2) The favourable variance of £18k includes the following:

£30k saving due to the Planning Liason/Contaminated Land Officer vacancy, this post will remain vacant for the majority of the year, we have been using Bromsgrove DC for Planning advice, these costs are included in Payments to Third Parties.

The Community Safety/ASB Coordinator post was vacant for part of the year equating to £14k

£16k favourable variance as various posts in Environmental Health are part time but are budgeted as FTE

£12k favourable variance as the Licensing & Systems Officer reduced his contracted hours

Environmental Health Manager post is £12k over budget as the role has been backfilled through an agency

£11k adverse variance as the Ubico Contract Manager role was temporarily backfilled through an agency during the recruitment process

3) The adverse variance of £115k is due to the following:

Ubico informed us that due to the national driver shortage, from September they will need to increase the drivers hourly rate by a market supplement, this equates to £68k this financial year.

Ubico are no longer the provider of the Bulky Waste Collection service, currently there is a cost for the extra resource of £30k which needs to be redeployed. We are currently working closely with Ubico to reduce this cost and utilise the extra resource within other service streams.

There has been a significant increase in flytipping which Ubico predict will be £11k over budget.

Ubico are also projecting an additional £15k to the Trade Waste Service.

£35k to be spent on Domestic Abuse which is offset against the £35k grant we have received, which is included in income.

We have seen a reduction in the MRF gate fee which we expect for the foreseeable, this is due to transferring the MRF gate contract to the new provider and a reduction in waste rejection, which in turn has reduced costs by £108k. We also received a £20k credit note from Suez relating to 20/21, which was unforeseen.

£25k adverse variance due to obtaining planning advice from Bromsgrove District Council as we currently do not have the resource in house as the Planning Liason & Contaminated Land Officer post is vacant.

We have seen a large increase in demand of emergency accommodation which we project to be £32k over budget, this overspend will have to be funded by the homelessness grant.

£20k adverse variance as the pharmacy collection of NHS sharps for 21/22 was omitted from the budget.

4) Breakdown of COVID expenditure:

Ubico costs for extra PPE, staffing, sick pay, cleaning materials etc..expected to be £50k by the end of the financial year

£20k - Environmental Health Manager's resource on COVID related matters.

5) Breakdown of COVID recovery expenditure:

We have £100k to spend by 31st March 22 on COVID related matters.

6) Breakdown of £362k favourable variance:

£216k homelessness grant received

Due to a decrease in residual waste we are expected to receive £40k more in recycling credits this year.

The bulky waste service is expected to generate an additional £27k by the end of the year.

Domestic Abuse grant of £35k not within base budget

Income received from the garden waste service is currently £11k greater than budget

We have generated an additional £19k from the trade waste service.

### Development Services

	Full Year Budget	Projected Outturn	Savings / (Deficit)	
	£	£	£	
Employees	2,049,431	1,995,155	54,276	18
Premises	43,320	40,977	2,343	
Transport	0	2587.9	(2,588)	
Supplies & Services	204,885	197,571	7,314	
Payments to Third Parties	311,795	292,812	18,983	19
COVID-19 Costs	0	0	0	
Income	(1,391,122)	(1,501,903)	110,781	20
<b>TOTAL</b>	<b>1,218,309</b>	<b>1,027,200</b>	<b>191,109</b>	

18) The employee variance of £54k relates to savings across the Development group. The Planning Department has recently experienced a number of internal moves, resulting in new posts being made vacant. These have gone out for recruitment. Planning policy have a vacant senior Policy Officer, this is also currently being recruited. Moreover, the policy manager is contracted to work 7 hours less a week than budgeted for. The remaining salary savings within Development is the Tourism post. The remaining savings are to be allocated to the Development Service review. However, nothing is yet committed so the saving is being shown.

19) Planning Appeal costs already total almost £100k at Q2. Some expenditure has been reallocated to provisions. Any other expenditure should now be allocated to the earmarked reserve, where we have £140k. The Tourist Information centres would usually purchase tickets for resale. Due to COVID, large events have still not gone ahead. As a result, there is an anticipated saving of £29k where these tickets have not been purchased. This does also give a negative variance on the income budget where we've not sold them on. £10k of this saving is being reduced by a predicted overspend in agency planning advice and support. The overspend in this area aligns with the number of planning applications received this financial year. It's also reflected in the planning income surplus.

20) Planning income is expected to be above target by year end. A £250k application was received from the MOD in Q1. This was not included in the original income forecast for the year and therefore is a gain. At this point in the year there are no plans to commit the planning income surplus to other projects. This is because the remaining applications, expected to be submitted, are not guaranteed. Moreover, pre-app income is down on budget. This is difficult to predict so, to be prudent, we've assumed the trend will continue. This would result in an overall estimated shortfall of £20k. There is also a high court decision due on speculative development sites. This is having an impact on the amount of pre-planning applications being submitted. Finally, the Tourist Information Centres will have a likely shortfall of £40k against budget, due to closure in their busiest period.

### Finance and Asset Management

	Full Year Budget	Projected Outturn	Savings / (Deficit)

<b>TOTAL</b>	<b>2,550,573</b>	<b>2,926,372</b>	<b>(375,799)</b>	

21) Rates for the public offices is greater than budget due to us paying the rates for the vacant offices.

22) Surplus expected due to less pool car use than budgeted for

23) Savings due to £34k on bank charges and expected £8k on postage. These are reduced by additional audit costs of £12k, possible £6k higher insurance costs (mainly on cyber cover), and £7k of additional treasury brokerage fees for future dated borrowing deal.

24) Leisure centre costs based on latest Places for People report, we are committed to supporting the contractor financially during COVID restrictions.

25) Expected losses of £55k on car parks income due to lockdown restrictions in Q1. Car Park excess charges due to be at least £6k down too. The rent at the Council Offices is also due to be £62k down on budget due to a number of vacant offices. At present we expect no income from the leisure centre so a £160k loss. There are some gains expected on Car Park Permits and cemeteries, with cemeteries nearly reaching their full year target. However, it is expected that income will be considerably lower in the second half of the year.

### One Legal

	Full Year Budget	Projected Outturn	Savings / (Deficit)	
	£	£	£	
Employees	2,276,597	1,843,581	433,016	26

<b>TOTAL</b>	<b>243,658</b>	<b>252,838</b>	<b>(9,180)</b>	

26) The £433k employee variance relates to various vacant posts across One Legal. Agency staff being utilised where possible to meet the work requirements.

27) Limited resources available to undertake additional work have had an impact on the ability to achieve the income targets and as a result, the actual income for Q2 is below the budget.

In addition, year end projection is based on the current performance and some historical data to reflect income fluctuations. Historically, income figures increased significantly towards the end of financial year.

### Borough Solicitor
