1.0 INTRODUCTION

1.1 The Housing Strategy was approved by Council in April 2022. Production of the strategy was led by an evidence-based approach. Key to this was the Local Housing Needs Assessment (2020) which identifies our requirements for affordable housing and highlights the need for social rent tenure properties. Four workshops were held with many key stakeholders, including a session attended by Members, and provided information on challenges and objectives. This stage was important to ensure our partners were fully included in the production process.

1.2 The strategy contains 3 key priorities:

- Increasing the supply of new homes, including affordable homes.
- Regenerating and making best use of existing housing.
- Meeting the housing needs of homeless households and others with specific needs.

The objectives detailed in the strategy have been presented in an action plan to monitor progress. The action plan will be monitored by Overview and Scrutiny Committee through bi-annual reports.

2.0 HOUSING AND HOMELESSNESS STRATEGY ACTION PLAN

2.1 The action plan will provide a framework to give direction to services contributing to the objectives in the strategy and enable monitoring of the progress. The actions under the three priorities have been taken directly from the strategy document that was approved by Council.

2.2 Priority 1: Increase the supply of new homes, including affordable homes (For full details see action plan)

2.2.1 A particular focus for Year One will be around assisting customers with the impact of inflation including energy use. Some of these activities will be in improving things for the future but some will involve direct help for customers this year. *'Prioritise reducing fuel poverty through good design and encouraging a 'fabric first' approach'* will help deliver new properties that will benefit future households.

2.2.2 Securing affordable tenure types will also help future customers sustain their tenancies and our focus and success in securing more social rented properties has shown progress in this area and contribute towards the action to, *'Prioritise the delivery of social rented properties to reflect the local evidence of housing need'*.

2.3 Priority 2: Regenerating and making best use of existing housing

2.3.1 The condition of housing stock in the borough and bringing empty homes back into use will be two areas with actions under this priority with plans to, *'Analyse the findings of the Gloucestershire County Stock Condition Survey and put in place an action plan to address the findings for Tewkesbury Borough'* and *'Develop a complimentary strategy to reduce the number of empty homes, making use of legal powers available'*. The condition survey has not been completed but the Empty Homes Strategy will be presented to Executive Committee in November.

2.3.2 Another focus has been on social housing stock and we will work with our Registered Provider partners and support them to deliver improvements to their current accommodation.

2.4 Priority 3: Meeting the housing needs of homeless households and others with specific needs

2.4.1 Actions to, *'Engage with key partners in exploring new ways of helping rough sleepers and other individuals with complex and multiple needs'* and *'Engage with people with 'lived experience' of homelessness and other disadvantage in developing plans for the delivery of housing services'* will help give an understanding of difficulties faced by households experiencing homelessness and inform changes to the service. The Housing Services department will meet with former homeless households and supporting agencies to help improve our service.

2.4.2 The Housing Services department is proud to be leading the work on a new Care Leavers protocol on behalf of the district housing teams across the county. Former Care Leavers have been part of the production of the protocol and it centres on the support that young people require as the transition from care to live independently.

2.5 The activities of the services within the Council that will contribute to the Housing Strategy can vary greatly due to new pressures and can be subject to change. Any changes to the action plan will be made by Head of Community Services in consultation with Lead Member for Housing.

6.0 RELEVANT COUNCIL PLAN PRIORITIES/COUNCIL POLICIES/STRATEGIES

6.1 The Housing Strategy is closely linked to the Council Plan and reflects the Council's commitment to:

- Put the needs of our customers at the heart of what we do and listen to what they say, whilst treating people fairly and without bias.
- Work positively with others - recognising we cannot achieve our objectives by working alone.

The strategy will help support each of the six priorities in the Council Plan.
