1. Overview

1.1 Local area profile

Tewkesbury Borough Council has the responsibility to regulate hackney carriage and private hire trade under the provisions of the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976. We are responsible for licensing hackney carriage and private hire vehicles, drivers and operators. This policy outlines how we will discharge the regulatory functions for hackney carriage and private hire licensing within the borough.

Tewkesbury Borough covers an area of 160 square miles in north Gloucestershire. The borough is situated within the Severn vale and stretches south beyond the outskirts of Cheltenham and Gloucester with borders alongside the county of Worcestershire to the north. It occupies the northern gateway into the south west region.

The borough is predominantly rural in nature with the largest towns / villages being Tewkesbury, Winchcombe, Bishop's Cleeve and Churchdown.

1.2 Purpose and Objectives

- a) **to confirm to members** of the licensing committee the boundaries and powers of the council and the parameters within which to make decisions
- b) **to inform applicants** of the parameters within which the council will make licensing decisions and therefore how licensed operators, drivers and vehicles can operate within the area of the council.
- c) **to inform local residents and businesses** of the parameters within which the council will make licensing decisions and therefore how their needs will be addressed
- d) **to support a case in a court of law** where the council has to show how it arrived at its licensing decisions.

In setting out this policy, we seek to promote the following objectives:

- a) the protection of public health and safety
- b) the maintenance of a professional and respected hackney carriage and private hire trade
- c) access to an efficient and effective transport service
- d) the protection of the environment.

The aim of the licensing process, in this context, is primarily to protect the public as well as to ensure that the public have reasonable access to these services, because of the part they play in local transport provision. It is important that the council's hackney carriage and private hire licensing powers are used to ensure that licensed vehicles in the borough are safe, comfortable, properly insured and available where and when required.

We will have regard to this policy document and the objectives set out above when exercising our discretion in carrying out their regulatory functions. Notwithstanding the existence of this policy, each application or enforcement measure will be considered on its own merits in accordance with the enforcement policy. Where it is necessary to depart substantially from this policy, clear and compelling reasons will be given for doing so.

The policy provides guidance for applicants, drivers and operators to assist them with the application processes and operation of their businesses. This guidance, application forms and current fees are also available on the council's website. In order to ensure that the most up to date version is used, applicants, drivers and operators should not store these forms on their own system but should download the latest version of a form when it is required.

1.3 Role of hackney carriages and private hire vehicles

Hackney carriage and private hire vehicles have a specific role to play in an integrated transport system. They are able to provide demand responsive services in situations where public transport is either not available (for example in rural areas, or outside 'normal' hours of operation such as in the evenings or weekends), and/or for those with mobility difficulties.

1.4 Best practice guidance and legislation

The Department for Transport (DfT) has national responsibility for hackney carriage and private hire legislation in England and Wales. As a result of the then Office of Fair Trading producing a report on the UK hackney carriage and private hire trade, the DfT was asked to produce best practice guidance for local licensing authorities. The latest guidance was issued in March 2010. In addition, the Equality Act 2010 has implications for both hackney carriage and private hire operators in respect of disabled access to vehicles and further guidance and directions are expected on this matter.

The DfT guidance is directed at local authorities in England and Wales with responsibility for hackney carriage and private hire licensing who will "decide for themselves the extent to which they wish to make use of it or adapt it to suit their own purposes". The document recognises that licensing authorities may reach their own decisions both on overall policies and on individual licensing matters, in the light of their own circumstances. We have taken account of the DfT guidance and the Local Government Association's handbook for councillors on taxi and private hire licensing to shape this policy.

This policy also takes account of the legislative basis of the council's taxi licensing powers, contained in the Town Police Clauses Act 1847 and 1889, the Public Health Act 1875, the Local Government Act 1972 and the Local Government (Miscellaneous Provisions) Act 1976 as amended, which the council have adopted.

1.5 Costs and benefits of licensing policies

The DfT guidance stresses that licensing requirements which are unduly stringent are likely to unreasonably restrict the supply of hackney carriage and private hire services by increasing the cost of operation or by otherwise restricting entry to the trade. We recognise that too restrictive an approach may well work against the public interest and can have safety implications.

We will ensure that each of the various licensing requirements is properly justified by the risk it seeks to address. The financial or other cost of a particular requirement, in terms of its effect on the availability of transport to the public, should at least be matched by the benefit it will provide to the public.

The cost of administering the policy including the cost of enforcement where the law allows will be met from licensing fees. In adopting this policy, we will try to strike a balance between the financial interests of the trade, public safety and the delivery of other council plans and policies.

1.6 Safeguarding

Human Trafficking is a crime relating to the moving a vulnerable person from one place to another against their will. Child Sexual Exploitation is the sexual abuse of young people under 18 and usually involves relationships where young people receive something (food, accommodation, drugs, alcohol, affection, gifts, money) as a result of performing sexual acts. Criminals often use licensed vehicles and drivers to move these vulnerable people. Licensed drivers are the eyes and ears of their communities through the work they do and the contacts they have.

Licence holders can operate in positions of trust and it is vital that any relevant information about safeguarding issues is shared so that individuals are blocked from becoming taxi operators or holding any other kind of licence in different council areas across the county/country. Without effective information sharing, there is a real risk of unsuitable people being granted licences to operate which puts people at risk. We will share relevant information with Police and other authorities to protect children and vulnerable adults.

Licensed drivers' and operators' ability to spot the signs of human trafficking and having the knowledge of how to report their concerns can be a major help in preventing this crime. One sign on its own may not be significant, but several signs together should give cause for concern.

If the drivers and operators think that a passenger;

- a) does not know their home or work address
- b) allows others to speak for them when addressed directly
- c) lives or travels in a group, sometimes with other persons who do not speak the same language or not similar age
- d) are collected very early and/or returned late at night on a regular basis
- e) may have poor clothing for the work they are doing, and/or a lack of safety equipment
- f) they may look thin, ill or depressed
- g) has no cash of their own
- h) be known to work at a brothel and be frequently moved from one site to another.

They should contact Gloucestershire Constabulary by calling 101 (or if an emergency 999) or Crimestoppers on 0800 555 111

1.7 Enforcement

The DfT guidance is clear on the necessity of enforcement to maintain high standards of public safety. All enforcement schemes need to be proportionate and transparent. While the ultimate authority is the court, the expectation is that enforcement will be carried out by officers overseen by the Licensing Committee and their associated sub-committees.

Our enforcement system will need to deal with persistent, low level breaches up to serious, possibly, criminal behaviour. There needs to be a grade of sanctions from informal advice and warnings through to suspension and revocation of licence. It is clear that the majority of enforcement will be for relatively minor offences or breaches and will be undertaken by the officers.

1.8 Tariff

We operate a council set hackney carriage tariff. The tariff is a maximum figure that hackney carriage drivers can charge based on a range of factors including time of day or night and special occasions such as bank holidays. The tariff does not apply to private hire vehicles or pre-booked journeys where the cost is agreed in advance. Drivers may charge any amount for a journey provided it does not exceed the fare on the meter. Hackney carriage vehicles must clearly display the tariff card within the vehicle.

2. Hackney Carriage and Private Hire Vehicles

2.1 Limitation of numbers

We will not set a limit on the number of licensed hackney carriages. No powers exist to limit the number of licensed private hire vehicles.

2.2 Specifications and conditions

We have adopted minimum standards that will be applied to all licensed vehicles. These are set out in Appendix A for hackney carriages and Appendix B for private hire vehicles.

We may impose such conditions that are reasonably necessary when granting hackney carriage or private hire vehicle licences. Licensed vehicles provide a service to the public therefore; we will only license vehicles suitable for this purpose. It is important to set criteria for the external and internal condition of the vehicle, provided that these are not unreasonably onerous, to maintain high standards within the trade.

We can licence vehicles for the carriage of up to eight passengers provided that there is compliance with the specifications and conditions. We will determine 'novelty vehicles' on a case by case basis.

We will not license purpose built hackney carriage vehicles as private hire as this can confuse members of the public. We will not licence any vehicle with a 'Q' plate registration as 'Q' plates are issued for vehicles which are either not originally registered in the UK and proof of age was unavailable at registration or for vehicles that have been built using a significant proportion of used parts.

2.3 Maximum age of vehicles

The DfT guidance states that it is possible for an older vehicle to be in good condition and that the setting of an age limit beyond which the licensing authorities will not license vehicles may be arbitrary and disproportionate. We will not apply age restrictions to vehicles meeting the required standards.

2.4 Vehicle testing

The DfT guidance recognises that an annual MOT test for licensed vehicles of whatever age is appropriate. More frequent tests are not recommended, except for older vehicles.

A vehicle will require an MOT test, from any certified testing station, before a licence is granted and the MOT must be valid for at least 11 months. Officers may inspect vehicles that have not previously been licensed before a licence is granted.

Hackney carriage and private hire vehicles will be tested once each year until six years old. Brand new registered vehicles that have less than 5000 miles will not have to undertake a vehicle test. If the vehicle is over six years old when a licence is issued it will be required to undertake two MOT tests each year falling at the start of the licence and six months into the licence.

Officers may request that work identified on the MOT test is undertaken before a licence is granted, or within a certain time frame of the licence being granted. If vehicles are found to be in breach of licence conditions, officers may require the proprietor to bring all licensed vehicles, or vehicles used by the operator or company, to the council for inspection.

2.5 Signage and advertising

Members of the public can often confuse private hire vehicles with hackney carriages, without realising that private hire vehicles are not available for immediate hire or allowed to be hailed in the street. It is therefore important that the public are able to easily distinguish each type of vehicle.

For this reason private hire vehicles must not display any roof signs and hackney carriage vehicles must display roof signs as specified elsewhere in the policy.

Both hackney carriages and private hire vehicles must display a licence plate on the outside rear of the vehicle. We may use different colours and different styles for hackney carriage and private hire vehicles.

The external licence plate shall be securely fixed to the outside and rear of the vehicle either by direct fixing, e.g. screw, bolt or rivet, or on a secure bracket. Temporary fixing such as magnets or Velcro® is not allowed.

2.6 Advertising on licensed vehicles

Advertising will be permitted on all licensed vehicles. Complaints about unsuitable or offensive advertisements may be referred to the officers.

2.7 Plate exemption for private hire vehicles

Private hire vehicles which are used for contract work for at least 75 per cent of the time can be exempted from displaying a plate. The operator's records for these vehicles must prove that the required amount of contract work is being carried out. We will also require evidence as to why a plate exemption is required. Where an exemption is granted, the rear licence plate must be carried in the boot of the vehicle at all times. Vehicles given this exemption will normally be executive type cars. We will determine applications for exemption on a case by case basis. The plate exemption must be applied for on an annual basis on the anniversary of the renewal of the vehicle licence. Operators and drivers should not automatically assume that when licensing a new vehicle to replace an existing plate exempted vehicle or renewing an existing plate that the plate exemption will continue.

The licence fee payable for plate exemption is subject to annual review and will be published together with other council licensing fees.

2.8 Security and CCTV

There is no mandatory requirement for CCTV system in the licensed vehicles. Operators and drivers may install such equipment but its use must be clearly indicated by signs in the vehicle including contact details for the system manager/operator. All such equipment and images must be operated in accordance with the Data Protection Act 1998. It is the responsibility of the driver/operator to ensure compliance.

2.9 Environmental considerations

It is important that emissions from hackney carriages and private hire vehicles are reduced as far as possible. In the event that central government introduces measures to control emissions or local emission controls were to be required by an air quality action plan the council may review the policy on emission standards for licensed vehicles.

2.10 Stretched limousines and novelty vehicles

The number of stretched limousines being imported, particularly from the United States, has been increasing. They are generally used for private hire work and special occasions.

We are sometimes asked to license stretched limousines as private hire vehicles. We will assess licence applications for these vehicles in accordance with the 'novelty vehicles specifications' set out in Section 2 of the Appendix B.

Where a vehicle has been imported from another country, we may require VOSA approved certification prior to licensing approval. Due to the individual nature of stretched limousines or novelty vehicles, it will inevitably give rise to issues that would not apply to conventional private hire vehicles and therefore it will be necessary to consider special conditions on any such licence. We will take into consideration the guidance issued by the DfT, 'Guidance for operators of stretched limousines'.

Stretched limousines or novelty vehicles may be granted a private hire vehicle licence provided that they are capable of carrying no more than eight passengers and meet the requirements of the Single Vehicle Approval (SVA) or Individual Vehicle Approval (IVA) certificate.

All applications to license stretched limousines or novelty vehicles as private hire vehicles will be judged on their merits. As these vehicles will not meet the usual vehicle specification, additional documentation and inspection will be needed in order to ensure safety and suitability.

2.11 Funeral and wedding vehicles

There is currently no requirement for a vehicle to be licensed where it is being used in connection with a funeral.

A vehicle does not need to be licensed to be used in connection with a wedding. However, if a licensed hackney carriage vehicle is used for a wedding the licence plate and roof sign must be displayed.

2.12 Livery

There is no requirement for licensed vehicles to be finished in a special livery or appearance. The visual distinction between hackney carriages and private hire vehicles can be achieved by the signage.

2.13 Transfers

A proprietor of a licensed hackney carriage or private hire vehicle may transfer their interest in the vehicle to another person. Under Section 49 of the Local Government (Miscellaneous Provisions) Act 1976, they must ensure that the licensing authority is notified of the new proprietor's name and address within 14 days.

Applications to transfer a licence must be made on the prescribed application form. The licence fee payable for a transfer is subject to annual review and will be published together with other council licensing fees.

2.14 Accidents

Drivers and operators must inform licensing officers when a hackney carriage or a private hire vehicle is involved in a road traffic accident. They must report within three working days of the accident occurring and bring the vehicle for inspection if requested by officers. Officers may examine the extent of the damage and determine whether or not the vehicle must be repaired to allow it to continue as a licensed vehicle.

2.15 For hackney carriage vehicles

- a) **Hackney carriage roof signs and meters:** A roof sign must be displayed on the top of the vehicle showing the word 'Taxi'. The sign shall be controlled by the meter and shall be illuminated when the vehicle is available for hire. The design of the roof sign shall be approved by the licensing officers. Taxi meters may be tested for accuracy at the discretion of licensing officers.
- b) **Use of hackney carriage vehicles:** When an applicant wishes to licence a vehicle as a hackney carriage, we will need information, pursuant to section 57 of the Local Government (Miscellaneous Provisions) Act 1976, as to whether the applicant intends to use the vehicle to stand or ply for hire in the council's area and also if the applicant intends to use the vehicle entirely or predominantly remotely from the council's area on a pre-booked basis. Whilst each application will be considered on its own merits, we will have regard to the geographic location of an applicant's home and business address. If we have a reason to believe that the hackney carriage is to be used entirely or predominantly remotely from the council's area on a pre-booked basis, then the application for a licence will normally be refused or existing licence may be suspended or revoked.

2.16 Grant and renewal of hackney carriage and private hire vehicle licences

Hackney carriage and private hire vehicle licences will be granted for a period of one year. We may issue licences for a shorter period where it may be necessary, we will issue shorter licences on case by case basis.

It is the proprietor's or operator's responsibility to ensure that vehicle tests are carried out in sufficient time and that insurance, vehicle registration documents and the annual fee are available for processing in time for the issue of a licence.

We will only accept complete applications comprising all the necessary documents and checks. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued. The vehicle will then be unlicensed and must not be used as a hackney carriage or private hire vehicle.

Applications for a hackney carriage or private hire vehicle licence must be made on the prescribed application form, including any electronic forms and in accordance with our application procedure. Relevant forms and documents are available on our website together with guidance to assist in the completion of the application.

The licence fees payable are subject to annual review and will be published together with other council licensing fees.

2.17 Change of details

The proprietor must notify licensing officers in writing of any change of address or telephone number during the period of the licence within seven days of the change taking place.

3. Hackney Carriage and Private Hire Drivers

3.1 Age and experience

We will not impose either a maximum or minimum age limit for drivers. Applicants must have held a DVLA licence for at least three years prior to applying for a licence to drive a hackney carriage or private hire vehicle.

3.2 Knowledge test and spoken English proficiency

Hackney carriage drivers need a good working knowledge of the area for which they are licensed. The law requires that members of the public are transported by the most direct and therefore cheapest route. Hackney carriages can be hired immediately, directly with the driver, at hackney carriage stands or hailed on the street. The DfT recognises that most licensing authorities require prospective hackney carriage drivers to pass a test of local topographical knowledge as a condition of gaining a licence.

In order to maintain the high standards expected of drivers, we will not issue a licence to drive a hackney carriage vehicle unless the applicant has passed a knowledge test of the area covering local geography.

Applicants are given their result as soon as possible and always within one week. If the applicant has passed the test, their application can proceed to the next stage. If they have failed the test they are given feedback and a re-sit is booked as soon as the applicant requires and there is a place available.

There is a fee to sit and re-sit the test and this is published separately together with the other council licensing fees. No applicant may sit the test more than five times in any 12 month period except in exceptional circumstances.

There has been an increase in the number of applications for hackney carriage and private hire drivers' licences from people whose first language is not English. Most communication between drivers and passengers is spoken so it is essential that all candidates have a reasonable standard of spoken English.

Licensing officers will decide spoken English proficiency and if a new applicant needs to undergo additional testing. New applicants for hackney carriage and private hire driver's licence must demonstrate a basic level of spoken English or they will be required to pass a prescribed independently administered English test prior to their application for a private hire or hackney carriage driver's licence being considered. Candidates will be responsible for all the costs associated with this additional testing.

3.3 Driving proficiency, qualifications and giving assistance

We have concluded that the standard DVLA driving test provides sufficient evidence of driving competency for the drivers of hackney carriage and private hire vehicles. There are nationally recognised vocational qualifications for the hackney carriage and private hire trades. These cover customer care, including how best to meet the needs of people with disabilities and there may be advantages in encouraging drivers to obtain one of these qualifications in the future. We encourage such training as this enhances the standing of the trade as one with recognised qualifications to demonstrate competence.

A driver who has accumulated nine or more points on their DVLA licence or who have complaints proven against them about the standard of their driving may be required to pass the Driving Standards Agency Taxi and Private Hire Drivers Assessment in order to remain licensed by the council.

3.4 Safeguarding training

The council has duty to protect those who are vulnerable. We are committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and we expect the taxi and private hire trade to share this commitment.

All licensed drivers must demonstrate successful completion of a prescribed safeguarding training within six months of first being licensed or within 12 months of renewing their licence.

The fee for this training will be published separately together with the other council licensing fees.

If an applicant or existing licensed driver can show they have passed adequate similar training will be exempted from this requirement.

Drivers who fail to comply with this requirement will have their licence suspended until they demonstrate that they have met this requirement.

3.5 DVLA driving record check

Before the grant or renewal of a driver's licence, the applicant will be required to submit to a DVLA check. Applicants can share their driving records by using an electronic self-service system. There is no fee for the self-service system. However, applicants will pay a fee if they do not wish to use the self-service system. We will require a mandate for release of information under the data subject access provisions of the Data Protection Act 1984, section 21 (1) and (2), from the DVLA for every application.

This check brings to light any driving offences committed that may not appear on the licence submitted and which should have been declared on the application form.

3.6 Medical examination

The DfT recognises that it is good practice for medical checks to be made on each driver as a condition for the initial grant of a licence and for each renewal. Adopting 'Group 2' medical standards as applied by DVLA to the licensing of lorry and bus drivers and applying standards to hackney carriage and private hire drivers is considered to be best practice by DfT guidance.

A medical examination carried out by a GP at the surgery the applicant is registered at is required before the grant of a driver's licence in order to assess an applicant's fitness to drive a licensed vehicle. A DVLA Group 2 standard of medical fitness for professional drivers will be required.

A request form for a medical examination, which must be presented to a GP at the applicant's registered GP surgery, is obtainable from the licensing team. The applicant will be responsible for paying the fee for the examination to their GP surgery. On completion of the examination, a confidential report will be submitted to the council. The GP completing the medical examination will be required to certify that they have checked the applicant's personal medical records before completing the medical examination.

The DVLA Group 2 medical standard stipulates that over the age of 45 drivers will require a medical every five years. Drivers aged 65 and over, or those with relevant medical conditions, will require an annual examination. More frequent checks will be required if the medical practitioner thinks it is necessary. Holders of current PSV and/or HGV licences who can produce proof of a current medical examination, not more than one month old, will not need to undergo a further medical examination before licensing or re-licensing.

Licence holders must advise the licensing team, in writing, of any deterioration in their health that may affect their driving capabilities. If there is any doubt as to the medical fitness of the applicant, we may require the applicant to undergo a further medical examination by a medical practitioner appointed by us. In these circumstances we will pay for the medical examination. Where there remains any doubt about the fitness of any applicant, the applicant will be brought before the licensing sub-committee and they will review the medical evidence and make the final decision.

3.7 Disclosure and Barring

A criminal record check on a driver is an important safety measure. The DfT considers that such checks should be at the level of enhanced disclosure through the Disclosure and Barring Service as these disclosures include details of spent convictions and police cautions.

The Rehabilitation of Offenders Act 1974 and associated amendments sets out the period after which a conviction/caution/warning would be regarded as 'spent' and not normally require disclosure of that conviction. However, in 2002 the Rehabilitation of Offenders Act 1974 was amended so as to exclude hackney carriage and private hire drivers from the 1974 Act. This was because the driving of hackney carriages and private hire vehicles was listed as a 'Regulated Occupation' in relation to which questions may be asked as to the suitability of individuals to be granted a licence.

Applicants for such licences must therefore disclose all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders, traffic offences and fixed penalty notices, including those that would previously have been regarded as spent under the 1974 Act.

An Enhanced Disclosure and Barring Service disclosure certificate will be required before a licence to drive a hackney carriage or private hire vehicle is granted and then every three years. We will accept portability of DBSs where it is done through an approved DBS body and the workforce category is the same as the workforce category for hackney carriage and private hire drivers. We will only accept DBS certificates issued within 28 days prior to the date we receive the DBS certificate.

Where the applicant is registered with the DBS Update service, we will accept the DBS certificate regardless of how long ago it was issued and we will carry out an electronic check in accordance with the DBS procedures. If the electronic check reveals that there is a change since the last DBS certificate was issued, we will require a new DBS certificate.

We may request another disclosure at any time if a further check is considered necessary. As a further safeguard a regime of random Enhanced DBS checks on drivers may be carried out. If a driver is given notice to undertake a random DBS check by the council they must do so within 28 days of the request.

There will be a condition on the licence to advise drivers that their hackney carriage or private hire driver's licence may be suspended or revoked if any relevant information is later found on the DBS disclosure.

We are bound by rules of confidentiality, and we will not divulge any information to third parties. The applicant for a DBS disclosure is sent a disclosure report to their home address; this must then be shown to the licensing team. We will manage information arising from disclosures in accordance with the DBS's codes of practice.

Licensed drivers must report all new convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) in writing within seven working days.

Currently the DBS only has details of offences committed in England, Scotland, Wales, Northern Ireland, Jersey, Guernsey, the Isle of Man and Gibraltar, therefore if an applicant has lived in countries other than these an authenticated certificate of good conduct from the relevant embassy/ies will be required. If an applicant submits a certificate of good conduct in a language other than English, we may appoint a translator and the translation fee will be passed on to the applicant. The application will not be considered complete if this fee has not been paid. Most embassies produce the certificate in English.

3.8 Relevance of convictions and cautions

When assessing whether an applicant is a 'fit and proper person' to hold a licence, or whether an existing licence holder is still a 'fit and proper person' to continue to hold a licence, we will consider each case on its merits. It will take account of convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders, and fixed penalties (including traffic offences) whether spent or unspent, but only in so far as they are relevant to an application for a licence. The licensing officer will assess the information provided, in accordance with the licensing policy, and decide whether the applicant is a 'fit and proper person' to hold a licence or whether the existing licence holder is still a 'fit and proper person' to continue to hold a licence. Where the applicant meets the requirements of the policy and the licensing officer concludes that the applicant is a 'fit and proper person' the licensing officer has the delegated authority to approve the application.

Where the licensing officer cannot be satisfied that either the applicant or an existing licence holder is a fit and proper person the matter may be referred to the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

When dealing with convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders, and fixed penalties (including traffic offences), we will take into account:

- a) whether convictions are spent or unspent
- b) the nature of the offences
- c) the age of the offences
- d) whether the offences are relevant
- e) the number of offences.

Guidance about specific offences is given in Appendix E. In general terms, if the offence is recent and relevant to public safety, the council is;

- a) less likely to approve the application for a new licence, and
- b) more likely to revoke an existing licence.

Applicants can appeal to their local magistrate's court against a refusal to grant or decision to suspend or revoke the licence.

Applicants or existing licence holders may be referred to the licensing sub-committee where the applicant/existing licence holder's record includes one or more of the following:

- a) any term of imprisonment or custody
- b) any conviction for a violent or sexual offence, or dishonesty which is of a serious nature
- c) any serious motoring offence, such as dangerous driving, driving whilst disqualified, or drink driving
- d) nine or more points on their DVLA Driving Licence.

3.9 Proof of right to work in the UK

Employers are liable to a civil penalty of up to £20,000 per illegal worker if they knowingly employ someone who does not have the right to work in the UK.

Whilst not being the employer of hackney carriage or private hire drivers, it is necessary for licensing authorities to check on an applicant's right to work before granting a hackney carriage/private hire driver's licence. We agree that this is not only good practice but helps protect the income of those currently licensed who do have the right to work.

We will refer to the latest Government guidance when dealing with applicants and therefore all applicants will have to prove their right to work in the UK by supplying the relevant documentation as detailed in the guidance.

If an applicant is unable to provide satisfactory proof of their right to work in the UK, there will be no option other than to refuse to grant or refuse to renew the licence, or if circumstances came to light during the duration of a licence, to revoke it. To issue the licence may be regarded as condoning the offence and assisting the applicant to gain employment to which they are not entitled.

All current licensed drivers if required will be asked to prove their right to work on renewal of their licence. The right to work will normally only need to be proved once. Applicants may only be licensed until their right to work will expire.

If after referring to the relevant Government guidance, licensing officers are still unsure about an applicant's right to work in the UK, they will discuss the applicant's documentation with the Home Office. If it transpires the applicant is illegally in the UK (due to illegally entering or overstaying for example) council officers will assist the UK Border Force, Immigration Office or police in their enquiries as necessary.

3.10 Behaviour and conduct of drivers

Adopting a Code of Good Conduct for hackney carriage and private hire drivers serves to promote the council's licensing objectives.

The standards expected of licensed drivers are set out in the Code of Good Conduct that is included within the conditions attached to the driver's licence and set out at Appendix A.

Failure to comply with any aspect of the Code of Good Conduct will not necessarily result in enforcement action. However, breach of the code is an indicator which licensing officers will use to help decide upon subsequent enforcement action. This may result in enforcement action by licensing officers or if necessary, by the licensing sub-committee. Repeated breaches following education or warnings may lead to more serious consequences including if necessary, refusal to renew, suspension or revocation of licences.

3.11 Fit and proper

'Fit and proper person' is not defined in any of the legislation but is key when determining a driver application or renewal. The following statement is commonly used as a guide to clarifying the meaning. 'Would you allow your son, daughter, mother, spouse or other person you care about get into this vehicle with this person alone?'

This statement was confirmed in discussion by Silber J. in the case of Leeds City Council v Hussain (2002) which surrounds the suspension of a driver;

'... the purpose of the power of suspension is to protect the users of licensed vehicles and those who are driven by them and members of the public. Its purpose is to prevent licences being given to or used by those who are not suitable people taking into account their driving record, their driving experience, their sobriety, mental and physical fitness, honesty, and that they are people who would not take advantage of their employment to abuse or assault people'

Officers and the licensing sub-committee will bear the above statement in mind when determining applications, renewals and when making enforcement decisions. Other factors will also be considered on a case by case basis.

3.12 Grant and renewal of licences

Licences to drive hackney carriage and private hire vehicles (driver's licence) will generally be granted for three years. We may issue licences for a shorter period where it may be necessary, we will issue shorter licences on case by case basis.

To allow sufficient time for documents to be processed, applicants should ensure to submit their complete application, including the fee, at least eight weeks before expiry of a driver's licence.

We will aim to send a reminder letter to drivers twelve weeks before the expiry of an existing licence. Drivers are reminded that we are not obliged to do this and the responsibility of ensuring licences and DBS disclosures do not expire remains with the licence holder. If a DBS disclosure has not been issued in time we may only renew a driver's licence if the applicant has returned their application form for the DBS disclosure in the time specified on the renewal letter.

We may refuse to grant licences where the application is missing any of the necessary documentation. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued, therefore the driver will be unlicensed during which time it will be illegal for them to drive a licensed hackney carriage or private hire vehicle or to use an unlicensed vehicle for the carriage of passengers for hire and reward.

Applications for a hackney carriage/private hire driver's licence must be made on the prescribed application form, including any electronic forms.

Once we have the complete application, we will consider it on its own merits taking into account the driver's previous history of behaviour to determine if they meet the 'fit and proper person' criteria.

The licence fees payable is subject to annual review and will be published together with other council licensing fees.

3.13 Change of details

Drivers must notify us in writing within seven days of any change of address or telephone number during the period of the licence.

4. Private Hire Operators

4.1 Requirements and obligations

Any person who operates a private hire service (who is not a hackney carriage proprietor allowing hackney carriages to be used for private hire) must apply for a private hire operator's licence. The objective in licensing private hire operators is the safety of the public. Best practice in respect of the controls required over private hire operators is to ensure that the costs of any licensing requirements are commensurate with benefits that they seek to achieve.

A private hire vehicle must only be dispatched to a customer by a licensed private hire operator. Such a licence permits the operator to invite or accept bookings for a private hire vehicle. Private hire operators must ensure that every private hire vehicle that they operate is licensed by the same council who issued them with the operator's licence and that it is driven by a person who holds a private hire driver's licence issued by the same council.

Applicants must apply for an operator's licence using the prescribed form, including any electronic forms and submit the correct fee. All new private hire operators must undergo a Basic Disclosure (if the operator is also a licensed driver with the council the requirement for the DBS disclosure is waived as the driver will have been subject to an Enhanced Disclosure). We will then decide whether the applicant is a fit and

proper person to hold such a licence. The applicant must prove that they are entitled to work within the UK. For details of the requirement and guidance please see paragraph 3.9

If an applicant is unable to provide satisfactory proof of their right to work in the UK, there will be no option other than to refuse to grant or refuse to renew the licence, or if circumstances came to light during the duration of a licence, to revoke it. To issue the licence may be regarded as condoning the offence.

4.2 Criminal record checks

Private hire operators are not exempt from the Rehabilitation of Offenders Act 1974. We will require a Basic Disclosure and Certificate of Good Conduct (if required) before a licence is granted and then every five years. Where the private hire operator is trading as a limited company we may also require the directors and company secretary to undertake a Basic Disclosure check.

We will consider each application on its own merits once the application form and supporting documents are complete.

4.3 Conditions

Private hire operators' licences are issued with conditions set out in Appendix B. We may impose additional where necessary.

4.4 Record keeping

Section 56(2) and (3) of the Local Government (Miscellaneous Provisions) Act 1976 requires operators to record specific information. The information shall be kept in a suitable book or on a computer or any other similar device. If using a book the pages must be numbered consecutively and the operator shall enter or cause to be entered before commencement of each journey, the following particulars of every booking accepted:

- a) the time and date of the booking
- b) the name of the hirer
- c) the fare quoted
- d) how the booking was made, e.g. telephone or email and the time
- e) the time of the proposed pick up
- f) the point of pick up and drop off
- g) the registration or plate number of the vehicle allocated for the booking and the name of the driver.

Operators are legally required to keep records in respect of all bookings, vehicles and drivers, for a period of one year as set out in the private hire operator's conditions.

Operators who maintain computerised records will be required to give access to these records to licensing officers upon request in order that the licensing officers can carry out their enforcement duties.

Operators will also be required to provide adequate instruction to licensing officers in order to enable them to interrogate the computerised records to gather the information they require to carry out their enforcement duties.

4.5 Insurance

Operators are required to provide evidence that public liability insurance to the value of £5 million has been taken out for premises that are open to the public (e.g. waiting rooms).

4.6 Address from which an operator may operate

The address used on the operator's application form must be the one where the invitation and acceptance of bookings take place. This will be the premises where the records referred to above are kept and at which they may be inspected by licensing officers. This will also be the address at which the vehicle(s) will normally be kept and be available for inspection.

It will be the responsibility of the operator to ensure that necessary planning consent exists for the operational address to be used for that purpose.

We cannot grant a private hire operator's licence for an operator with an operating base that is outside the council's areas.

4.7 Sub-contracting

A private hire operator may sub-contract a booking to another licensed private hire operator in accordance with relevant legislation. A record of who the booking was sub-contracted to and when must be made in accordance with the licence conditions.

4.8 Grant and renewal of licences

Private hire operator's licences will be granted for a five year period. We may issue licences for a shorter period where it may be necessary. We will issue shorter licences on case by case basis.

Whilst we will aim to send a reminder letter to the current operator before their existing licence expires, operators are reminded that we are not obliged to do this and the responsibility for ensuring licences do not expire remains with the licence holder.

If a disclosure has not been issued in time, we will only renew an operator's licence if the applicant has returned their application form in the time specified on the renewal letter. However, we may place a condition on the licence that private hire operator's licence may be suspended or revoked if any relevant information is later found on the disclosure.

We may refuse to grant licences where the application is missing any of the necessary paperwork. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued, resulting in it being illegal to operate as no operator's licence would be in force.

Applications for operator's licences must be made on the prescribed application form, including any electronic forms. The licence fees payable are subject to annual review and will be published together with other council licensing fees.

4.9 Change of details

The operator must notify the council in writing within seven days of any change of address, (whether this is a home address or the operating address) or change of telephone number or any other details during the period of the licence.

2. This element of the policy does not apply in relation to vehicles used solely in connection with weddings and funerals, as these are exempt from private hire licensing.
3. The general licence conditions for private hire vehicles will not normally allow for novelty vehicles to be licensed for a number of reasons including the style and design of the vehicle.

2. Any hackney carriage/private hire driver's badge that is supplied by the council will cease to be valid on the expiry of the licence or upon suspension, surrender or revocation of the licence. Any badge supplied remains the property of the council and must be returned to the council if suspended, revoked or expired. If demanded the licence holder must return their licence and badge to the council. The penalty for failing to comply with this request is a fine not exceeding Level 1 on the Standard Scale.

7. Any driver of a hackney carriage/ private hire vehicle acting in a disorderly, abusive, aggressive, or violent manner towards any member of the public, other driver or officer of the council may be deemed not to be a 'fit and proper person' to hold a licence.
8. Vehicle proprietors and drivers shall ensure that licensed vehicles do not cause an obstruction or nuisance to local residents when parked or collecting passengers.
9. To avoid nuisance to residents when picking up or waiting for a fare, a driver shall:-
 - a) not sound the vehicle's horn unless in case of emergency
 - b) keep the volume of audio and communications equipment to a reasonable level
 - c) switch off the engine if required to wait
 - d) take all reasonable additional action as is necessary to avoid disturbance to residents in the neighbourhood.
10. Every driver shall at all times when in charge of a licensed vehicle wear their driver's badge supplied by the council and the badge should be clearly visible.
11. Under Equalities Act 2010 Section 168 (Assistance Dogs), drivers will be required to carry an assistance dog accompanying a disabled person without any additional charge unless the driver has a medical exemption certificate that allows him/her not to carry dogs for medical reasons.
12. A driver shall give notice in writing to the council within seven working days of any change in medical condition. If required by the council a new medical may be required to determine if the driver is a 'fit and proper person'.
13. At hackney carriage ranks drivers shall;
 - a) queue in an orderly manner and proceed along the rank in order and promptly

- b) if approached by a potential customer, direct them to the hackney carriage at the front of the rank unless the passengers specifically ask for a particular driver or company

15. The holder of every hackney carriage and private hire vehicle and drivers licence shall comply with the provisions relating to hackney carriage and private hire drivers and vehicles contained in the following legislation:

- a) Town Police Clauses Act 1847
- b) Part II Local Government (Miscellaneous Provisions) Act 1976
- c) Road Traffic Act 1988 Part 11 (a) Construction and Use of Vehicles and Equipment
- d) Section 168 Equalities Act 2010 (Assistance Dogs).

APPENDIX D: Consideration of applications for the grant, renewal, suspension or revocation of licences

1. Upon receipt of a completed application form, the licensing officer will consider the application on its individual merits taking into account the person's previous history of behaviour to determine whether they meet the 'fit and proper person' criteria. Where the consideration is a review of an existing licence holder this will be to determine whether that person continues to meet the 'fit and proper person' criteria. Where the application is incomplete, it will not be considered until the missing details or documents are supplied and may be returned along with any fee provided.
2. Where having considered the application or review against the criteria of the council's policy the licensing officer considers that the person meets the criteria of a fit and proper person, the licensing officer has delegated powers to approve the application.
3. Successful applicants will be issued with a licence. Those who are granted a driver's licence will be issued with a badge, which will remain the property of the council and must be surrendered if the driver's licence is suspended or revoked. If a licence is suspended the driver must within seven days of that suspension return the badge to the council. If that suspension is subsequently lifted the badge will be returned to the driver within two working days.
4. Where having taken into account the applicant's history of behaviour including convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) the licensing officer is not satisfied that the person meets the criteria of a 'fit and proper person' and should therefore not be granted a licence, the officer will make a recommendation to the licensing sub-committee.
6. The proceedings and terms of reference of the licensing sub-committee are set out on the council's website.

Suspension or revocation

7. Under Section 61 (1) of the Local Government (Miscellaneous Provisions) Act 1976 a district council may suspend, revoke or refuse to renew a Hackney Carriage / Private Hire driver's licence. This may be for the following reasons;
 - a) since the grant of the licence they have been convicted of an offence involving dishonesty, indecency or violence, or
 - b) any other reasonable cause.
9. Under this section the driver has 21 days to appeal against the decision to their local Magistrates Court and during the appeal period the licence holder can continue to drive Hackney Carriage / Private Hire vehicles.
10. Section 61 (2B) of the Local Government (Miscellaneous Provisions) Act 1976 enables a decision to suspend or revoke a Hackney Carriage / Private Hire drivers licence to take immediate effect should the council believe it to be necessary in the interests of public safety. This means the driver cannot continue to drive Hackney Carriage / Private Hire vehicles during the appeal period.
11. The Licensing Committee delegated authority to the Deputy Chief Executive to immediately suspend or revoke a Hackney Carriage or Private Hire driver's licence where it is considered necessary in the interest of public safety.
12. A 'fast track' procedure will be adopted to re-licence those drivers who have had their licence revoked but have subsequently been found to be fit and proper. In these cases, the driver will supply the council with a new application form but there will be no subsequent application fee. All pre-check enquiries (DBS, medical, references etc.) would stand and the dates they were previously due to expire would be valid, as would the licence itself.

APPENDIX E: Relevance of convictions

1. All applicants for a hackney carriage/private hire driver's licence must complete an enhanced Disclosure and Barring Service (DBS) check prior to the granting of a licence.
2. On completing the council's licence application form all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) and pending court cases or licensing hearings must be declared. Failure to disclose convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) which are subsequently notified by the Disclosure and Barring Service or any pending court cases or licensing hearings will be considered to be an act of dishonesty and may result in the application being refused or the licence revoked. Applicants should note that any reference in this appendix to conviction also includes all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences).
3. All past convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) will be considered in accordance with Home Office guidelines. The Rehabilitation of Offenders Act 1974 as amended by the Legal Aid, Sentencing and Punishment Act 2012 sets out the period after which all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) are regarded as 'spent' and which would not normally necessitate disclosure. In 2002 the Rehabilitation of Offenders Act was amended so as to exclude hackney carriage and private hire drivers from the effects of the 1974 Act. Applicants for such licences are now required to disclose all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) including those that would previously have been regarded as spent under the Act. The council will use the Rehabilitation of Offenders Act 1974 as guidance but in every case the individual facts will be considered in accordance with the criteria set out in the policy.
4. The overriding consideration is the safety of the public. The council has a duty to ensure so far as possible that those licensed to drive hackney carriage and private hire vehicles are suitable persons to do so, that they are safe drivers with good driving records and adequate experience, sober, courteous, mentally and physically fit, honest and not persons who would take advantage of their employment to abuse or assault passengers.
5. A person with a current conviction for a serious crime need not be permanently barred from obtaining a licence but should be expected to (a) remain free of conviction for an appropriate period and (b) show adequate evidence of good character from the time of the conviction. Simply remaining free of conviction will not generally be regarded as sufficient evidence of good character.
6. Some discretion may be applied if the offence is isolated and there are mitigating circumstances. Similarly, multiple offences or a series of offences over a period of time are likely to give greater cause for concern and may demonstrate a pattern of inappropriate behaviour which will be taken into account.

The Rehabilitation of Offenders Act 1974

7. Rehabilitation of Offenders Act 1974 guidelines as amended by the Legal Aid, Sentencing and Punishment Act 2012 will be used by the council, but for repeat offenders or offences that are not stipulated under the Rehabilitation of Offenders Act 1974 the following guidelines will be used to determine if an applicant is a fit and proper person to hold a licence.

Minor traffic offences

8. Convictions for minor traffic offences should not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence. However, the number, type and frequency of such offences will be taken into account and if there are several offences of this nature the applicant will normally be expected to show a period free of conviction of at least six months. An application will

normally be refused where an applicant has nine or more penalty points on his/her DVLA licence (whether or not the applicant was convicted by a court for the offences for which the points were imposed) or where the applicant has more than one conviction for this type of offence within the last six months. An existing licence holder may be suspended where the person has nine or more penalty points on his/her DVLA licence (whether or not the applicant was convicted by a court for the offences for which the points were imposed) or where the applicant has more than one conviction for this type of offence within the last six months. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.

Major traffic offences

9. Isolated convictions, without disqualification, for a major traffic offence should not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence but will normally merit a warning as to future driving and advice on the standard expected of hackney carriage and private hire drivers. More than one conviction for this type of offence within the last two years would require the application or an existing licence holder to be referred to the licensing sub-committee for a decision. No further application would normally be considered until a period of three years free from convictions has elapsed. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.

These offences are;

Hybrid traffic offences

10. Offences of this type will be treated as major traffic offences if the court awarded four or more penalty points or as minor traffic offences if the court awarded three or less penalty points and will then be dealt with in accordance with minor or major traffic offences as necessary.

This list is not exhaustive and codes may be changed or added during the duration of this policy. If an applicant or current licence holder has been disqualified or given points that are not listed here, they will still be taken into account.

Use of handheld mobile telephones whilst driving

11. Isolated convictions for use of a handheld mobile telephone or device should not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence. However, the number, type and frequency of such offences will be taken into account and if there are more than two offences of this nature the applicant will normally be expected to show a period free of conviction of at least six months. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.

Offences under the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976

12. One of the main purposes of the licensing regime is to ensure the protection of the public. For this reason a serious view is taken of all convictions, warnings, reprimands, criminal behaviour orders, cautions, community service orders, restraining orders and fixed penalties (including traffic offences) when deciding whether an applicant or an existing licence holder is to be treated as a 'fit and proper person' to hold or continue to hold a licence.

13. An applicant may be refused a licence where he or she has been convicted of an offence under the Acts at any time during the six months preceding the application, or has more than one conviction within the two years preceding the date of the application. If an existing proprietor, operator or driver is convicted of an offence under the legislation it could lead to all relevant licences being revoked for a minimum of five years; those who committed two or more offences would not normally be considered for a minimum of ten years but in most cases would be refused a licence for life. For new applicants who have submitted applications but are suspected of breaching the above named Acts, their application will be kept on hold pending a full investigation by the licensing officer. Those drivers who have had a licence revoked by any other local authority will not normally be considered for a minimum of five years after that revocation.
14. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Driving under the influence of alcohol offences

15. Convictions of driving or being in charge of a vehicle while under the influence of drink will be viewed seriously. An isolated spent conviction under the guidelines of The Rehabilitation of Offenders Act 1974 may not prevent an applicant from gaining a licence or an existing licence holder from keeping their licence, but a warning will be given as to future behaviour. If an applicant has been convicted of drink driving whilst in charge of a vehicle, the applicant may be refused a licence until five years after restoration of the DVLA driving licence. Where an application has been refused or an existing licence holder suspended because of this provision they may be required to pass the DSA Taxi and Private Hire Assessment before the licence is granted or the suspended licence reinstated.
16. An unspent conviction for this type of offence will result in the refusal of the application or the revocation of an existing licence. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority. .

Public disorder offences involving alcohol

17. An isolated conviction for an alcohol related offence need not prevent an applicant from gaining a licence or an existing licence holder keeping their licence. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Drugs

18. An applicant with a conviction for a drug related offence will be required to show a period of a least five years free of convictions before an application is granted. An existing licence holder who is convicted of a drug related offence will be referred to the licensing sub-committee who could order that all relevant licences are revoked. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing

licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Indecency offences

19. Applicants with convictions for soliciting will be refused a licence until five years free of such offences. An existing licence holder who is convicted of soliciting will be referred to the licensing sub-committee who could order that all relevant licences are revoked. Applicants with convictions for indecent exposure, indecent assault, importuning, or any of the more serious sexual offences, will be refused until a minimum of ten years free of such offences has passed. An existing licence holder who is convicted of any of these offences will be referred to the licensing sub-committee who could order that all relevant licences are revoked. More than one conviction for this kind of offence will mean that no licence will be granted. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Violence

20. As hackney carriage and private hire drivers maintain close contact with the public any existing licence holder with a conviction for any of the offences set out below will have his licence revoked. - a) murder
 - b) manslaughter
 - c) manslaughter or culpable homicide while driving

 - h) grievous bodily harm (s.20 Offences Against the Person Act)
 - i) robbery
 - j) racially aggravated criminal damage (s.30 Crime and Disorder Act 1998)
 - k) racially aggravated s.4 Public Order Act 1986 offence (fear or provocation of violence) (s.31(1)(a) Crime and Disorder Act 1998)
 - l) racially aggravated s.4A Public Order Act 1986 offence (intentional harassment, alarm or distress) (s.31 (1)(b) Crime and Disorder Act 1998)
 - m) racially aggravated s.2 Protection from Harassment Act 1997 offence (harassment) (s.32(1)(a) Crime and Disorder Act 1998)
 - n) racially aggravated s.4 Protection from Harassment Act 1997 offence (putting people in fear of violence) (s.32 (1) (b) Crime and Disorder Act 1998).
21. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

22. As hackney carriage and private hire drivers maintain close contact with the public any existing licence holder with a conviction for any of the offences set out below will have his licence revoked. Any applicant for a licence will be refused where they have an unspent conviction for any of the offences below:
- a) common assault

 - g) riot
 - h) obstruction
 - i) possession of an offensive weapon
 - j) possession of a firearm
 - k) criminal damage
 - l) violent disorder

23. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Theft and fraud

24. Drivers of hackney carriage and private hire vehicles are expected to be honest.
25. As hackney carriage and private hire drivers maintain close contact with the public any existing licence holder with a conviction for an offence of theft or fraud will have his licence revoked. Any applicant for a licence will be refused where they have an unspent conviction for any of the offences listed below:

26. If the licensing officer having considered the applicant's or existing licence holder's previous history of behaviour or taken any other relevant matter into account considers that, based on all this information, the applicant is not 'fit and proper' or that an existing licence holder no longer is a 'fit and proper person', the licensing officer will submit a report for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.

Driver's behaviour

27. Any hackney carriage/private hire driver acting in a disorderly, abusive or violent manner towards any member of the public, other driver, police officer or any council official (including officials from other councils) will be deemed not to be a 'fit and proper person' to hold a licence and will be referred for consideration by the licensing sub-committee. Where it is necessary to immediately suspend or revoke in the interest of public safety, the licensing officer will recommend the Deputy Chief Executive to immediately suspend or revoke an existing licence under their delegated authority.
