

12 March 2018

| Committee Overview and Scrutiny |                        |  |
|---------------------------------|------------------------|--|
| Date                            | Tuesday, 20 March 2018 |  |
| Time of Meeting                 | 4:30 pm                |  |
| Venue                           | Committee Room 1       |  |

### ALL MEMBERS OF THE COMMITTEE ARE REQUESTED TO ATTEND

I AD.

for Sara J Freckleton Borough Solicitor

#### 1. ANNOUNCEMENTS

When the continuous alarm sounds you must evacuate the building by the nearest available fire exit. Members and visitors should proceed to the visitors' car park at the front of the building and await further instructions (during office hours staff should proceed to their usual assembly point; outside of office hours proceed to the visitors' car park). Please do not reenter the building unless instructed to do so.

In the event of a fire any person with a disability should be assisted in leaving the building.

#### 2. APOLOGIES FOR ABSENCE AND SUBSTITUTIONS

To receive apologies for absence and advise of any substitutions.

#### 3. DECLARATIONS OF INTEREST

|     | Pursuant to the adoption by the Council on 26 June 2012 of the<br>Tewkesbury Borough Council Code of Conduct, effective from 1 July<br>2012, as set out in Minute No. CL.34, Members are invited to declare any<br>interest they may have in the business set out on the Agenda to which the<br>approved Code applies. |         |
|-----|--|---------|
| 4.  | MINUTES  | 1 - 7   |
|     | To approve the Minutes of the meeting held on 6 February 2018.   |         |
| 5.  | CONSIDERATION OF THE EXECUTIVE COMMITTEE FORWARD<br>PLAN   | 8 - 9   |
|     | To determine whether there are any questions for the relevant Lead<br>Members and what support the Overview and Scrutiny Committee can<br>give to work contained within the Plan.  |         |
| 6.  | OVERVIEW AND SCRUTINY COMMITTEE WORK PROGRAMME<br>2017/18  | 10 - 13 |
|     | To consider the forthcoming work of the Overview and Scrutiny Committee.   |         |
| 7.  | GLOUCESTERSHIRE POLICE AND CRIME PANEL UPDATE  |         |
|     | To receive an update from the Council's representative on matters considered at the last meeting.  |         |
| 8.  | GLOUCESTERSHIRE HEALTH AND CARE OVERVIEW AND<br>SCRUTINY COMMITTEE UPDATE  |         |
|     | To receive an update from the Council's representative on matters considered at the last meeting.  |         |
| 9.  | UBICO UPDATE   | 14 - 20 |
|     | To consider the update on the waste collections and grounds maintenance services provided by Ubico.  |         |
| 10. | PERFORMANCE REPORT - QUARTER 3 2017/18   | 21 - 66 |
|     | To review and scrutinise the performance management information and,<br>where appropriate, to require response or action from the Executive<br>Committee.  |         |
| 11. | FLOOD RISK MANAGEMENT GROUP REPORT   | 67 - 86 |
|     | To consider the annual report on progress against the Flood Risk<br>Management Action Plan.  |         |

#### DATE OF NEXT MEETING

#### TUESDAY, 1 MAY 2018

#### COUNCILLORS CONSTITUTING COMMITTEE

Councillors: R E Allen (Vice-Chair), P W Awford (Chair), G J Bocking, K J Cromwell, J E Day, D T Foyle, P A Godwin, R M Hatton, H C McLain, T A Spencer, P E Stokes, P D Surman, M G Sztymiak, H A E Turbyfield and M J Williams

#### Substitution Arrangements

The Council has a substitution procedure and any substitutions will be announced at the beginning of the meeting.

#### **Recording of Meetings**

Please be aware that the proceedings of this meeting may be recorded and this may include recording of persons seated in the public gallery or speaking at the meeting. Please notify the Democratic Services Officer if you have any objections to this practice and the Chair will take reasonable steps to ensure that any request not to be recorded is complied with.

Any recording must take place in such a way as to ensure that the view of Councillors, Officers, the public and press is not obstructed. The use of flash photography and/or additional lighting will not be allowed unless this has been discussed and agreed in advance of the meeting.

## Agenda Item 4

### **TEWKESBURY BOROUGH COUNCIL**

#### Minutes of a Meeting of the Overview and Scrutiny Committee held at the Council Offices, Gloucester Road, Tewkesbury on Tuesday, 6 February 2018 commencing at 4:30 pm

#### Present:

Chair Vice Chair Councillor P W Awford Councillor R E Allen

#### and Councillors:

G J Bocking, K J Cromwell, J E Day, D T Foyle, P A Godwin, R M Hatton, H C McLain, P E Stokes, P D Surman, M G Sztymiak, H A E Turbyfield and M J Williams

#### also present:

Councillor G F Blackwell

#### OS.66 ANNOUNCEMENTS

66.1 The evacuation procedure, as noted on the Agenda, was advised to those present.

#### OS.67 APOLOGIES FOR ABSENCE AND SUBSTITUTIONS

67.1 Apologies for absence were received from Councillor T A Spencer.

#### OS.68 DECLARATIONS OF INTEREST

- 68.1 The Committee's attention was drawn to the Tewkesbury Borough Council Code of Conduct which was adopted by the Council on 26 June 2012 and took effect from 1 July 2012.
- 68.2 The following declarations were made:

| Councillor | Application<br>No./Item   | Nature of Interest<br>(where disclosed)    | Declared<br>Action in<br>respect of<br>Disclosure  |
|------------|---|--|--|
| P W Awford | Item 10 – Annual<br>Review of the<br>Effectiveness of the<br>Council's<br>Involvement in the<br>Gloucestershire<br>Health and Care<br>Overview and<br>Scrutiny Committee. | Is a Gloucestershire<br>County Councillor. | Would not<br>speak or vote<br>and would<br>leave the room<br>for<br>consideration<br>of this item. |

K J Cromwell Item 10 – Annual Is a Gloucestershire Review of the Councillor. Effectiveness of the Council's Involvement in the Gloucestershire Health and Care Overview and Scrutiny Committee.

Would not speak or vote and would leave the room for consideration of this item.

68.3 There were no further declarations made on this occasion.

#### OS.69 MINUTES

69.1 The Minutes of the meeting held on 9 January 2018, copies of which had been circulated, were approved as a correct record and signed by the Chair.

#### OS.70 CONSIDERATION OF THE EXECUTIVE COMMITTEE FORWARD PLAN

- 70.1 Attention was drawn to the Executive Committee Forward Plan, circulated at Pages No. 12-14. Members were asked to determine whether there were any questions for the relevant Lead Members and what support the Overview and Scrutiny Committee could give to the work contained within the plan.
- 70.2 A Member indicated that he had been experiencing difficulty with deleting emails, which he believed to be because he did not use a Windows-based device, and this was a problem in terms of complying with the General Data Protection Regulations. He noted that the ICT Strategy was due to be considered by the Executive Committee at its meeting on 25 April 2018 and questioned whether this was something that would be addressed as part of that. Another Member expressed the view that mobile telephones needed to be more compatible with the ICT used by the Council. The Head of Corporate Services confirmed that mobile telephones would be included within the ICT Strategy but he urged Members to speak to the IT team if they were experiencing any particular problems in this regard. He undertook to speak to both Members outside of the meeting to help resolve their issues.
- 70.3
   It was

   **RESOLVED** That the Executive Committee Forward Plan be **NOTED**.

#### OS.71 OVERVIEW AND SCRUTINY COMMITTEE WORK PROGRAMME 2017/18

- 71.1 Attention was drawn to the Overview and Scrutiny Committee Work Programme 2017/18, circulated at Pages No. 15-18, which Members were asked to consider.
- 71.2 It was **RESOLVED** That the Overview and Scrutiny Committee Work Programme 2017/18 be **NOTED**.

#### OS.72 GLOUCESTERSHIRE HEALTH AND CARE OVERVIEW AND SCRUTINY COMMITTEE UPDATE

- 72.1 Members received an update from Councillor Janet Day, the Council's representative on the Gloucestershire Health and Care Overview and Scrutiny Committee, on matters discussed at its last meeting held on 9 January 2018.
- 72.2 Councillor Day advised that the Gloucestershire Health and Care Overview and Scrutiny Committee was a statutory consultee on any substantial development of the health service in Gloucestershire. The consultation on Health and Wellbeing for the Future: Community Hospital Services in the Forest of Dean had been launched at the meeting on 12 September 2017 and the outcome report had been presented to the meeting on 9 January 2018. The preferred option consulted upon was to invest in a new community hospital in the Forest of Dean which would replace the Dilke Memorial Hospital and Lydney and District Hospital. The Committee's role in the development of the proposal was to confirm whether it was satisfied that the consultation process had been undertaken in line with statutory requirements, and was appropriate and proportionate, and to feedback on key issues it wished to see fully considered by the Gloucestershire Care Services NHS Trust and the Gloucestershire Clinical Commissioning Group within their decision-making process. The Committee had received a detailed presentation on the consultation process - including engagement activity - and the main findings. The concerns raised by the Committee during the debate reflected those identified in the consultation outcome report: number of beds; transport issues; housing developments – including the impact of the removal of tolls on the Severn Bridge by the end of 2020; insufficient detail overall; and a lack of clarity as to why the shared investment suggestion was unviable. Whilst the Committee was satisfied that the consultation process had been appropriate and proportionate, Members expected the Gloucestershire Care Services NHS Trust and the Gloucestershire Clinical Commissioning Group to give serious consideration to their wider concerns during the decision-making process. The Committee had asked to be kept informed of progress.
- 72.3 The Committee had also received a performance report from the South Western Ambulance Service NHS Foundation Trust. An update was provided on the Ambulance Response Programme, in particular the new ambulance response standards. Members were informed that the Trust had been part of the initial pilot and there had been improvements in productivity and efficiency since that time with less vehicles being sent to each incident, freeing up resources to attend more patients. The Committee had also received a report from the Gloucestershire Clinical Commissioning Group and had questioned whether the Winter Plan was working. Members were informed that it had been challenging - particularly between Christmas and New Year - but it had been the most robust winter so far in Gloucestershire. The Gloucestershire NHS Foundation Trust was the last in the region to escalate to level 4 but had been back to level 2 with two days, and the four hour accident and emergency standard had been achieved in both November and December 2017. It was noted that NHS England had issued a directive for the cancellation of all non-urgent operations; however, the Trust had been allowed to apply local discretion and had therefore continued to perform operations and hold outpatient clinics. Members were advised that 80 routine operations had been performed every day; 14 had been cancelled but, due to winter planning, patients had been given advance notice. The Trust was the only major centre undertaking trauma and orthopaedic operations on 2 January 2018.

- 72.4 A Member questioned whether the South Western Ambulance Service NHS Foundation Trust worked with the Gloucestershire Fire and Rescue Service and what it did to help. The Chief Executive advised that the Fire and Rescue Service had been taking on more community activity in order to support health services and he suggested that the Committee may wish to have a presentation from County Fire Officers at some stage. Councillor Day undertook to find out what work was currently being done with the Gloucestershire Fire and Rescue Service and to report back following the meeting.
- 72.5 It was

   RESOLVED
   That the Gloucestershire Health and Care Overview and Scrutiny Committee Update be NOTED.

#### OS.73 SCRUTINY REVIEW OF WATER SUPPLY OUTAGE

- 73.1 Attention was drawn to the report of the Head of Community Services, circulated at Pages No. 19-23, which set out proposed Terms of Reference for a scrutiny review of the water supply outage. Members were asked to approve the Terms of Reference attached at Appendix 1 to the report.
- 73.2 The Chair explained that, at the last Overview and Scrutiny Committee, Members had discussed the water supply outage that had affected a significant number of households within Tewkesbury Borough on the weekend of Friday 15 December through to Sunday 17 December. It had been agreed that Terms of Reference for a scrutiny review of the water supply outage be brought back to the next meeting and that the Committee meet as a Working Group prior to that meeting. In accordance with that resolution, the Committee had met as a Working Group immediately prior to the current meeting and had discussed the proposed Terms of Reference, as set out at Appendix 1 to the report. The Working Group had agreed a number of changes as follows:
  - that the purpose of the review be amended to make reference to the two previous water outages in Tewkesbury and Churchdown;
  - that Town and Parish Councils be added to the method of review section and that it be reworded to increase the number of meetings from "up to three" to "up to four" to accommodate a meeting with external partners if needed; and
  - that the sixth bullet point within the scope of the review be amended to make reference to the community as follows: "To understand the impact on *the community and* local businesses, *including agriculture*, during one of the busiest weekends of the trading year" and moved to the top of the list to reflect its importance.

73.3 It was subsequently,

#### RESOLVED

That the Terms of Reference be **APPROVED**, subject to the following:

- that the purpose of the review be amended to make reference to the two previous water outages in Tewkesbury and Churchdown;
- that Town and Parish Councils be added to the method of review section and that it be reworded to increase the number of meetings from "up to three" to "up to four" to accommodate a meeting with external partners if needed; and
- that the sixth bullet point within the scope of the review be amended to make reference to the community as follows: "To understand the impact on *the community and* local businesses, *including agriculture*, during one of the busiest weekends of the trading year" and moved to the top of the list to reflect its importance.

#### OS.74 COMMUNITY SAFETY PARTNERSHIP UPDATE

- 74.1 The report of the Head of Community Services, circulated at Page No. 24-35, provided an update on community safety in Gloucestershire and the proposed local arrangements. Members were asked to consider the update.
- 74 2 Members were reminded that local Community Safety Partnerships, made up of representatives from responsible authorities, i.e. local authorities, police, fire, probation and health, had been suspended pending the outcome of a countywide review. The review had concluded that, whilst the responsibility for dealing with community safety sat with second tier authorities, it would be beneficial to have a countywide view of the work being undertaken. Safer Gloucestershire had been developed to provide co-ordination and focus on community safety issues at a county level and would sit aside the six district Community Safety Partnerships that retained responsibility for community safety at a district level. Its development had been supported by Leadership Gloucestershire and the Police and Crime Commissioner and its Terms of Reference were attached at Appendix 1 to the report. The Deputy Chief Executive and Head of Community Services had been involved with drawing up the framework along with representatives from the other local authorities in Gloucestershire. The Head of Community Services indicated that it had been a very good piece of work which had also presented an opportunity to look at how Domestic Homicide Reviews were carried out in the borough. Domestic Homicide Reviews were statutory and must be independently chaired; as a number of meetings tended to be held to investigate the incident, they could be very resource intensive. As such, the general conclusion was that a countywide approach would be more efficient and a better way to share learning. The final piece of work, which had not been referenced in the report, related to better information sharing to tackle crime and disorder - this could be done more quickly within Safer Gloucestershire.
- 74.3 The Head of Community Services advised that, locally, the Community Safety Partnership remained suspended which meant that arrangements for managing community safety were being done on an ad-hoc basis; this was not sustainable and he had been tasked with rectifying the situation. As such, a steering group had been established comprising the Lead Member for Community and other key community safety partners and Terms of Reference had been drafted for the new arrangements, aligned with those for Safer Gloucestershire. He stressed that this work was still in its very early stages and he intended to take a report to the

Executive Committee within the next few months to set out how the Council and its partners would manage community safety 'on the ground'. It was hoped that the countywide priorities would feed into the local community safety strategy, which would also have its own local priorities.

- 74.4 Whilst he accepted that it had not been working effectively, a Member expressed the view that the local Community Safety Partnership in Tewkesbury Borough had been useful in terms of finding out what partners such as the Police and Fire Service were doing - that communication had now been lost. The Head of Community Services provided assurance that the Community Safety Partnership would be reformed within the next few months and this point would be fully taken on board. Another Member noted that the NHS 2gether Trust was included in the membership of Safer Gloucestershire, listed at Page No. 32 of the report; he pointed out that the NHS 2gether Trust was being amalgamated with the Gloucestershire Care Trust later in the year and he wanted to ensure that this body continued to be represented on the group after that had happened. The Head of Community Services confirmed that, although the individuals who would sit on the group had not been formalised, the NHS 2gether Trust was fully engaged with the partnership. A Member raised concern that there was guite a large membership and questioned how it would be controlled. In response, she was advised that this would be down to the chair of the partnership. Governance had been discussed by the group and the current suggestion was that a number of events be held each year for Members to hear about the work and to provide an opportunity for them to scrutinise and challenge what was being done. Consideration was also being given as to whether some groups could be amalgamated, e.g. anti-slavery and organised crime, and he hoped to see the list slimmed down considerably. In response to a query, the Head of Community Services advised that a representative from Gloucestershire Fire and Rescue Service was the chair and was ensuring that all district authorities were signed up. A Member sought clarification as to what the acronym MAPPA IOM stood for and was informed that this was a Multi-Agency Public Protection Agreement for Integrated Offender Management.
- 74.5 The Chair indicated that the Overview and Scrutiny Committee had previously received annual reports on the Community Safety Partnership and he sought a view from the Committee as to whether they would like this to continue. Members felt that this would depend on when the local group was up and running and agreed that it would be beneficial to receive a report on the new arrangements prior to it going to the Executive Committee. It was
  - **RESOLVED** 1. That the update on community safety in Gloucestershire and the proposed local arrangements be **NOTED**.
    - 2. That a report on the local arrangements for community safety be taken to the Overview and Scrutiny Committee, prior to consideration by the Executive Committee.

#### OS.75 ANNUAL REVIEW OF THE EFFECTIVENESS OF THE COUNCIL'S INVOLVEMENT IN THE GLOUCESTERSHIRE HEALTH AND CARE OVERVIEW AND SCRUTINY COMMITTEE

75.1 The report of the Head of Corporate Services, circulated at Pages No. 36-39, asked Members to consider the effectiveness of the Council's continued involvement in the Gloucestershire Health and Care Overview and Scrutiny Committee and, subject to the Committee being satisfied that value for money was being achieved, Officers be authorised to make the payment of £2,500 from the Council's base budget as its 2018/19 contribution to the Gloucestershire Health and Care Overview and Scrutiny Committee.

- 75.2 The Council's reserve representative on the Gloucestershire Health and Care Overview and Scrutiny Committee felt it was very important that Tewkesbury Borough Council continued to be represented on the Committee. NHS decisions inevitably affected the borough and its residents and this gave the Council an opportunity to intervene – he made particular reference to its influence over the decision to reduce the closure of a number of hospital beds from 200 to 43 as an example of the Committee's real power which could be used to the advantage of residents. The Council's representative on the Committee echoed these sentiments and indicated that there was currently representation from all of the Gloucestershire district authorities.
- 75.3 In response to a query about the contribution, clarification was provided that the amount was the same as the previous year. It was subsequently

**RESOLVED** That Officers be authorised to make the payment of £2,500 from the Council's base budget as its 2018/19 contribution to the Gloucestershire Health and Care Overview and Scrutiny Committee.

The meeting closed at 5:25 pm

#### **REGULAR ITEM:**

• Forward Plan – To note the forthcoming items.

#### Addition to 14 March 2018

- Revenues and Benefits Write-Off Policy.
- Discretionary Housing Payment Policy.
- Public Space Protection Order (Dog Fouling).
- Roses Theatre, Community Grant Alteration.
- Self-Build and Custom Housebuilding.
- Confidential Item: Irrecoverable Debts Write-Off Report.

| Date of Meeting:      | 20 March 2018   |  |  |
| Subject:              | Ubico Update  |  |  |
| Report of:            | Peter J Tonge, Head of Community Services                         |  |  |
| Corporate Lead:       | Robert Weaver, Deputy Chief Executive                             |  |  |
| Lead Member:          | Councillor J R Mason, Lead Member for Clean and Green Environment |  |  |
| Number of Appendices: | None  |  |  |

#### **Executive Summary:**

The report provides an update on the waste collections and grounds maintenance services provided by Ubico Ltd and informs Members of the work underway to review street cleansing services.

This report covers waste and recycling services, the garden waste club, grounds maintenance and street cleansing services.

The report looks at the improvement plan that has been put into place following the roll out of new rounds in April 2017.

#### **Recommendation:**

To CONSIDER the update on the waste collections and grounds maintenance services provided by Ubico.

#### **Reasons for Recommendation:**

At a meeting of the Overview and Scrutiny Committee in May 2017, it was agreed that the interim performance of Ubico be monitored by the Committee as the next annual report is not due until July 2018.

#### **Resource Implications:**

None

#### Legal Implications:

The Council's contract with Ubico dated 1 April 2015 includes provisions relating to contract monitoring and contract performance. Any changes to these arrangements may be accommodated through the contract variation provisions included in the contract.

#### **Risk Management Implications:**

A failure of our waste service could damage the reputation of the Council. This risk is managed through the contract management procedures that the Council has in place.

#### Performance Management Follow-up:

Performance is monitored and managed in conjunction with the Gloucestershire Joint Waste Team through the monthly client meetings, Environmental Service Partnership Board and the Overview and Scrutiny Committee.

An interim improvement plan has been created to monitor the immediate improvements that needed to be made as a result of issues arising from the roll out of the new service. This is monitored regularly by officers of the Joint Waste Team, Council and Ubico and regular corrective action is taken.

#### **Environmental Implications:**

None

#### 1.0 INTRODUCTION

- **1.1** In April 2017, the Council completed its fleet procurement and the new fleet was delivered. The Council had taken the view that it was more financially prudent to undertake a procurement exercise and purchase its own fleet. The fleet was due for replacement as the contract with CP Davidson expired at the end of March 2017. The new fleet has been purchased with consideration for the increase in housing growth in the borough during the lifetime of the fleet.
- **1.2** The procurement of this new fleet was a major project and was primarily managed by the Joint Waste Team in close liaison with the interim head of service and Ubico.
- **1.3** Significant round changes were planned and introduced in April 2017 and over 60% of the borough had a change of day or week to their waste and recycling collection, including a change to the way that food waste was collected, now in a separate vehicle rather than a pod on the main waste vehicle.

#### 2.0 BACKGROUND

- 2.1 Any change to waste collections are expected to cause a degree of disruption to the service as drivers and operators settle into new rounds and new ways of working and members of the community get used to their new waste days or new collection methodology. Normally, this would disrupt the service for a short time but experience tells us that this settles down within a month or two.
- **2.2** In this case, however, the disruption continued well past this two month period, and to some lesser extent still continues, although there has been improvement due to the close working of Council officers, the Joint Waste Team and Ubico.
- **2.3** As a result of this an improvement plan was put into place to ensure that the Council saw improvements in the number of missed bin collections and, importantly, missed assisted collections. Assisted collections are where the customer cannot, for one reason or another, place the bin in the collection location themselves.
- **2.4** Also during this period a key member of staff who managed grounds maintenance retired from Ubico and the Council lost its client side monitoring officer for grounds maintenance. This led to a lack of knowledge and oversight of this element of the contract.

#### 3.0 WASTE & RECYCLING SERVICES

- **3.1** At the end of Q1 2017, approximately 150 missed bins per week were being reported which represents 0.17% missed collection rate. In addition:
  - There was an increase in repeat missed bins and particularly concerning was the number of assisted collections that were being missed.
  - Public complaints were rising and, as the focus was on embedding the new service, these were not being responded to in a timely manner.
  - The stock of new bins was not being checked and on several occasions Ubico ran out of bins.
- **3.2** Bins and/or caddies can be missed for a variety of reasons including a new crew member on the round, bins not being left in the usual place etc. This is particularly likely with food caddies due to their size.
- **3.3** In response to this, an improvement plan was agreed with Ubico with the following key aims:
  - To reduce the number missed collections to less than 100 per week by the end of August, and a 50% reduction by the end of October on the Q1 figure. This will equate to 0.09% missed collection rate, well below the 1% performance target.
  - Improve communications between TBC and Ubico.
  - Develop better reporting systems.
  - Ensure that the stock of bins is monitored and maintained in order for Ubico to deliver bins to residents when needed.

The standard of our waste collections continues to be monitored and improved.

**3.4** The improvement plan has been monitored regularly at the various contract management meetings and some improvements have been achieved.

| Apr  | Мау | June  | July  | Aug | Sept |
|------|-----|-------|-------|-----|------|
| 1115 | 447 | 553** | 690** | 332 | 352  |
| Oct  | Nov | Dec   | Jan   | Feb |      |
| 262  | 279 | 418*  | 465*  | 326 |      |

The table below shows the number of missed bins for the year to date by month.

- **3.5** It should be noted that June and July had five collection weeks and that December and January saw snow and Christmas disruption.
- **3.6** As a result of the improvement plan we saw significant improvements for the months of August through to November and missed collections were brought down to a more acceptable level.
- **3.7** In addition to the close monitoring of missed bins another method of dealing with "repeat" missed collections was initiated this was the introduction of the "red list". This is a list of properties that had their bins missed on more than one occasion and were therefore the focus of additional attention.

- **3.8** Being on the red list means that a supervisor will pay particular attention to that property for three weeks and will check that this bin in particular has been collected.
- **3.9** The standard of our waste collections continues to be monitored and improved.

#### 4.0 THE GARDEN WASTE CLUB

- **4.1** This year has seen the launch of the garden waste club. Membership of the club is an easy way of disposing of garden waste for composting on a fortnightly basis through kerbside collections of a brown wheelie bin.
- **4.2** Members of the club pay an annual fee, currently £45.00. Previously, customers had separate annual renewal dates meaning that the Council was invoicing and processing payments all throughout the year. We have now moved to a single annual renewal date making this process much more cost effective and timely.
- **4.3** Once customers / members have paid their annual subscription they are sent a distinctive adhesive sticker to place on their brown bin also making it easier for the collection crews to identify bins that are for collection. We currently have approximately 16,000 members.

#### 5.0 GROUNDS MAINTENANCE

- **5.1** The Property team has been working with Ubico grounds maintenance team since the start of the winter works programme to establish a better working relationship and understanding of the current workloads and resource availability. The Asset Manager has met with the grounds maintenance crew to discuss their current issues and for the crews to explain their issues in delivering a better service.
- **5.2** Introduction of a task management software system which allows tasks to be logged and managed and KPIs to be monitored and detailed to ensure customers can be better informed as to progress of works. Property will be instructing work through this system to ensure the correct priority levels are being set with each task.
- **5.3** This is the start of agreeing a service level agreement and task will be instructed within the following categories:
  - *Urgent*: if the task has health and safety implications or could have representational risk for TBC or Ubico this should be actioned within 24 hours.
  - *High*: to be action within two weeks.
  - *Medium*: to be action within three months.
  - *Low*: to be actioned in six months.

The new system will monitor and produce reports as to how Ubico is performing within these parameters.

- **5.4** The issues that were identified included:
  - the current equipment isn't ideal for some of the tasks it is required for;
  - there has been a lack of investment in the equipment;
  - staff felt they had not been listened to regarding these issues;
  - work was being completed on land that is not owned by TBC; and
  - tasks were being completed based on historical information that was out of date.

- **5.5** All crews have been issued with mapping of the borough which shows TBC land ownership, the crews are updating these maps to include details of hedgerows and their annual winter works programmes. The maps are also being updated to include details of Gloucestershire County Council and Parish contracts to ensure the crews have a full understanding of what is required across the whole of the contracted works.
- **5.6** Ubico has invested in new small tools equipment, i.e. chainsaws, and has trained additional staff to use them, and are currently working up the grass cutting rounds to ensure these are the most efficient and meet TBC expectations.
- **5.7** The working relationship has improved greatly, with TBC's Property team having a greater understanding of the works being completed and Ubico having a better understanding of TBC expectations. TBC will continue to work with Ubico to develop the contract to include SLAs, quality management and KPIs.
- **5.8** In the late spring/early summer a further piece of work will be started to ensure grounds maintenance work across the borough is better coordinated with partners to ensure the most effective use of resources.
- **5.9** Recycling rates have seen a small but positive increase and are currently at a rate of 55.97% (as at Q3) and forecast to be 55.3% at year-end compared to 53.29% in 2016/17 (full year).
- **5.10** Equally importantly, the amount of waste sent to landfill has decreased to 283 kg / household (as at Q3) and forecast to be 367kg /hh at year end down from 411 kg / household in 2016/17.

#### 6.0 STREET CLEANSING

- **6.1** The Joint Waste Team is commencing a review of the street cleansing service to analyse the type of requests that are being received by the Council and establish if there are better ways of working.
- **6.2** Since the services were transferred to Ubico Ltd in 2015, a new fleet of cleaning vehicles has been procured and much housing development has taken place.
- **6.3** A review is required to evaluate the service performance and also to decide whether the current levels of resourcing, frequencies of cleaning activities and schedules are sufficient to meet the service standards and legislation. The purpose of this street cleaning review is to appraise the current practices carried out by the Council's environmental service provider, Ubico, in line with the relevant governing legislation and the Council's vision under the Clean and Green Environment Portfolio.
- **6.4** This review will evaluate all aspects of the street cleaning services and provide a plan for the future in order to deliver cost efficient and excellent service.
- **6.5** There is a need to deliver high quality services on pressurised budgets and the street cleaning services can have unpredictable and expensive outlays such as fly tips and hazardous waste removal. Therefore, it is important all opportunities of smarter and joint working with other organisations are maximised as much as possible.
- **6.6** This review will cover the opportunities available, contacts and work areas where smarter working opportunities can arise.

#### 7.0 FINANCIAL PERFORMANCE

- **7.1** Budget setting for the forthcoming year has been much more robust and the Council's Finance team and the Head of Community Services, supported by the Joint Waste Team, have much more oversight of the process and made comments and suggestions at an early stage.
- **7.2** This ensures that the budget setting process is more accurate and incorporates elements such as a budget for road closures, agency staff etc.
- **7.3** Work to manage the budget better continues, for example, Ubico is considering ways to reduce the reliance of agency staff across its contracts.

#### 8.0 CONCLUSION

- **8.1** Improvements are being made and officers of the Council, Joint Waste Team and Ubico are working closely together to monitor progress regularly.
- **8.2** Particular improvements have been made in reducing the number of missed bins and better communications between partners has assisted greatly in this and has enhanced the level of communication with our communities.
- **8.3** Management is determined that the issues are resolved effectively and more quickly and are closely monitoring standards and will take corrective action as necessary to resolve any further issues.

#### **Executive Summary:**

New Council Plan priorities (2016-20) were approved by Council on 19 April 2016. Supporting the priorities is a set of objectives and actions. Progress in delivering the objectives and actions are reported through a Council Plan Performance Tracker (Appendix 1). The tracker is a combined document which also includes a set of Key Performance Indicators (KPIs). The report also includes the Revenue Budget Summary Statement (Appendix 2), the Capital Monitoring Statement (Appendix 3) and the Reserves Position Summary (Appendix 4). This performance information is reported to the Overview and Scrutiny Committee on a quarterly basis and the outcome is then reported to the Executive Committee by the Chair of the Overview and Scrutiny Committee.

#### **Recommendation:**

To scrutinise the performance management information, and where appropriate require action or response from the Executive Committee.

#### **Reasons for Recommendation:**

The Overview and Scrutiny Committee Terms of Reference require it to review and scrutinise the decisions and performance of the Council's Committees.

#### **Resource Implications:**

None directly associated with this report.

#### Legal Implications:

None directly associated with this report.

#### **Risk Management Implications:**

If delivery of the Council's priorities is not effectively monitored then the Council cannot identify where it is performing strongly or where improvement in performance is necessary.

#### Performance Management Follow-up:

Performance management information is reported to Overview and Scrutiny Committee on a quarterly basis. The outcome of each quarterly review is then reported to Executive Committee.

#### **Environmental Implications:**

None directly associated with this report.

#### 1.0 INTRODUCTION/BACKGROUND

- 1.1 New Council Plan priorities (2016-20) were approved by Council on 19 April 2016. Supporting the priorities is a set of objectives and actions. Progress in delivering the objectives and actions are reported through a Council Plan Performance Tracker (Appendix 1). The tracker is a combined document which also includes a set of Key Performance Indicators (KPIs). The report also includes the Revenue Budget Summary Statement (Appendix 2), the Capital Monitoring Statement (Appendix 3) and the Reserves Position Summary (Appendix 4). This performance information is reported to the Overview and Scrutiny Committee on a quarterly basis and the outcome is then reported to the Executive Committee by the Chair of the Overview and Scrutiny Committee.
- **1.2** This is the third quarterly monitoring report for 2017/18. The majority of information within the performance tracker reflects the progress of Council Plan actions as at the time of writing the report. The KPI information is of a statistical nature so represents the position as at the end of December 2017 (Qtr 3).

#### 2.0 COUNCIL PLAN PERFORMANCE TRACKER

- **2.1** The Council Plan (2016-20) has four priorities which contribute to the overall Council Plan vision "*Tewkesbury Borough, a place where a good quality of life is open to all*". The priorities are:
  - Finance and Resources
  - Economic Development
  - Housing
  - Customer Focused Services

Each of the four priorities is supported by a number of objectives and actions which will focus activity on delivery of the priorities. The tracker has been developed and contains a set of key performance measures to monitor delivery of each Council Plan action. The actions are reviewed and where appropriate refreshed on an annual basis.

**2.2** For monitoring the progress of the Council Plan actions the following symbols are used:

☺ – action progressing well

↔ – significant risk to not achieving the action or there has been significant slippage in the timetable or performance is below target

Grey – project has not yet commenced

✓- action complete or annual target achieved

For monitoring of key performance indicators the following symbols are used:

↑ - PI is showing improved performance on previous year

- $\leftrightarrow$  PI is on par with previous year performance
- $\downarrow$  PI is showing performance is not as good as previous year
- **2.3** The majority of actions are progressing well and key activities to bring to Members' attention since the last performance report include:
  - Although 'routine' business, significant work has been undertaken in preparing and approving the annual budget and Medium Term Financial Strategy.
  - A further £12 million approved by Council for commercial property investment.
  - Second floor refurbishment of the Public Service Centre is complete and a new tenant now occupying one third of the top floor. The refurbishment of the rest of the building is now well underway.
  - JCS has been adopted.
  - Significant support continues to be given to Parishes in developing Neighbourhood Plans. A further Plan has been designated making it 14 across 16 Parishes.
  - First year of the Housing and Homeless Strategy action plan is complete.
  - 150 affordable homes have been delivered to date, thereby achieving the annual target ahead of time.
  - Revenues and Benefits restructure is fundamentally complete.
  - The garden waste project is concluding with the annual renewal of over 15,000 customers taking place.
  - Over 500 responses received in relation to consultation on Public Space Protection Order with results supporting the introduction of such an order.
  - Over £500,000 of LEADER funding approved.

2.4 Due to the complex nature of the actions being delivered then inevitably some may not

progress as smoothly or quickly as envisaged. Actions with either a  ${} \ensuremath{\overline{\odot}}$  or  ${} \ensuremath{\overline{\odot}}$  are highlighted below: -

| Action   | Status and reason for status   |
|--|--|
| Undertake a discretionary trade waste<br>service review to ensure it is operating<br>on a viable commercial level.                         | Final report now received and<br>findings of the report are being<br>considered. A separate marketing<br>project has recently commenced.   |
| Put in place a plan to regenerate Spring<br>Gardens.   | Original target date of December<br>2017 has been amended to September<br>2018. Bruton Knowles appointed to<br>review existing position and advise on<br>current market conditions and<br>opportunities. |
| Produce a vision for the J9 area.  | Delay to the target date from March<br>2018 to June 2018 to allow work to be<br>completed by Building Design<br>Partnership (BDP).   |
| Deliver a programme with partners to<br>progress Healings Mill and other key<br>sites to support the regeneration of<br>Tewkesbury.        | Site was not sold in the summer.<br>Discussions are being sought with a<br>number of agencies to secure<br>development.  |
| Explore with partners - including the<br>Battlefield Society - the potential to<br>increase the heritage offer at the<br>Battlefield site. | A delay in completing the feasibility assessment has caused the target date to change from December 2017 to April 2018.  |
| Deliver the Public Services Centre refurbishment project.  | Slight delay to the target date now scheduled for completion August 2018.  |
| Look at collaborative options for the environmental health service.  | Delay to the target date from April<br>2018 to July 2018 for Environmental<br>Health to look at the feasibility of shared<br>posts for contaminated land.  |

#### 3.0 KEY PERFORMANCE INDICATORS (KPIs)

**3.1** The set of Key Performance Indicators (KPIs) are a combination of contextual indicators and target related indicators. The set of KPIs must remain flexible to ensure they meet our needs. The data reported is the position at end of December 2017.

#### **3.2** Of the 15 indicators with targets, their status as at the end of quarter 3 is :

| (achievement of target<br>is unlikely) | 🙂 (on target) | <ul> <li>(target likely to be achieved by the end of the year)</li> </ul> |
|--|---------------|---|
| 2                                      | 13            | 0   |

In terms of the direction of travel i.e. performance compared to last year, the status for the 15 indicators are:

| ↑ (better performance | ↓ (not as good as last | ↔ (on par with previous |
|-----------------------|------------------------|-------------------------|
| than last year)       | year)                  | year performance)       |
| 11                    | 3                      | 1                       |

#### **3.3** Key indicators of interest include:

- KPI 13 Percentage of 'major' applications determined is above both the target and last year's out-turn being exceeded.
- KPI 14 Percentage of 'minor' applications determined is an improvement on last years out turn figure but will not meet the target of 90%.
- KPI 15 percentage of 'other' applications determined performance is both exceeding target of 90% and previous year's performance of 88.66%.
- KPI 19 there is a significant reduction in the number of reported enviro crimes. 710 to date compared with 1359 reported for the full year in 2016/17.
- KPI 22 Average number of days to process new benefit claims has reduced to 14 days where the national average is 21 days.
- KPI 28 Average of 7.2 sick days have been lost per full time employee for the year to date meaning the 7 day target has not been achieved.
- KPI 29 Percentage of waste recycled or composted continues to perform strongly at nearly 56%.

#### 4.0 FINANCIAL SUMMARY - REVENUE POSITION

**4.1** The financial budget summary for Q3 shows a £590,640 surplus (£315,331 – Q2) against the profiled budget. Below is a summary of the expenditure position for the Council split out between the main expenditure types:

| Services expenditure      | Full Year<br>Budget | Budget      | Actual      | Underspend<br>/  |
|---------------------------|---------------------|-------------|-------------|------------------|
|                           | £                   | £           | £           | (overspend)<br>£ |
| Employees                 | 8,644,124           | 6,299,959   | 6,214,358   | 85,601           |
| Premises                  | 521,412             | 404,908     | 388,593     | 16,316           |
| Transport                 | 169,250             | 125,228     | 100,833     | 24,395           |
| Supplies & Services       | 1,819,164           | 1,406,805   | 1,342,324   | 64,481           |
| Payments to Third Parties | 4,957,832           | 3,853,638   | 3,769,577   | 84,061           |
| Transfer Payments -       | 19,627,180          | 0           | (86,981)    | 86,981           |
| Benefits                  |                     |             |             |                  |
| Income                    | (25,890,59          | (3,772,545) | (3,590,462) | (182,083)        |
|                           | 8)                  |             |             |                  |
| Support Services          | (17,954)            | 0           | 0           | 0                |
| Capital Charges           | 992,592             | 0           | 0           | 0                |
|                           | 10,823,002          | 8,317,993   | 8,138,241   | 179,753          |
| Corporate Codes           |                     |             |             |                  |
| Interest costs            | 57,086              | 42,815      | (74,153)    | 116,968          |
| Investment Properties     | (1,179,467)         | (926,317)   | (1,025,237) | 98,920           |
| Corporate Savings Targets | (60,000)            | (45,000)    | 0           | (45,000)         |
| New Homes Bonus           | 47,300              | 0           | 0           | 0                |
| Business rates income     | 0                   | 0           | (240,000)   | 240,000          |
|                           |                     |             |             | 590,640          |

#### Note: With regards to savings and deficits, items in brackets and red are overspends

- **4.2** The budget position in relation to the Heads of Service responsibility shows an underspend of £179,753 as at the end of December (£115,464 Q2). As can be seen there are three main areas of savings employees of £85,601, payments to contractors of £84,061 and the Housing Benefit service of £86,981.
- **4.3** Employee costs savings are generated mainly through staff vacancies and maternity leave. Services have managed vacancies in the short term with limited use of agency staff and help from current staff to cover work.
- **4.4** The underspend on payments to contractors is generated from small savings across all services. The benefits service performance in ensuring that the Council keep up-to-date on processing claims and changes, as wells as targeting overpayments, means that the Council is recovering more subsidy on its expenditure than was budgeted.
- **4.5** In terms of overspends being reported at the half year point, there are two significant overspends which need to be reported to Members at this stage. Planning income has been consistently below target during Q3 leading to a deficit of £255,662 against budget on the development service. Garden waste is also below budget as a result of the changes to the charging structure whereby customers are making pro rata payments for this financial year. This was expected and is a one-off issue relating to the change to a single renewal date for all customers and the introduction of a sticker system for bin collections.

- **4.6** Attached at Appendix 2 is a summary of the position for each Head of Service, which shows the current variance against their budget. Where the main types of expenditure headings within the Head of Service's responsibility have a variance over £10,000, a short explanation for the reason for the variance has been provided.
- **4.7** Although the Head of Services' position is underspent, the budget report also recognises the need to achieve savings from the base budget in terms of salaries and procurement savings. These savings targets are currently held on the corporate budget codes on the ledger. No savings are recognised against these plans as they accumulate through the year within service groupings. This has the effect of reducing the underspend on services by £45,000.
- **4.8** Also detailed under corporate budgets is the retained income from the Business Rates Scheme. This is showing a surplus of £240,000. This is a prediction of the year end position although it should be noted that there has been so far very little activity with regards to processing appeals against the new 2017 list. A number of outstanding appeals against the 2017 list have been processed or withdrawn. The Council has set aside a significant provision to cover appeals which is hoped to be sufficient in meeting successful appeals, therefore allowing the Council to benefit from wider increases in business rates income.
- **4.9** The Council also has a target for the acquisition of additional investment property. The Council has bid on properties in 2017 and has completed the purchase of three additional properties at a cost of £13.6m. These new properties will generate nearly £820,000 of gross income per year and, given the low interest rates currently being enjoyed, it is envisaged that they will make a contribution of £291,000 in excess of budget in the current year. It is suggested within the Commercial Investment Strategy that these monies are set aside to pump prime a sinking fund for the management of void costs.
- **4.10** Treasury management activity has produced a positive variance of £116,968 against budget. Access to low borrowing rates and the use of more lucrative funds for our cash investments has resulted in our treasury management activity providing a much better return than expected.
- **4.11** Taking into account the positive position on the corporate accounts, the overall position of the council at the end of Q3 is a surplus of £590,640.
- **4.12** The Council has successfully bid for £4.53 million from the growth deal fund via the Local Enterprise Partnership (LEP) to improve the existing Longford roundabout and to add a new roundabout east along the A40 to access the new development site at Innsworth. In order to access the funds, a business case needs to be put forward to the LEP Board for approval. The business case will need to include modelling, designs, financial justification, and risks etc. all of which are revenue activities. This work will be contracted to transport consultants to undertake with a delivery timescale of Autumn 2018. The LEP Board will be presented with the business case in early 2019 which upon acceptance will allow the drawdown of the grant monies.
- **4.13** It is anticipated that it will cost £100,000 to produce the business case with the work commencing in February 2018. The LEP Board will not finance the development of the business case but the money invested can be recovered from the overall grant once awarded. It is therefore necessary for the Council to forward fund the development of the business case with a 'loan' of £100,000 available from accumulates in-year surpluses.

#### 5.0 CAPITAL BUDGET POSITION

- **5.1** Appendix 3 shows the capital budget position as at Q3. This is currently showing a significant underspend against the profiled budget.
- **5.2** The underspend is as a result of not utilising all of the agreed funding on the purchase of commercial investment properties. There is also slippage in timescales on certain projects such as the refurbishment of the Council offices and also consistent underspends against expectations on disabled facilities grants.

#### 6.0 **RESERVES POSITION**

- 6.1 Appendix 4 provides a summary of the current usage of available reserves.
- **6.2** Reserves have been set aside from previous years to fund known future costs and the strategic planning decisions on the authority's future operation. The information in the Appendix does not take account of reserves which have been committed, but not yet paid.
- **6.3** Whilst the Q3 position shows that there remains a significant balance on the reserves, the expectation is that the balances will be spent in the future. Finance has asked for updates from all departments about their plans to ensure that earmarked reserves are either used for their intended purpose, or released back to the general fund.

#### 7.0 OTHER OPTIONS CONSIDERED

- 7.1 None
- 8.0 CONSULTATION

1

2 3

1) Employee savings relate to a number of savings made due to having a vacant licencing officer post which is being partially covered by current establishment, along with general staff turnover, maternity and sickness.

2) The saving on supplies and services is mostly related to the ending of the safe at home initiative, which was the cost of overseeing Disabled Facility Grant (DFG) applications. This is not being charged as part of the capital costs of DFGs.

3) Payments to third parties are showing an underspend due to a saving on the anticipated cost of the end of life costs on the vehicle contract. This was being funded from New Homes Bonus and so savings will be returned to reserves to fund other one off projects. The saving on this is being offset by a £38k projected overspend on the Ubico contract.

4) The employees' budget is overspent at the end of quarter 3 due to some savings from the Revenues and Benefits restructure yet to be realised as a result of minimial impact from the transfer to UC. Position to be reviewed throughout 2018.

5) The overall position is, however, positive due to excellent performance in the Benefits team and some additional income received from Central Government to support the delivery of legislative changes.

6) Employees cost are underspent as the additional costs of running elections in year has been less than the savings derived from the vacant post held in democratic services.

7) Small savings in the cost of annual computer licences, election costs and the cost of civic functions have resulted in a underspend across the service of nearly £30k.

8) A new burdens grant from central government has been received in the year which had not been budgeted for.

9) The savings made on payments to third parties are as a result of £21K 2016/17 creditor that wasn't needed and so could be released into this year's budget. In addition, there has been a saving on agency costs relating to planning. This is directly linked to lower income received.

10) Planning income is £266,700 down on what we'd predicted in the budget at Q3. There are some other small income gains that have offset this slightly however it is now highly unlikely that we will meet the full budgeted income for this year.

| Income                    | (1,274,495)         | (854,763) | (848,207) | (6,556)                | 0.8                |
| TOTAL                     | 1,943,135           | 1,721,715 | 1,692,862 | 28,854                 | 1.7                |

11) A number of savings on posts as a result of maternity leave and some employees working reduced hours has resulted in an underspend against budget.

12) A range of small gains at a variety of locations against the costs of business rates, electricity and water has resulted in an underspend.

# Appendix 3 - Analysis of Capital Budget

|    |                           | Q3 Budget<br>Position<br>£ | Q3 Actual<br>Position<br>£ | (Over) / Under<br>spend<br>£ | % Slippage | Comments  |
|----|---------------------------|----------------------------|----------------------------|------------------------------|------------|---|
|    | Council Land & Buildings  | 1,730,000                  | 704,389                    | 1,025,611                    | 59         | Majority of the expenditure is in relation to starting the refurbishment of the public services centre. This work is progressing with the 2nd floor being completed at the end of January and 1/3rd of the area now being rented commercially. However the rest of the project has slipped from the anticipated start date showing a saving against budget profile but with the ground floor phase commencing at the beginning of February, expenditure is expected to catch up over the next six months. |
|    | Vehicles & Equipment      | 636,299                    | 553,813                    | 82,486                       | 13         | The expenditure on vehicles is on budget and now delivered. The variance is primarily due to waste bin purchases. Expenditure is currently behind the budget profile, but it is likely that the budget will be utilised in full by the end of the year.   |
|    | Capital Investment Fund   | 16,780,400                 | 13,662,761                 | 3,117,639                    | 0          | Officers have successfully concluded £13.6m of investment in the third quarter.<br>A balance of £3.1m remains to be invested.   |
| 65 | Community Grants          | 81,126                     | 8,872                      | 72,254                       | 89         | At the beginning of the year the expectation was that the majority of the remaining 9 capital grant projects would be underway. This has not happened and 4 schemes have not yet commenced at the end of Q3.  |
|    | Housing & Business Grants | 525,000                    | 259,215                    | 265,785                      | 51         | Spend on disabled facilities grants continue to be lower than expected in the budget.   |
|    | Total                     | 19,752,825                 | 15,189,050                 | 4,563,775                    | 23         |   |

#### Appendix 4 - Revenue Reserves for 2017/18

|    |                                       | Balance         | Spend on Reserves | Reserve    | Note |

|    |                                       | 2,658,918       | -                 | 2,658,918  |      |
|    | Totals                                | £4,830,779      | £403,733          | £4,427,046 |      |

#### Notes to Reserves

1 Expenditure incurred on a range of initiatives including General Data Protection Requirements, replacement of income systems and the replacement of on-line forms

2 Expenditure against balance of community grants brought forward

3 Costs resulting from planning appeals and temporary staff to support major planning studies (externally funded)

4 Expenditure relating to the advancement of the Borough Plan and other initiatives

5 £837,000 of this reserve is being used to support the base budget in 2017/18 with the balance supporting future years

# Agenda Item 11

# **TEWKESBURY BOROUGH COUNCIL**

| Report to:            | Overview and Scrutiny Committee                        |  |
|-----------------------|--|--|
| Date of Meeting:      | 20 March 2018  |  |
| Subject:              | Flood Risk Management Group Report                     |  |
| Report of:            | Annette Roberts, Head of Development Services          |  |
| Corporate Lead:       | Robert Weaver, Deputy Chief Executive                  |  |
| Lead Member:          | Cllr E J MacTiernan, Lead Member for Built Environment |  |
| Number of Appendices: | Тwo  |  |

# **Executive Summary:**

The report provides an update on the progress against the Flood Risk Management Action Plan.

## **Recommendation:**

To CONSIDER the annual report on progress against the Flood Risk Management Group Action Plan.

# **Reasons for Recommendation:**

At its meeting on 21 March 2017, the Overview and Scrutiny Committee agreed that progress against the Flood Risk Management Group Action Plan would be monitored by the Committee on an annual basis.

### **Resource Implications:**

No additional resources are required as part of this report.

# Legal Implications:

The Council has powers, under Section 14A of the Land Drainage Act 1991, to undertake flood risk management work where it considers that the work is desirable, having regard to the local flood risk management strategy for its area, and where the purpose of the work is to manage a flood risk in the Council's area from an ordinary watercourse. The works that the Council is permitted to do under this section is wide-ranging and includes the construction or maintenance of existing works (which include buildings, structures, watercourses, drainage works and machinery).

Where the works are to be carried out on land not owned by the Council, agreements should be put in place to cover consent of the owner for the works to be carried out and responsibilities for maintenance. However; under Section 64 of the Land Drainage Act 1991, the local authority may, at all reasonable times, enter any land for the purpose of exercising any functions under the Act.

The Council's contract rules will need to be followed when appointing contractors.

Where there are joint projects, such as with the Environment Agency, the Council should enter into agreements which set out each party's obligations and responsibilities in relation to these projects, including ongoing maintenance of the works.

Gloucestershire County Council (GCC) has made grants available to the District Councils to undertake flood alleviation schemes. An agreement between Gloucestershire County Council and the Borough Council has been established and will be implemented on all new schemes costing in excess of £1,000.

# **Risk Management Implications:**

A failure to deliver against the action plan will mean that the authority will not be adequately managing the risk of flooding in the borough, particularly in relation to land within the local authority ownership.

# Performance Management Follow-up:

Performance against the action plan is monitored at the Flood Risk Management Group on a quarterly basis.

# **Environmental Implications:**

Any work involving natural watercourses or the cutting back of trees or hedges will be carried out at the time of year that has least impact on wildlife and habitat (e.g. bird nesting season). Where necessary the appropriate licences will be applied for.

# 1.0 INTRODUCTION/BACKGROUND

- **1.1** At its meeting on 21 March 2017, the Overview and Scrutiny Committee recommended to the Executive Committee that:
  - a) the revised Terms of Reference and Flood Risk Management Group Action Plan be adopted;
  - b) a review of these Terms of Reference take place within the first 12 months of the term of the new Council; and
  - c) progress against the Flood Risk Management Group Action Plan be monitored by the Overview and Scrutiny Committee on an annual basis.

**1.2** The Executive Committee approved these recommendations and the Flood Risk Management Group (FRMG) meets on a quarterly basis and is chaired by the Lead Member for the Built Environment.

# 2.0 FLOOD RISK MANAGEMENT ACTION PLAN

- **2.1** The action plan at Appendix 1 is based on land drainage projects monitored by the Flood Risk Management Group. The action plan is a 'living' document to which funding or partnership opportunities can be added as and when they arise.
- **2.2** The Flood Risk Management Group last met on 26 February 2018. The action plan represents the report that was presented at that meeting.
- 2.3 The Action Plan is split up into a number of areas
  - 1) Live Capital Projects
  - 2) Tewkesbury Borough Council Programme of watercourse maintenance
    - TBC owned watercourse maintenance works 2017/18
    - TBC owned watercourse maintenance proposed 2018/19
  - 3) Forward Plan Future Maintenance Issues
  - 4) Update on grant applications
    - Existing schemes
    - Funding bids in progress

# 3.0 LIVE CAPITAL PROJECTS

- **3.1** In terms of the live capital projects, the action plan shows one project named the Grange Field. This is a project to create the diversion of a channel to create meandering watercourse with associated wetland and wildflower meadow features. There is £180,000 allocated to this project. The Council is working in partnership with Environment Agency (EA) and Gloucestershire Wildlife Trust (GWT) to deliver this project. The tender for the civil engineering work on this project is open. This contract is currently programed to begin on the 19 March 2018.
- **3.2** In 2017, the flood relief project at Chaceley (funded from a grant from Gloucestershire County Council) was completed on time and under budget. The scheme consisted of constructing a new twin outfall to the River Severn. The main function is to help evacuate flood water quicker than at present. There is also a preventative element which will be greatly enhanced once our working partner, the Lower Severn Internal Drainage Board, has cleared and regraded a connecting watercourse. Following a presentation to the Chaceley Parish Council public meeting, the Council received kind words of praise and thanks in an email.

# 4.0 TEWKESBURY BOROUGH COUNCIL OWNED WATERCOURSE MAINTENANCE WORKS 2017/18

**4.1** The Council owns various parcels of land across the Borough and some of these have watercourses either running through them or adjacent to them. This means that the Council is a 'riparian owner' with responsibilities to maintain these watercourses in good condition. In 2009, the Council agreed to increase the land drainage revenue budget in order to allow for routine maintenance work to be carried out. During 2017/18, 98 projects have been undertaken across the borough including desilting, unblocking, flail cutting and hedge cutting, as well as reactionary work such as clearing fallen trees etc. This amounted to £45,444.

## 5.0 TEWKESBURY BOROUGH COUNCIL FUTURE MAINTENANCE WORKS PROPOSED 2018/19

5.1 The action plan also contains the programmed future maintenance works proposed in 2018/19 and includes 37 projects across the borough involving desilting, flail cutting and clearance of shrubs amounting to a total of £22,868. This does not take account of reactionary requirements or those areas where an annual assessment is made as to whether work is actually required. This will be monitored in the 2018/19 year through Officer updates to the FRMG meetings. There are also six projects listed on the Forward Plan – Future Maintenance Issues - which may require potential investment in the coming years.

#### 6.0 GRANT APPLICATIONS – EXISTING SCHEMES

- 6.1 In relation to the grant applications, the action plan details four existing schemes which are currently live. These are being led by Gloucestershire County Council as the Lead Local Flood Authority with funding coming from Flood Defence Grant in Aid, Local Levy and the County Council. They consist of:
  - Bishops Cleeve, Woodmancote and Southam To deliver Surface Water Management Plan (SWMP) outputs. The SWMP identified a range of measures including diversion, storage and property protection. The allocated funding for this scheme is £900,000. The scheme is being commissioned which will be subject to consultation before tenders for project are invited in 2018.
  - Churchdown To deliver Surface Water Management Plan (SWMP) outputs. SWMP has identified range of measures including diversion, storage and property protection. The allocated funding for this scheme is £120,000; however, it is likely that this funding will be deferred until 2018/19.
  - Prestbury / Whaddon To deliver two flood storage areas with targeted Property Level Protection measures. The allocated funding for this scheme is £2.2 million.
     Work is expected to be completed in autumn 2018.
  - Brockworth To deliver Surface Water Management Plan (SWMP) outputs.
     SWMP has identified range of measures including diversion, storage and property protection. The allocated funding for this scheme is £200,000; however, it is likely that this funding will be deferred until 2018/19.

#### 7.0 FUNDING BIDS IN PROGRESS

7.1 In relation to funding bids in progress, there is a notional allocation for Gloucestershire of £3M under the Priority Axis 6: Preserving and Protecting the Environment and Promoting Resource Efficiency under the European Structural and Investment Funds (ESIF) - European Regional Development Fund (ERDF) funding. The project, as part of the wider consortium bid surrounding Green Infrastructure in the JCS area, is still awaiting the grant funding agreement which is expected to be confirmed in spring 2018. The project surrounds the betterment of areas of public open space of low ecological value into a network of vibrant mini-meadow areas. This will provide significant multiple benefits in the way of flood risk, biodiversity, water quality, amenity and anti-social behaviour. It should also lessen the Council's future maintenance liability due to a much reduced cutting regime.

#### 8.0 SUPPLEMENTARY PLANNING DOCUMENT

8.1 Alongside the above projects, the Flood Risk Management Group has overseen the review of the Flood and Water Management Supplementary Planning Document (SPD). This document was drafted, consulted on and has subsequently been adopted by the Council and is now a material consideration in the determination of planning applications.

#### 9.0 WORKING IN PARTNERSHIP

**9.1** Tewkesbury Borough Council, together with Gloucestershire Rural Community Council (GRCC), is also working with other partners to help communities in Tewkesbury Borough increase their resilience to floods; this includes flood warden training which took place in January 2018.

#### 10.0 CONCLUSION

**10.1** As well as continuing progress on specific projects and the production of the reviewed Supplementary Planning Document detailed above, the Council has been, and continues to be, successful in drawing in money from various sources, in particular the Lead Local Flood Authority to help fund further major capital projects which help protect our residents. Officers will continue to identify and apply for funding in the future, so there will be a constant, continuing process of working with local communities to identify flood alleviation projects.

#### 11.0 OTHER OPTIONS CONSIDERED

- 11.1 None.
- 12.0 CONSULTATION
- 12.1 None.

#### 13.0 RELEVANT COUNCIL POLICIES/STRATEGIES

**13.1** Flood and Surface Water Supplementary Planning Document.

#### 14.0 RELEVANT GOVERNMENT POLICIES

14.1 None.

#### 15.0 **RESOURCE IMPLICATIONS (Human/Property)**

**15.1** Tewkesbury Borough Council employs a Flood Risk Management Engineer. Part of the post holder's responsibilities is to identify flood risk management funding opportunities and submit bids, as well as to monitor progress on the action plan.

#### 16.0 SUSTAINABILITY IMPLICATIONS (Social/Community Safety/Cultural/ Economic/ Environment)

**16.1** Flood risk management reduces the likelihood that local residents and businesses will have flood water entering their properties and the consequential impact that such an event would have on the health, welfare and finances of those affected.

## 17.0 IMPACT UPON (Value For Money/Equalities/E-Government/Human Rights/Health And Safety)

17.1 None.

#### 18.0 RELATED DECISIONS AND ANY OTHER RELEVANT FACTS

18.1 Overview and Scrutiny Committee – 21 March 2017Executive Committee – 26 April 2017

|------------------|--|-------------------------------|----------------------|--|---------------------------|
| The Grange Field | Diversion of channel<br>to create meandering<br>watercourse with<br>associated wetland<br>and wildflower<br>meadow features. | Tewkesbury<br>Borough Council | £180,000             | Working in partnership with<br>Environment Agency (EA) and<br>Gloucestershire Wildlife Trust (GWT).<br>Whilst work has officially started, the<br>substantive works have to coincide<br>with the requirements of the ESIF<br>grant if we are to receive the match<br>funding – details of which are given<br>separately below. However, the<br>tender for the civil engineering work is<br>open, with a closing date of<br>07/03/2018. This contract is currently<br>programed to begin 19/03/2018.<br>We are realising a cost saving by<br>utilising Ubico for the soft landscaping<br>and planting. We have provisional<br>agreement to engage the services of<br>the more expertise staff that were<br>responsible for creating the wildflower<br>planting at Pittville Park. | Spring 2019               |

#### ii) Tewkesbury Borough Council Programme of Watercourse Maintenance

Tewkesbury Borough Council (TBC) owns various parcels of land across the Borough and some of these have watercourses either running through them or adjacent to them. This means that Tewkesbury Borough Council is a 'riparian owner' with responsibilities to maintain these watercourses in good condition.

In 2009 TBC agreed to increase the land drainage revenue budget; in order to allow for routine maintenance work to be carried out.

| Table 2: Completed Tev | wkesbury Borough Council | owned watercourse maintenand | e works 2017 – 2018 |
|------------------------|--------------------------|------------------------------|---------------------|

|    | _                           |                        |   |   | £22,868.60         |

All works are subject to current quoted costs.

The contract involves:

- Flail cutting of banks twice yearly Jun/Jul and Oct/Jan
- De silting where necessary over a 3 year programme.

#### Table 4 – Forward Plan – Future Maintenance Issues

Table 4 shows potential future maintenance issues outside of the general maintenance on our owned watercourses. I.e. collapsing, slipping banks, substantial erosion etc.

Below shows the current known watercourses that potentially will cost monies to fix in the future.

|   | Location                         | Parish         | Problem                         | Risks -  | Comments   |
|---|----------------------------------|----------------|---------------------------------|----------|--|
| 1 | Finlay Way                       | Bishops Cleeve | Banks eroding (very sandy soil) | Low      | Monitor. Big open space behind.  |
| 2 | A435 (rear of Little<br>Accorns) | Bishops Cleeve | Banks eroding                   | Medium   | Signifcant movement in banks.<br>Collapsing in several places over<br>a 50m length. Proposed re grade<br>and possible tree planting to<br>help support bank. |
| 2 |                                  | bishops cieeve | Danks crouing                   | Weuluiti |  |
| 3 | Horsbere Brook                   | Brockworth     | Collapsed gabion basket         | Low      | Monitor. Very deep and wide watercourse. Access issues.  |
| 4 | Ermin Park                       | Brockworth     | Steep bank with Trees           | Low      | Monitor. Very deep and wide watercourse. Access issues.  |
|   |                                  |                |                                 |          | Signifcant movement in banks.<br>Causing more slippage. Proposed<br>re grade possible willow spilling  |
| 5 | Pineholt                         | Hucclecote     | Banks eroding                   | Medium   | erosion control  |
|   |                                  |                | Collapsed bank fenced off at    |          | Monitor. Very deep and wide  |
| 6 | Mill Avon                        | Tewkesbury     | Gloucester Road, Tewkesbury     | Low      | watercourse.   |

### iii) Update on Grant Applications

#### Table 5: Existing Schemes

| Location                                      | Scheme / Works<br>Description  | Funding<br>Source                            | Funding<br>Allocated                        | Progress   | Estimated<br>earliest<br>construction<br>start |
|---|--|--|---|--|--|
| Bishops Cleeve,<br>Woodmancote and<br>Southam | Surface Water<br>Management Plan<br>(SWMP) outputs. SWMP<br>has identified range of<br>measures including<br>diversion, storage and<br>property protection | FDGiA, local<br>levy and GCC<br>contribution | £728k FDGiA<br>£16k Local Levy<br>£150k GCC | GCC is the lead authority for this<br>scheme. Parish Council consulted<br>in 2014 on the broad outline of an<br>initial package of measures. GCC<br>has commissioned Atkins to<br>prepare inception scheme design<br>and estimated costs. Landowners<br>and the Parish Council will then be<br>consulted on these proposals<br>before detailed design and<br>invitation of tenders in 2018.      | 2018/19  |
| Churchdown                                    | Surface Water<br>Management Plan<br>(SWMP) outputs. SWMP<br>has identified range of<br>measures including<br>diversion, storage and<br>property protection | FDGiA, local<br>levy and GCC<br>contribution | £71k FDGiA<br>£13k Local Levy<br>£40k GCC   | GCC is the lead authority for this<br>this scheme. Unfortunately, it has<br>not been possible to reach an<br>agreement with landowners. It is<br>now proposed to use property level<br>resilience measures only and<br>although doorstep surveys can be<br>carried out this year it is likely that<br>the EA will be asked to defer<br>funding for the implementation of<br>the work to 2018/19. | 2017/18/19                                     |

| Location            | Scheme / Works<br>Description  | Funding<br>Source                            | Funding<br>Allocated                       | Progress   | Estimated<br>earliest<br>construction<br>start |
|---------------------|--|--|--|--|--|
| Prestbury / Whaddon | Two distinct but nearby<br>flood storage areas with<br>targeted Property Level<br>Protection measures  | FDGiA, local<br>levy and GCC<br>contribution | £2m FDGiA<br>£50k Local Levy<br>£243k GCC  | GCC is the lead authority for this<br>scheme. Planning permission has<br>been granted and pre<br>commencement archaeology<br>mitigation work has been carried<br>out. The main civil engineering<br>work started in January 2018 and<br>is expected to be completed by the<br>autumn weather permitting.   | 2017/18  |
| Brockworth          | Surface Water<br>Management Plan<br>(SWMP) outputs. SWMP<br>has identified range of<br>measures including<br>diversion, storage and<br>property protection | FDGiA, local<br>levy and GCC<br>contribution | £142k FDGiA<br>£15k Local Levy<br>£40k GCC | GCC is the lead authority for this<br>scheme. Unfortunately it has not<br>been possible to reach an<br>agreement with landowners. It is<br>now proposed to use property level<br>resilience measures only and<br>although doorstep surveys can be<br>undertaken this year the EA will be<br>asked to defer the funding for the<br>implementation of the works to<br>2018/19. | 2017/18/19                                     |

| Table 6: Funding Bid | ls in progress |  |
|----------------------|----------------|--|
|                      |                |  |

| Location | Scheme / Works<br>Description   | Funding<br>Source  | Funding<br>Allocated                                   | Progress  | Target Completion Date   |
|----------|---|--|--|---|--|
| Various  | Priority Axis 6:<br>Preserving and<br>Protecting the<br>Environment and<br>Promoting Resource<br>Efficiency | European<br>Structural and<br>Investment<br>Funds (ESIF) -<br>European<br>Regional<br>Development<br>Fund (ERDF) | Notional<br>allocation for<br>Gloucestershire<br>~ £3M | Our project, as part of the wider<br>consortium bid surrounding<br>Green Infrastructure in the JCS<br>area, is still awaiting the grant<br>funding agreement. DCLG<br>have stated we are 'in the<br>queue' and they are looking to<br>get it finalised by the end of<br>February.   | One of the criteria of<br>the call is that all<br>projects need to be<br>completed by 2020 |
|          |   |  |  | As you will recall; the project<br>surrounds the betterment of<br>areas of public open space of<br>low ecological value, into a<br>network of vibrant mini-<br>meadow areas. This will<br>provide significant multiple<br>benefits in the way of flood risk,<br>biodiversity, water quality,<br>amenity and anti-social<br>behaviour (dog fouling and<br>inconsiderate parking issues<br>have been reported). In<br>addition we will be creating<br>solutions that can be simply<br>and effectively maintained and<br>adapted over time. The Grange<br>Field project would act as the<br>match funding and as such are<br>intrinsically linked. |  |

# The Grange Field Watercourse

The watercourse connects back into the existing route here

A leaky dam made from log piles holds water back during heavy rain events and helps to create the wet woodland habitat

**Existing tree** 

Proposed tree

Tree removed

**Existing woodland** 

**KEY** 

An optional path through wet woodland offers an immersive experience into this interesting habitat

The main channel has a more vertical profile where bridges are located so that a clear waterbody can be seen and gentler profile elsewhere where plants will more easily colonise. In several areas there are wide flat shelves planted with wet meadow species

The existing woodland will be coppiced. reduced and managed sensitively to allow for the new watercourse channel and to create a softer looking edge

Bridges allow easy access over the channel

The new watercourse meanders gently through the landscape

10

20

Top of bank to watercourse Attractive flower meadow species to the banks of the channel will attract wildlife Existing intercepted pipe When the water levels are high, water will spill into this shallow pool and drain away again slowly, forming a biodiverse and variable wetland habitat Natural play areas Excess material from using cut logs from the excavation to be the woodland are formed into gentle located within low mounds existing ridge and furrow landform Wider park area outside scope of this project (some mounding located to southern parts of the park) Supports biodiversity Existing fence to be removed 0 2.5 5

SuDS treatment basin

Proposed watercourse

Existing watercourse infilled

Offline Basin

Extent of flood water behind leaky dams

Wet woodland pools

Pedestrian bridge

Wet woodland walkway

Informal ford crossing for maintenance

Leaky log dam

Existing grass areas

Meadow grass

Flat shelf and wet meadow

Grass mounding

Reclaimed log natural play

Metres

#### **European Union** European Structural and Investment Funds

Gloucestershi

The existing channel will be closed off and infilled with material from the excavation, protecting the boundary to the park. The old channel will be underdrained to ensure this low area does not become boggy

Existing fence removed to east boundary. Mounding and natural play elements provide and informal barrier and play opportunities

Space

Existing storm water pipe from school intercepted and taken into a SuDS treatment basin to be cleaned before entering the watercourse
