purpose and Objectives

a) **to confirm to members** of the licensing committee the boundaries and powers of the council and the parameters within which to make decisions

b) **to inform applicants** of the parameters within which the council will make licensing decisions and therefore how licensed operators, drivers and vehicles can operate within the area of the council.

c) **to inform local residents and businesses** of the parameters within which the council will make licensing decisions and therefore how their needs will be addressed

d) **to support a case in a court of law** where the council has to show how it arrived at its licensing decisions.

In setting out this policy, we seek to promote the following objectives:

a) the protection of public health and safety

b) the maintenance of a professional and respected hackney carriage and private hire trade

c) access to an efficient and effective transport service

d) the protection of the environment.
The aim of the licensing process, in this context, is primarily to protect the public as well as to ensure that the public have reasonable access to these services, because of the part they play in local transport provision. It is important that the council’s hackney carriage and private hire licensing powers are used to ensure that licensed vehicles in the borough are safe, comfortable, properly insured and available where and when required.

We will have regard to this policy document and the objectives set out above when exercising our discretion in carrying out their regulatory functions. Notwithstanding the existence of this policy, each application or enforcement measure will be considered on its own merits in accordance with the enforcement policy. Where it is necessary to depart substantially from this policy, clear and compelling reasons will be given for doing so.

The policy provides guidance for applicants, drivers and operators to assist them with the application processes and operation of their businesses. This guidance, application forms and current fees are also available on the council’s website. In order to ensure that the most up to date version is used, applicants, drivers and operators should not store these forms on their own system but should download the latest version of a form when it is required.

1.3 Role of hackney carriages and private hire vehicles

Hackney carriage and private hire vehicles have a specific role to play in an integrated transport system. They are able to provide demand responsive services in situations where public transport is either not available (for example in rural areas, or outside 'normal' hours of operation such as in the evenings or weekends), and/or for those with mobility difficulties.

1.4 Best practice guidance and legislation

The Department for Transport (DfT) has national responsibility for hackney carriage and private hire legislation in England and Wales. As a result of the then Office of Fair Trading producing a report on the UK hackney carriage and private hire trade, the DfT was asked to produce best practice guidance for local licensing authorities. The latest guidance was issued in March 2010. In addition, the Equality Act 2010 has implications for both hackney carriage and private hire operators in respect of disabled access to vehicles and further guidance and directions are expected on this matter.

The DfT guidance is directed at local authorities in England and Wales with responsibility for hackney carriage and private hire licensing who will "decide for themselves the extent to which they wish to make use of it or adapt it to suit their own purposes". The document recognises that licensing authorities may reach their own decisions both on overall policies and on individual licensing matters, in the light of their own circumstances. We have taken account of the DfT guidance and the Local Government Association’s handbook for councillors on taxi and private hire licensing to shape this policy.

This policy also takes account of the legislative basis of the council’s taxi licensing powers, contained in the Town Police Clauses Act 1847 and 1889, the Public Health Act 1875, the Local Government Act 1972 and the Local Government (Miscellaneous Provisions) Act 1976 as amended, which the council have adopted.

1.5 Costs and benefits of licensing policies

The DfT guidance stresses that licensing requirements which are unduly stringent are likely to unreasonably restrict the supply of hackney carriage and private hire services by increasing the cost of operation or by otherwise restricting entry to the trade. We recognise that too restrictive an approach may well work against the public interest and can have safety implications.

We will ensure that each of the various licensing requirements is properly justified by the risk it seeks to address. The financial or other cost of a particular requirement, in terms of its effect on the availability of transport to the public, should at least be matched by the benefit it will provide to the public.
The cost of administering the policy including the cost of enforcement where the law allows will be met from licensing fees. In adopting this policy, we will try to strike a balance between the financial interests of the trade, public safety and the delivery of other council plans and policies.

1.6 Safeguarding

Human Trafficking is a crime relating to the moving a vulnerable person from one place to another against their will. Child Sexual Exploitation is the sexual abuse of young people under 18 and usually involves relationships where young people receive something (food, accommodation, drugs, alcohol, affection, gifts, money) as a result of performing sexual acts. Criminals often use licensed vehicles and drivers to move these vulnerable people. Licensed drivers are the eyes and ears of their communities through the work they do and the contacts they have.

Licence holders can operate in positions of trust and it is vital that any relevant information about safeguarding issues is shared so that individuals are blocked from becoming taxi operators or holding any other kind of licence in different council areas across the county/country. Without effective information sharing, there is a real risk of unsuitable people being granted licences to operate which puts people at risk. We will share relevant information with Police and other authorities to protect children and vulnerable adults.

Licensed drivers’ and operators’ ability to spot the signs of human trafficking and having the knowledge of how to report their concerns can be a major help in preventing this crime. One sign on its own may not be significant, but several signs together should give cause for concern.

If the drivers and operators think that a passenger;

a) does not know their home or work address
b) allows others to speak for them when addressed directly
c) lives or travels in a group, sometimes with other persons who do not speak the same language or not similar age
d) are collected very early and/or returned late at night on a regular basis
e) may have poor clothing for the work they are doing, and/or a lack of safety equipment
f) they may look thin, ill or depressed
g) has no cash of their own
h) be known to work at a brothel and be frequently moved from one site to another.

They should contact Gloucestershire Constabulary by calling 101 (or if an emergency 999) or Crimestoppers on 0800 555 111

1.7 Enforcement

The DfT guidance is clear on the necessity of enforcement to maintain high standards of public safety. All enforcement schemes need to be proportionate and transparent. While the ultimate authority is the court, the expectation is that enforcement will be carried out by officers overseen by the Licensing Committee and their associated sub-committees.

Our enforcement system will need to deal with persistent, low level breaches up to serious, possibly, criminal behaviour. There needs to be a grade of sanctions from informal advice and warnings through to suspension and revocation of licence. It is clear that the majority of enforcement will be for relatively minor offences or breaches and will be undertaken by the officers.

1.8 Tariff

We operate a council set hackney carriage tariff. The tariff is a maximum figure that hackney carriage drivers can charge based on a range of factors including time of day or night and special occasions such as bank holidays. The tariff does not apply to private hire vehicles or pre-booked journeys where the cost is agreed in advance. Drivers may charge any amount for a journey provided it does not exceed the fare on the meter. Hackney carriage vehicles must clearly display the tariff card within the vehicle.
2. Hackney Carriage and Private Hire Vehicles

2.1 Limitation of numbers

We will not set a limit on the number of licensed hackney carriages. No powers exist to limit the number of licensed private hire vehicles.

2.2 Specifications and conditions

We have adopted minimum standards that will be applied to all licensed vehicles. These are set out in Appendix A for hackney carriages and Appendix B for private hire vehicles.

We may impose such conditions that are reasonably necessary when granting hackney carriage or private hire vehicle licences. Licensed vehicles provide a service to the public therefore; we will only license vehicles suitable for this purpose. It is important to set criteria for the external and internal condition of the vehicle, provided that these are not unreasonably onerous, to maintain high standards within the trade.

We can licence vehicles for the carriage of up to eight passengers provided that there is compliance with the specifications and conditions. We will determine ‘novelty vehicles’ on a case by case basis.

We will not license purpose built hackney carriage vehicles as private hire as this can confuse members of the public. We will not licence any vehicle with a ‘Q’ plate registration as ‘Q’ plates are issued for vehicles which are either not originally registered in the UK and proof of age was unavailable at registration or for vehicles that have been built using a significant proportion of used parts.

2.3 Maximum age of vehicles

The DfT guidance states that it is possible for an older vehicle to be in good condition and that the setting of an age limit beyond which the licensing authorities will not license vehicles may be arbitrary and disproportionate. We will not apply age restrictions to vehicles meeting the required standards.

2.4 Vehicle testing

The DfT guidance recognises that an annual MOT test for licensed vehicles of whatever age is appropriate. More frequent tests are not recommended, except for older vehicles.

A vehicle will require an MOT test, from any certified testing station, before a licence is granted and the MOT must be valid for at least 11 months. Officers may inspect vehicles that have not previously been licensed before a licence is granted.

Hackney carriage and private hire vehicles will be tested once each year until six years old. Brand new registered vehicles that have less than 5000 miles will not have to undertake a vehicle test. If the vehicle is over six years old when a licence is issued it will be required to undertake two MOT tests each year falling at the start of the licence and six months into the licence.

Officers may request that work identified on the MOT test is undertaken before a licence is granted, or within a certain time frame of the licence being granted. If vehicles are found to be in breach of licence conditions, officers may require the proprietor to bring all licensed vehicles, or vehicles used by the operator or company, to the council for inspection.

2.5 Signage and advertising

Members of the public can often confuse private hire vehicles with hackney carriages, without realising that private hire vehicles are not available for immediate hire or allowed to be hailed in the street. It is therefore important that the public are able to easily distinguish each type of vehicle.

For this reason private hire vehicles must not display any roof signs and hackney carriage vehicles must display roof signs as specified elsewhere in the policy.
Both hackney carriages and private hire vehicles must display a licence plate on the outside rear of the vehicle. We may use different colours and different styles for hackney carriage and private hire vehicles.

The external licence plate shall be securely fixed to the outside and rear of the vehicle either by direct fixing, e.g. screw, bolt or rivet, or on a secure bracket. Temporary fixing such as magnets or Velcro® is not allowed.

2.6 Advertising on licensed vehicles

Advertising will be permitted on all licensed vehicles. Complaints about unsuitable or offensive advertisements may be referred to the officers.

2.7 Plate exemption for private hire vehicles

Private hire vehicles which are used for contract work for at least 75 per cent of the time can be exempted from displaying a plate. The operator’s records for these vehicles must prove that the required amount of contract work is being carried out. We will also require evidence as to why a plate exemption is required. Where an exemption is granted, the rear licence plate must be carried in the boot of the vehicle at all times. Vehicles given this exemption will normally be executive type cars. We will determine applications for exemption on a case by case basis. The plate exemption must be applied for on an annual basis on the anniversary of the renewal of the vehicle licence. Operators and drivers should not automatically assume that when licensing a new vehicle to replace an existing plate exempted vehicle or renewing an existing plate that the plate exemption will continue.

The licence fee payable for plate exemption is subject to annual review and will be published together with other council licensing fees.

2.8 Security and CCTV

There is no mandatory requirement for CCTV system in the licensed vehicles. Operators and drivers may install such equipment but its use must be clearly indicated by signs in the vehicle including contact details for the system manager/operator. All such equipment and images must be operated in accordance with the Data Protection Act 1998. It is the responsibility of the driver/operator to ensure compliance.

2.9 Environmental considerations

It is important that emissions from hackney carriages and private hire vehicles are reduced as far as possible. In the event that central government introduces measures to control emissions or local emission controls were to be required by an air quality action plan the council may review the policy on emission standards for licensed vehicles.

2.10 Stretched limousines and novelty vehicles

The number of stretched limousines being imported, particularly from the United States, has been increasing. They are generally used for private hire work and special occasions.

We are sometimes asked to license stretched limousines as private hire vehicles. We will assess licence applications for these vehicles in accordance with the ‘novelty vehicles specifications’ set out in Section 2 of the Appendix B.

Where a vehicle has been imported from another country, we may require VOSA approved certification prior to licensing approval. Due to the individual nature of stretched limousines or novelty vehicles, it will inevitably give rise to issues that would not apply to conventional private hire vehicles and therefore it will be necessary to consider special conditions on any such licence. We will take into consideration the guidance issued by the DfT, ‘Guidance for operators of stretched limousines’.
Stretched limousines or novelty vehicles may be granted a private hire vehicle licence provided that they are capable of carrying no more than eight passengers and meet the requirements of the Single Vehicle Approval (SVA) or Individual Vehicle Approval (IVA) certificate.

All applications to license stretched limousines or novelty vehicles as private hire vehicles will be judged on their merits. As these vehicles will not meet the usual vehicle specification, additional documentation and inspection will be needed in order to ensure safety and suitability.

2.11 Funeral and wedding vehicles

There is currently no requirement for a vehicle to be licensed where it is being used in connection with a funeral.

A vehicle does not need to be licensed to be used in connection with a wedding. However, if a licensed hackney carriage vehicle is used for a wedding the licence plate and roof sign must be displayed.

2.12 Livery

There is no requirement for licensed vehicles to be finished in a special livery or appearance. The visual distinction between hackney carriages and private hire vehicles can be achieved by the signage.

2.13 Transfers

A proprietor of a licensed hackney carriage or private hire vehicle may transfer their interest in the vehicle to another person. Under Section 49 of the Local Government (Miscellaneous Provisions) Act 1976, they must ensure that the licensing authority is notified of the new proprietor's name and address within 14 days.

Applications to transfer a licence must be made on the prescribed application form. The licence fee payable for a transfer is subject to annual review and will be published together with other council licensing fees.

2.14 Accidents

Drivers and operators must inform licensing officers when a hackney carriage or a private hire vehicle is involved in a road traffic accident. They must report within three working days of the accident occurring and bring the vehicle for inspection if requested by officers. Officers may examine the extent of the damage and determine whether or not the vehicle must be repaired to allow it to continue as a licensed vehicle.

2.15 For hackney carriage vehicles

a) Hackney carriage roof signs and meters: A roof sign must be displayed on the top of the vehicle showing the word ‘Taxi’. The sign shall be controlled by the meter and shall be illuminated when the vehicle is available for hire. The design of the roof sign shall be approved by the licensing officers. Taxi meters may be tested for accuracy at the discretion of licensing officers.

b) Use of hackney carriage vehicles: When an applicant wishes to licence a vehicle as a hackney carriage, we will need information, pursuant to section 57 of the Local Government (Miscellaneous Provisions) Act 1976, as to whether the applicant intends to use the vehicle to stand or ply for hire in the council’s area and also if the applicant intends to use the vehicle entirely or predominantly remotely from the council’s area on a pre-booked basis. Whilst each application will be considered on its own merits, we will have regard to the geographic location of an applicant’s home and business address. If we have a reason to believe that the hackney carriage is to be used entirely or predominantly remotely from the council’s area on a pre-booked basis, then the application for a licence will normally be refused or existing licence may be suspended or revoked.

2.16 Grant and renewal of hackney carriage and private hire vehicle licences
Hackney carriage and private hire vehicle licences will be granted for a period of one year. We may issue licences for a shorter period where it may be necessary, we will issue shorter licences on case by case basis.

It is the proprietor’s or operator’s responsibility to ensure that vehicle tests are carried out in sufficient time and that insurance, vehicle registration documents and the annual fee are available for processing in time for the issue of a licence.

We will only accept complete applications comprising all the necessary documents and checks. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued. The vehicle will then be unlicensed and must not be used as a hackney carriage or private hire vehicle.

Applications for a hackney carriage or private hire vehicle licence must be made on the prescribed application form, including any electronic forms and in accordance with our application procedure. Relevant forms and documents are available on our website together with guidance to assist in the completion of the application.

The licence fees payable are subject to annual review and will be published together with other council licensing fees.

2.17 Change of details

The proprietor must notify licensing officers in writing of any change of address or telephone number during the period of the licence within seven days of the change taking place.

3. Hackney Carriage and Private Hire Drivers

3.1 Age and experience

We will not impose either a maximum or minimum age limit for drivers. Applicants must have held a DVLA licence for at least three years prior to applying for a licence to drive a hackney carriage or private hire vehicle.

3.2 Knowledge test and spoken English proficiency

Hackney carriage drivers need a good working knowledge of the area for which they are licensed. The law requires that members of the public are transported by the most direct and therefore cheapest route. Hackney carriages can be hired immediately, directly with the driver, at hackney carriage stands or hailed on the street. The DfT recognises that most licensing authorities require prospective hackney carriage drivers to pass a test of local topographical knowledge as a condition of gaining a licence.

In order to maintain the high standards expected of drivers, we will not issue a licence to drive a hackney carriage vehicle unless the applicant has passed a knowledge test of the area covering local geography.

Applicants are given their result as soon as possible and always within one week. If the applicant has passed the test, their application can proceed to the next stage. If they have failed the test they are given feedback and a re-sit is booked as soon as the applicant requires and there is a place available.

There is a fee to sit and re-sit the test and this is published separately together with the other council licensing fees. No applicant may sit the test more than five times in any 12 month period except in exceptional circumstances.

There has been an increase in the number of applications for hackney carriage and private hire drivers’ licences from people whose first language is not English. Most communication between drivers and passengers is spoken so it is essential that all candidates have a reasonable standard of spoken English.
Licensing officers will decide spoken English proficiency and if a new applicant needs to undergo additional testing. New applicants for hackney carriage and private hire driver’s licence must demonstrate a basic level of spoken English or they will be required to pass a prescribed independently administered English test prior to their application for a private hire or hackney carriage driver’s licence being considered. Candidates will be responsible for all the costs associated with this additional testing.

3.3 Driving proficiency, qualifications and giving assistance

We have concluded that the standard DVLA driving test provides sufficient evidence of driving competency for the drivers of hackney carriage and private hire vehicles. There are nationally recognised vocational qualifications for the hackney carriage and private hire trades. These cover customer care, including how best to meet the needs of people with disabilities and there may be advantages in encouraging drivers to obtain one of these qualifications in the future. We encourage such training as this enhances the standing of the trade as one with recognised qualifications to demonstrate competence.

A driver who has accumulated nine or more points on their DVLA licence or who have complaints proven against them about the standard of their driving may be required to pass the Driving Standards Agency Taxi and Private Hire Drivers Assessment in order to remain licensed by the council.

3.4 Safeguarding training

The council has duty to protect those who are vulnerable. We are committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and we expect the taxi and private hire trade to share this commitment.

All licensed drivers must demonstrate successful completion of a prescribed safeguarding training within six months of first being licensed or within 12 months of renewing their licence.

The fee for this training will be published separately together with the other council licensing fees.

If an applicant or existing licensed driver can show they have passed adequate similar training will be exempted from this requirement.

Drivers who fail to comply with this requirement will have their licence suspended until they demonstrate that they have met this requirement.

3.5 DVLA driving record check

Before the grant or renewal of a driver’s licence, the applicant will be required to submit to a DVLA check. Applicants can share their driving records by using an electronic self-service system. There is no fee for the self-service system. However, applicants will pay a fee if they do not wish to use the self-service system. We will require a mandate for release of information under the data subject access provisions of the Data Protection Act 1984, section 21 (1) and (2), from the DVLA for every application.

This check brings to light any driving offences committed that may not appear on the licence submitted and which should have been declared on the application form.

3.6 Medical examination

The DfT recognises that it is good practice for medical checks to be made on each driver as a condition for the initial grant of a licence and for each renewal. Adopting ‘Group 2’ medical standards as applied by DVLA to the licensing of lorry and bus drivers and applying standards to hackney carriage and private hire drivers is considered to be best practice by DfT guidance.

A medical examination carried out by a GP at the surgery the applicant is registered at is required before the grant of a driver’s licence in order to assess an applicant’s fitness to drive a licensed vehicle. A DVLA Group 2 standard of medical fitness for professional drivers will be required.
A request form for a medical examination, which must be presented to a GP at the applicant’s registered GP surgery, is obtainable from the licensing team. The applicant will be responsible for paying the fee for the examination to their GP surgery. On completion of the examination, a confidential report will be submitted to the council. The GP completing the medical examination will be required to certify that they have checked the applicant’s personal medical records before completing the medical examination.

The DVLA Group 2 medical standard stipulates that over the age of 45 drivers will require a medical every five years. Drivers aged 65 and over, or those with relevant medical conditions, will require an annual examination. More frequent checks will be required if the medical practitioner thinks it is necessary. Holders of current PSV and/or HGV licences who can produce proof of a current medical examination, not more than one month old, will not need to undergo a further medical examination before licensing or re-licensing.

Licence holders must advise the licensing team, in writing, of any deterioration in their health that may affect their driving capabilities. If there is any doubt as to the medical fitness of the applicant, we may require the applicant to undergo a further medical examination by a medical practitioner appointed by us. In these circumstances we will pay for the medical examination. Where there remains any doubt about the fitness of any applicant, the applicant will be bought before the licensing sub-committee and they will review the medical evidence and make the final decision.

3.7 Disclosure and Barring

A criminal record check on a driver is an important safety measure. The DfT considers that such checks should be at the level of enhanced disclosure through the Disclosure and Barring Service as these disclosures include details of spent convictions and police cautions.

The Rehabilitation of Offenders Act 1974 and associated amendments sets out the period after which a conviction/caution/warning would be regarded as ‘spent’ and not normally require disclosure of that conviction. However, in 2002 the Rehabilitation of Offenders Act 1974 was amended so as to exclude hackney carriage and private hire drivers from the 1974 Act. This was because the driving of hackney carriages and private hire vehicles was listed as a ‘Regulated Occupation’ in relation to which questions may be asked as to the suitability of individuals to be granted a licence.

Applicants for such licences must therefore disclose all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders, traffic offences and fixed penalty notices, including those that would previously have been regarded as spent under the 1974 Act.

An Enhanced Disclosure and Barring Service disclosure certificate will be required before a licence to drive a hackney carriage or private hire vehicle is granted and then every three years. We will accept portability of DBSs where it is done through an approved DBS body and the workforce category is the same as the workforce category for hackney carriage and private hire drivers. We will only accept DBS certificates issued within 28 days prior to the date we receive the DBS certificate.

Where the applicant is registered with the DBS Update service, we will accept the DBS certificate regardless of how long ago it was issued and we will carry out an electronic check in accordance with the DBS procedures. If the electronic check reveals that there is a change since the last DBS certificate was issued, we will require a new DBS certificate.

We may request another disclosure at any time if a further check is considered necessary. As a further safeguard a regime of random Enhanced DBS checks on drivers may be carried out. If a driver is given notice to undertake a random DBS check by the council they must do so within 28 days of the request.

There will be a condition on the licence to advise drivers that their hackney carriage or private hire driver’s licence may be suspended or revoked if any relevant information is later found on the DBS disclosure.

We are bound by rules of confidentiality, and we will not divulge any information to third parties. The applicant for a DBS disclosure is sent a disclosure report to their home address; this must then be shown to the licensing team. We will manage information arising from disclosures in accordance with the DBS’s codes of practice.
Licensed drivers must report all new convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) in writing within seven working days.

Currently the DBS only has details of offences committed in England, Scotland, Wales, Northern Ireland, Jersey, Guernsey, the Isle of Man and Gibraltar, therefore if an applicant has lived in countries other than these an authenticated certificate of good conduct from the relevant embassy/ies will be required. If an applicant submits a certificate of good conduct in a language other than English, we may appoint a translator and the translation fee will be passed on to the applicant. The application will not be considered complete if this fee has not been paid. Most embassies produce the certificate in English.

3.8 Relevance of convictions and cautions

When assessing whether an applicant is a ‘fit and proper person’ to hold a licence, or whether an existing licence holder is still a ‘fit and proper person’ to continue to hold a licence, we will consider each case on its merits. It will take account of convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders, and fixed penalties (including traffic offences) whether spent or unspent, but only in so far as they are relevant to an application for a licence. The licensing officer will assess the information provided, in accordance with the licensing policy, and decide whether the applicant is a ‘fit and proper person’ to hold a licence or whether the existing licence holder is still a ‘fit and proper person’ to continue to hold a licence. Where the applicant meets the requirements of the policy and the licensing officer concludes that the applicant is a ‘fit and proper person’ the licensing officer has the delegated authority to approve the application.

Where the licensing officer cannot be satisfied that either the applicant or an existing licence holder is a fit and proper person the matter may be referred to the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

When dealing with convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders, and fixed penalties (including traffic offences), we will take into account:

a) whether convictions are spent or unspent
b) the nature of the offences
c) the age of the offences
d) whether the offences are relevant
e) the number of offences.

Guidance about specific offences is given in Appendix E. In general terms, if the offence is recent and relevant to public safety, the council is;

a) less likely to approve the application for a new licence, and
b) more likely to revoke an existing licence.

Applicants can appeal to their local magistrate's court against a refusal to grant or decision to suspend or revoke the licence.

Applicants or existing licence holders may be referred to the licensing sub-committee where the applicant/existing licence holder’s record includes one or more of the following:

a) any term of imprisonment or custody
b) any conviction for a violent or sexual offence, or dishonesty which is of a serious nature
c) any serious motoring offence, such as dangerous driving, driving whilst disqualified, or drink driving
d) nine or more points on their DVLA Driving Licence.

3.9 Proof of right to work in the UK
Employers are liable to a civil penalty of up to £20,000 per illegal worker if they knowingly employ someone who does not have the right to work in the UK.

Whilst not being the employer of hackney carriage or private hire drivers, it is necessary for licensing authorities to check on an applicant’s right to work before granting a hackney carriage/private hire driver’s licence. We agree that this is not only good practice but helps protect the income of those currently licensed who do have the right to work.

We will refer to the latest Government guidance when dealing with applicants and therefore all applicants will have to prove their right to work in the UK by supplying the relevant documentation as detailed in the guidance.

If an applicant is unable to provide satisfactory proof of their right to work in the UK, there will be no option other than to refuse to grant or refuse to renew the licence, or if circumstances came to light during the duration of a licence, to revoke it. To issue the licence may be regarded as condoning the offence and assisting the applicant to gain employment to which they are not entitled.

All current licensed drivers if required will be asked to prove their right to work on renewal of their licence. The right to work will normally only need to be proved once. Applicants may only be licensed until their right to work will expire.

If after referring to the relevant Government guidance, licensing officers are still unsure about an applicant’s right to work in the UK, they will discuss the applicant’s documentation with the Home Office. If it transpires the applicant is illegally in the UK (due to illegally entering or overstaying for example) council officers will assist the UK Border Force, Immigration Office or police in their enquiries as necessary.

3.10 Behaviour and conduct of drivers

Adopting a Code of Good Conduct for hackney carriage and private hire drivers serves to promote the council’s licensing objectives.

The standards expected of licensed drivers are set out in the Code of Good Conduct that is included within the conditions attached to the driver’s licence and set out at Appendix A.

Failure to comply with any aspect of the Code of Good Conduct will not necessarily result in enforcement action. However, breach of the code is an indicator which licensing officers will use to help decide upon subsequent enforcement action. This may result in enforcement action by licensing officers or if necessary, by the licensing sub-committee. Repeated breaches following education or warnings may lead to more serious consequences including if necessary, refusal to renew, suspension or revocation of licences.

3.11 Fit and proper

‘Fit and proper person’ is not defined in any of the legislation but is key when determining a driver application or renewal. The following statement is commonly used as a guide to clarifying the meaning. ‘Would you allow your son, daughter, mother, spouse or other person you care about get into this vehicle with this person alone?’

This statement was confirmed in discussion by Silber J. in the case of Leeds City Council v Hussain (2002) which surrounds the suspension of a driver;

‘... the purpose of the power of suspension is to protect the users of licensed vehicles and those who are driven by them and members of the public. Its purpose is to prevent licences being given to or used by those who are not suitable people taking into account their driving record, their driving experience, their sobriety, mental and physical fitness, honesty, and that they are people who would not take advantage of their employment to abuse or assault people’
Officers and the licensing sub-committee will bear the above statement in mind when determining applications, renewals and when making enforcement decisions. Other factors will also be considered on a case by case basis.

3.12 Grant and renewal of licences

Licences to drive hackney carriage and private hire vehicles (driver’s licence) will generally be granted for three years. We may issue licences for a shorter period where it may be necessary, we will issue shorter licences on case by case basis.

To allow sufficient time for documents to be processed, applicants should ensure to submit their complete application, including the fee, at least eight weeks before expiry of a driver’s licence.

We will aim to send a reminder letter to drivers twelve weeks before the expiry of an existing licence. Drivers are reminded that we are not obliged to do this and the responsibility of ensuring licences and DBS disclosures do not expire remains with the licence holder. If a DBS disclosure has not been issued in time we may only renew a driver’s licence if the applicant has returned their application form for the DBS disclosure in the time specified on the renewal letter.

We may refuse to grant licences where the application is missing any of the necessary documentation. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued, therefore the driver will be unlicensed during which time it will be illegal for them to drive a licensed hackney carriage or private hire vehicle or to use an unlicensed vehicle for the carriage of passengers for hire and reward.

Applications for a hackney carriage/private hire driver’s licence must be made on the prescribed application form, including any electronic forms.

Once we have the complete application, we will consider it on its own merits taking into account the driver’s previous history of behaviour to determine if they meet the ‘fit and proper person’ criteria.

The licence fees payable is subject to annual review and will be published together with other council licensing fees.

3.13 Change of details

Drivers must notify us in writing within seven days of any change of address or telephone number during the period of the licence.

4. Private Hire Operators

4.1 Requirements and obligations

Any person who operates a private hire service (who is not a hackney carriage proprietor allowing hackney carriages to be used for private hire) must apply for a private hire operator’s licence. The objective in licensing private hire operators is the safety of the public. Best practice in respect of the controls required over private hire operators is to ensure that the costs of any licensing requirements are commensurate with benefits that they seek to achieve.

A private hire vehicle must only be dispatched to a customer by a licensed private hire operator. Such a licence permits the operator to invite or accept bookings for a private hire vehicle. Private hire operators must ensure that every private hire vehicle that they operate is licensed by the same council who issued them with the operator’s licence and that it is driven by a person who holds a private hire driver’s licence issued by the same council.

Applicants must apply for an operator’s licence using the prescribed form, including any electronic forms and submit the correct fee. All new private hire operators must undergo a Basic Disclosure (if the operator is also a licensed driver with the council the requirement for the DBS disclosure is waived as the driver will have been subject to an Enhanced Disclosure). We will then decide whether the applicant is a fit and
proper person to hold such a licence. The applicant must prove that they are entitled to work within the UK. For details of the requirement and guidance please see paragraph 3.9

If an applicant is unable to provide satisfactory proof of their right to work in the UK, there will be no option other than to refuse to grant or refuse to renew the licence, or if circumstances came to light during the duration of a licence, to revoke it. To issue the licence may be regarded as condoning the offence.

4.2 Criminal record checks

Private hire operators are not exempt from the Rehabilitation of Offenders Act 1974. We will require a Basic Disclosure and Certificate of Good Conduct (if required) before a licence is granted and then every five years. Where the private hire operator is trading as a limited company we may also require the directors and company secretary to undertake a Basic Disclosure check.

We will consider each application on its own merits once the application form and supporting documents are complete.

4.3 Conditions

Private hire operators' licences are issued with conditions set out in Appendix B. We may impose additional where necessary.

4.4 Record keeping

Section 56(2) and (3) of the Local Government (Miscellaneous Provisions) Act 1976 requires operators to record specific information. The information shall be kept in a suitable book or on a computer or any other similar device. If using a book the pages must be numbered consecutively and the operator shall enter or cause to be entered before commencement of each journey, the following particulars of every booking accepted:

a) the time and date of the booking
b) the name of the hirer
c) the fare quoted
d) how the booking was made, e.g. telephone or email and the time
e) the time of the proposed pick up
f) the point of pick up and drop off
g) the registration or plate number of the vehicle allocated for the booking and the name of the driver.

Operators are legally required to keep records in respect of all bookings, vehicles and drivers, for a period of one year as set out in the private hire operator’s conditions.

Operators who maintain computerised records will be required to give access to these records to licensing officers upon request in order that the licensing officers can carry out their enforcement duties.

Operators will also be required to provide adequate instruction to licensing officers in order to enable them to interrogate the computerised records to gather the information they require to carry out their enforcement duties.

4.5 Insurance

Operators are required to provide evidence that public liability insurance to the value of £5 million has been taken out for premises that are open to the public (e.g. waiting rooms).

4.6 Address from which an operator may operate

The address used on the operator’s application form must be the one where the invitation and acceptance of bookings take place. This will be the premises where the records referred to above are kept and at which they may be inspected by licensing officers. This will also be the address at which the vehicle(s) will normally be kept and be available for inspection.
It will be the responsibility of the operator to ensure that necessary planning consent exists for the operational address to be used for that purpose.

We cannot grant a private hire operator’s licence for an operator with an operating base that is outside the council’s areas.

4.7 Sub-contracting

A private hire operator may sub-contract a booking to another licensed private hire operator in accordance with relevant legislation. A record of who the booking was sub-contracted to and when must be made in accordance with the licence conditions.

4.8 Grant and renewal of licences

Private hire operator’s licences will be granted for a five year period. We may issue licences for a shorter period where it may be necessary. We will issue shorter licences on case by case basis.

Whilst we will aim to send a reminder letter to the current operator before their existing licence expires, operators are reminded that we are not obliged to do this and the responsibility for ensuring licences do not expire remains with the licence holder.

If a disclosure has not been issued in time, we will only renew an operator’s licence if the applicant has returned their application form in the time specified on the renewal letter. However, we may place a condition on the licence that private hire operator’s licence may be suspended or revoked if any relevant information is later found on the disclosure.

We may refuse to grant licences where the application is missing any of the necessary paperwork. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued, resulting in it being illegal to operate as no operator’s licence would be in force.

Applications for operator’s licences must be made on the prescribed application form, including any electronic forms. The licence fees payable are subject to annual review and will be published together with other council licensing fees.

4.9 Change of details

The operator must notify the council in writing within seven days of any change of address, (whether this is a home address or the operating address) or change of telephone number or any other details during the period of the licence.

Novelty vehicles

1. For the purpose of this policy, a novelty vehicle shall mean a vehicle that is used for a particular occasion or occasions of a restricted nature, e.g. transport to parties or an 'executive vehicle' and is not a conventional vehicle used for standard private hire work. Examples of vehicles that may fall within the 'special event' category are stretch limousines, classic cars, executive vehicles or a vehicle that has fewer than four seats.

2. This element of the policy does not apply in relation to vehicles used solely in connection with weddings and funerals, as these are exempt from private hire licensing.

3. The general licence conditions for private hire vehicles will not normally allow for novelty vehicles to be licensed for a number of reasons including the style and design of the vehicle.

4. Any novelty vehicle that has not been type approved, which does not meet the requirements of the Construction and Use Regulations or which otherwise would not meet the standard private hire vehicle conditions, the proprietor may apply to be licensed by seeking variation or exemption from some of the standard conditions.

5. Each vehicle will be considered and assessed on merit taking account of:
   a) the overall condition of the vehicle
   b) the number of passengers for which it is required to be licensed
   c) the specific criteria for which exemption is sought.

6. The primary consideration will always be the safety and comfort of the travelling public.

7. This policy sets out the general considerations the council will take into account when considering an application for the licensing of a novelty vehicle.

Specification for novelty vehicles

12. No age limit will be set for novelty vehicles but they are required to be tested as per private hire vehicles.

SECTION 3

Licence conditions for private hire operators

2. The records required to be kept by the operator under Section 56(2) of the Local Government (Miscellaneous Provisions) Act 1976 shall be kept in a suitable book or on a computer or any other recordable device.    e) the time of the proposed pick up  
   f) the point of pick up and drop off  
   g) the registration or plate number of the vehicle allocated for the booking and the name of the driver.

3. If the operator uses a computerised booking system the council will require access to the system so that the council is able to establish that records are entered sequentially and that it is able to establish the date and time at which the record was created.

4. The operator shall also keep records of the particulars of all private hire vehicles, which shall include details of the owner, registration numbers and drivers of such vehicles, together with any radio call signals used. All records kept by the operator shall be kept for a period of not less than 12 months following the date of the last entry and shall be made available, upon request to an authorised officer of the council, police officer or any other relevant enforcement agency.

5. Operators will also be required to provide adequate instruction to officers in order to enable them to interrogate the computerised records to gather the information they require to carry out their enforcement duties.
APPENDIX C: Licence conditions and code of conduct for hackney carriage and private hire drivers

1. All drivers are required to be familiar with all parts of the council’s policy and comply with the requirements of the policy and the conditions that form a part of their licence.

2. Any hackney carriage/private hire driver’s badge that is supplied by the council will cease to be valid on the expiry of the licence or upon suspension, surrender or revocation of the licence. Any badge supplied remains the property of the council and must be returned to the council if suspended, revoked or expired. If demanded the licence holder must return their licence and badge to the council. The penalty for failing to comply with this request is a fine not exceeding Level 1 on the Standard Scale.

3. Whilst in control of a hackney carriage or private hire vehicle, the driver shall, if required to do so by any person, give his or her name and badge number and also the name and address of the owner/proprietor and the identification marks of the vehicle.

4. The driver shall give notice in writing to the council within seven working days of any convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) or change of their registered particulars, e.g. address or change of name.

5. If a driver is given notice to undertake a random DBS check by the council they must do so within 28 days of the request.

6. The driver shall behave in a civil and orderly manner and shall take all reasonable precautions to ensure the safety of persons conveyed in or entering or alighting from the vehicle. Drivers must ensure their appearance is smart and professional when working.

7. Any driver of a hackney carriage/private hire vehicle acting in a disorderly, abusive, aggressive, or violent manner towards any member of the public, other driver or officer of the council may be deemed not to be a ‘fit and proper person’ to hold a licence.

8. Vehicle proprietors and drivers shall ensure that licensed vehicles do not cause an obstruction or nuisance to local residents when parked or collecting passengers.

9. To avoid nuisance to residents when picking up or waiting for a fare, a driver shall:-
   a) not sound the vehicle’s horn unless in case of emergency
   b) keep the volume of audio and communications equipment to a reasonable level
   c) switch off the engine if required to wait
   d) take all reasonable additional action as is necessary to avoid disturbance to residents in the neighbourhood.

10. Every driver shall at all times when in charge of a licensed vehicle wear their driver’s badge supplied by the council and the badge should be clearly visible.

11. Under Equalities Act 2010 Section 168 (Assistance Dogs), drivers will be required to carry an assistance dog accompanying a disabled person without any additional charge unless the driver has a medical exemption certificate that allows him/her not to carry dogs for medical reasons.

12. A driver shall give notice in writing to the council within seven working days of any change in medical condition. If required by the council a new medical may be required to determine if the driver is a ‘fit and proper person’.

13. At hackney carriage ranks drivers shall;
   a) queue in an orderly manner and proceed along the rank in order and promptly
b) if approached by a potential customer, direct them to the hackney carriage at the front of the rank unless the passengers specifically ask for a particular driver or company
c) assist in improving air quality by switching off vehicle engines when parked, unless there are reasonable safety or comfort grounds for not doing so, for example keeping warm in very low temperatures.
d) remain in or within 10 metres of the vehicle.
e) not park on the rank when not working.

14. Every driver of a licensed vehicle when requested by any person hiring or seeking to hire the vehicle shall:

a) convey a reasonable quantity of luggage
b) afford reasonable assistance in loading and unloading
c) be polite, helpful and fair to passengers, particularly those whose mobility may be restricted.

Legislation

15. The holder of every hackney carriage and private hire vehicle and drivers licence shall comply with the provisions relating to hackney carriage and private hire drivers and vehicles contained in the following legislation:

a) Town Police Clauses Act 1847
b) Part II Local Government (Miscellaneous Provisions) Act 1976
c) Road Traffic Act 1988 Part 11 (a) Construction and Use of Vehicles and Equipment
d) Section 168 Equalities Act 2010 (Assistance Dogs).

16. Notwithstanding the relevant legislation, the council’s conditions, the council’s hackney carriage and private hire driver, vehicle and operator policy and the council’s byelaws, drivers, proprietors and operators should be aware of the following criminal offences:

a) failure to give assistance to wheelchair users or failure to carry them safely
b) charging an additional fee/ fare for carrying a passenger needing assistance or for carrying an assistance dog
c) refusal to carry an assistance dog without a medical exemption
d) driving whilst using a hand held mobile telephone or device
e) smoking in a hackney carriage or private hire vehicle
f) driving whilst under the influence of alcohol, illegal or prescription drugs. Any amount of alcohol or illegal drug can affect a driver’s capability to drive safely.
g) exceeding the safe permitted number of working hours
h) claiming benefits for which there is no entitlement
i) and should always be aware of and obey traffic regulations and The Highway Code. This list is not exhaustive and the relevant enforcement agency (Police, local authority etc.) may take action as it sees fit. This may include prosecution.
APPENDIX D: Consideration of applications for the grant, renewal, suspension or revocation of licences

1. Upon receipt of a completed application form, the licensing officer will consider the application on its individual merits taking into account the person’s previous history of behaviour to determine whether they meet the ‘fit and proper person’ criteria. Where the consideration is a review of an existing licence holder this will be to determine whether that person continues to meet the ‘fit and proper person’ criteria. Where the application is incomplete, it will not be considered until the missing details or documents are supplied and may be returned along with any fee provided.

2. Where having considered the application or review against the criteria of the council’s policy the licensing officer considers that the person meets the criteria of a fit and proper person, the licensing officer has delegated powers to approve the application.

3. Successful applicants will be issued with a licence. Those who are granted a driver’s licence will be issued with a badge, which will remain the property of the council and must be surrendered if the driver’s licence is suspended or revoked. If a licence is suspended the driver must within seven days of that suspension return the badge to the council. If that suspension is subsequently lifted the badge will be returned to the driver within two working days.

4. Where having taken into account the applicant’s history of behaviour including convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) the licensing officer is not satisfied that the person meets the criteria of a ‘fit and proper person’ and should therefore not be granted a licence, the officer will make a recommendation to the licensing sub-committee.

6. The proceedings and terms of reference of the licensing sub-committee are set out on the council’s website.

Suspension or revocation

7. Under Section 61 (1) of the Local Government (Miscellaneous Provisions) Act 1976 a district council may suspend, revoke or refuse to renew a Hackney Carriage / Private Hire driver’s licence. This may be for the following reasons;

   a) since the grant of the licence they have been convicted of an offence involving dishonesty, indecency or violence, or
   b) any other reasonable cause.

9. Under this section the driver has 21 days to appeal against the decision to their local Magistrates Court and during the appeal period the licence holder can continue to drive Hackney Carriage / Private Hire vehicles.

10. Section 61 (2B) of the Local Government (Miscellaneous Provisions) Act 1976 enables a decision to suspend or revoke a Hackney Carriage / Private Hire drivers licence to take immediate effect should the council believe it to be necessary in the interests of public safety. This means the driver cannot continue to drive Hackney Carriage / Private Hire vehicles during the appeal period.

11. The Licensing Committee delegated authority to the Deputy Chief Executive to immediately suspend or revoke a Hackney Carriage or Private Hire driver’s licence where it is considered necessary in the interest of public safety.

12. A ‘fast track’ procedure will be adopted to re-licence those drivers who have had their licence revoked but have subsequently been found to be fit and proper. In these cases, the driver will supply the council with a new application form but there will be no subsequent application fee. All pre-check enquiries (DBS, medical, references etc.) would stand and the dates they were previously due to expire would be valid, as would the licence itself.
APPENDIX E: Relevance of convictions

1. All applicants for a hackney carriage/private hire driver’s licence must complete an enhanced Disclosure and Barring Service (DBS) check prior to the granting of a licence.

2. On completing the council’s licence application form all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) and pending court cases or licensing hearings must be declared. Failure to disclose convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) which are subsequently notified by the Disclosure and Barring Service or any pending court cases or licensing hearings will be considered to be an act of dishonesty and may result in the application being refused or the licence revoked. Applicants should note that any reference in this appendix to conviction also includes all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences).

3. All past convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) will be considered in accordance with Home Office guidelines. The Rehabilitation of Offenders Act 1974 as amended by the Legal Aid, Sentencing and Punishment Act 2012 sets out the period after which all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) are regarded as ‘spent’ and which would not normally necessitate disclosure. In 2002 the Rehabilitation of Offenders Act was amended so as to exclude hackney carriage and private hire drivers from the effects of the 1974 Act. Applicants for such licences are now required to disclose all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) including those that would previously have been regarded as spent under the Act. The council will use the Rehabilitation of Offenders Act 1974 as guidance but in every case the individual facts will be considered in accordance with the criteria set out in the policy.

4. The overriding consideration is the safety of the public. The council has a duty to ensure so far as possible that those licensed to drive hackney carriage and private hire vehicles are suitable persons to do so, that they are safe drivers with good driving records and adequate experience, sober, courteous, mentally and physically fit, honest and not persons who would take advantage of their employment to abuse or assault passengers.

5. A person with a current conviction for a serious crime need not be permanently barred from obtaining a licence but should be expected to (a) remain free of conviction for an appropriate period and (b) show adequate evidence of good character from the time of the conviction. Simply remaining free of conviction will not generally be regarded as sufficient evidence of good character.

6. Some discretion may be applied if the offence is isolated and there are mitigating circumstances. Similarly, multiple offences or a series of offences over a period of time are likely to give greater cause for concern and may demonstrate a pattern of inappropriate behaviour which will be taken into account.

The Rehabilitation of Offenders Act 1974

7. Rehabilitation of Offenders Act 1974 guidelines as amended by the Legal Aid, Sentencing and Punishment Act 2012 will be used by the council, but for repeat offenders or offences that are not stipulated under the Rehabilitation of Offenders Act 1974 the following guidelines will be used to determine if an applicant is a fit and proper person to hold a licence.

Minor traffic offences

8. Convictions for minor traffic offences should not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence. However, the number, type and frequency of such offences will be taken into account and if there are several offences of this nature the applicant will normally be expected to show a period free of conviction of at least six months. An application will
normally be refused where an applicant has nine or more penalty points on his/her DVLA licence (whether or not the applicant was convicted by a court for the offences for which the points were imposed) or where the applicant has more than one conviction for this type of offence within the last six months. An existing licence holder may be suspended where the person has nine or more penalty points on his/her DVLA licence (whether or not the applicant was convicted by a court for the offences for which the points were imposed) or where the applicant has more than one conviction for this type of offence within the last six months. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.

These offences are:

**Major traffic offences**

9. Isolated convictions, without disqualification, for a major traffic offence should not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence but will normally merit a warning as to future driving and advice on the standard expected of hackney carriage and private hire drivers. More than one conviction for this type of offence within the last two years would require the application or an existing licence holder to be referred to the licensing sub-committee for a decision. No further application would normally be considered until a period of three years free from convictions has elapsed. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.
These offences are:

**Hybrid traffic offences**

10. Offences of this type will be treated as major traffic offences if the court awarded four or more penalty points or as minor traffic offences if the court awarded three or less penalty points and will then be dealt with in accordance with minor or major traffic offences as necessary.

This list is not exhaustive and codes may be changed or added during the duration of this policy. If an applicant or current licence holder has been disqualified or given points that are not listed here, they will still be taken into account.

**Use of handheld mobile telephones whilst driving**

11. Isolated convictions for use of a handheld mobile telephone or device should not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence. However, the number, type and frequency of such offences will be taken into account and if there are more than two offences of this nature the applicant will normally be expected to show a period free of conviction of at least six months. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.

**Offences under the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976**

12. One of the main purposes of the licensing regime is to ensure the protection of the public. For this reason a serious view is taken of all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) when deciding whether an applicant or an existing licence holder is to be treated as a 'fit and proper person' to hold or continue to hold a licence.
13. An applicant may be refused a licence where he or she has been convicted of an offence under the Acts at any time during the six months preceding the application, or has more than one conviction within the two years preceding the date of the application. If an existing proprietor, operator or driver is convicted of an offence under the legislation it could lead to all relevant licences being revoked for a minimum of five years; those who committed two or more offences would not normally be considered for a minimum of ten years but in most cases would be refused a licence for life. For new applicants who have submitted applications but are suspected of breaching the above named Acts, their application will be kept on hold pending a full investigation by the licensing officer. Those drivers who have had a licence revoked by any other local authority will not normally be considered for a minimum of five years after that revocation.

14. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

**Driving under the influence of alcohol offences**

15. Convictions of driving or being in charge of a vehicle while under the influence of drink will be viewed seriously. An isolated spent conviction under the guidelines of The Rehabilitation of Offenders Act 1974 may not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence, but a warning will be given as to future behaviour. If an applicant has been convicted of drink driving whilst in charge of a vehicle, the applicant may be refused a licence until five years after restoration of the DVLA driving licence. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.

16. An unspent conviction for this type of offence will result in the refusal of the application or the revocation of an existing licence. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

**Public disorder offences involving alcohol**

17. An isolated conviction for an alcohol related offence need not prevent an applicant from gaining a licence or an existing licence holder keeping their licence. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

**Drugs**

18. An applicant with a conviction for a drug related offence will be required to show a period of at least five years free of convictions before an application is granted. An existing licence holder who is convicted of a drug related offence will be referred to the licensing sub-committee who could order that all relevant licences are revoked. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing
licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Indecency offences

19. Applicants with convictions for soliciting will be refused a licence until five years free of such offences. An existing licence holder who is convicted of soliciting will be referred to the licensing sub-committee who could order that all relevant licences are revoked. Applicants with convictions for indecent exposure, indecent assault, importuning, or any of the more serious sexual offences, will be refused until a minimum of ten years free of such offences has passed. An existing licence holder who is convicted of any of these offences will be referred to the licensing sub-committee who could order that all relevant licences are revoked. More than one conviction for this kind of offence will mean that no licence will be granted. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Violence

20. As hackney carriage and private hire drivers maintain close contact with the public any existing licence holder with a conviction for any of the offences set out below will have his licence revoked. Any applicant for a licence will be refused where they have an unspent conviction for any of the offences below:

a) murder  
b) manslaughter  
c) manslaughter or culpable homicide while driving

e) malicious wounding or grievous bodily harm (s.20 Offences Against the Person Act 1861) which is racially aggravated (s.29(1)(a) Crime and Disorder Act 1998)

g) grievous bodily harm with intent (s.18 Offences Against the Person Act)  
h) grievous bodily harm (s.20 Offences Against the Person Act)  
i) robbery  
j) racially aggravated criminal damage (s.30 Crime and Disorder Act 1998)  
k) racially aggravated s.4 Public Order Act 1986 offence (fear or provocation of violence) (s.31(1)(a) Crime and Disorder Act 1998)  
l) racially aggravated s.4A Public Order Act 1986 offence (intentional harassment, alarm or distress) (s.31 (1)(b) Crime and Disorder Act 1998)  
m) racially aggravated s.2 Protection from Harassment Act 1997 offence (harassment) (s.32(1)(a) Crime and Disorder Act 1998)  
n) racially aggravated s.4 Protection from Harassment Act 1997 offence (putting people in fear of violence) (s.32 (1) (b) Crime and Disorder Act 1998).

21. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.
22. As hackney carriage and private hire drivers maintain close contact with the public any existing licence holder with a conviction for any of the offences set out below will have his licence revoked. Any applicant for a licence will be refused where they have an unspent conviction for any of the offences below:

a) common assault

g) riot
h) obstruction
i) possession of an offensive weapon
j) possession of a firearm
k) criminal damage
l) violent disorder
m) resisting arrest.

23. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

**Theft and fraud**

24. Drivers of hackney carriage and private hire vehicles are expected to be honest.

25. As hackney carriage and private hire drivers maintain close contact with the public any existing licence holder with a conviction for an offence of theft or fraud will have his licence revoked. Any applicant for a licence will be refused where they have an unspent conviction for any of the offences listed below:

a) theft
b) burglary
c) fraud
d) perjury

f) handling or receiving stolen goods
g) forgery
h) conspiracy to defraud
i) obtaining money or property by deception
j) other deception
k) any other similar offence of dishonesty

26. If the licensing officer having considered the applicant’s or existing licence holder’s previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not ‘fit and proper’ or that an existing licence holder no longer is a ‘fit and proper person’, the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.
Driver’s behaviour

27. Any hackney carriage/private hire driver acting in a disorderly, abusive or violent manner towards any member of the public, other driver, police officer or any council official (including officials from other councils) will be deemed not to be a ‘fit and proper person’ to hold a licence and will be referred for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

29. A decision to refuse, revoke or suspend the licence can be appealed under the Public Health Act 1936 to the local Magistrates’ Court within 21 days of the date on which the council’s decision was served.

a) Custodial sentence includes a sentence of imprisonment (both an immediate custodial sentence and a suspended sentence), a sentence of detention in a young offender institution, a sentence of detention under section 91 of the Powers of Criminal Courts (Sentencing) Act 2000, a detention and training order, a sentence of youth custody, a sentence of corrective training and a sentence of Borstal training.

b) In relation to any community or youth rehabilitation order which has no specified end date, the rehabilitation period is 2 years from the date of conviction.

c) Those given a jail sentence of more than 30 months for sexual offending are placed on the sex offenders register indefinitely. Those imprisoned for between six and 30 months remain on the register for 10 years, or five years if they are under 18. Those sentenced to six months or less are placed on the register for seven years, or three-and-a-half years if under 18. Those cautioned for a sexual offence are put on the register for two years, or one year if under 18.
The following table sets out the rehabilitation period for sentences which do not have “buffer periods” and for which the rehabilitation period runs from the date of conviction.
