Overview

Local area profile

Tewkesbury Borough Council has the responsibility to regulate hackney carriage and private hire trade under the provisions of the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976. We are responsible for licensing hackney carriage and private hire vehicles, drivers and operators. This policy outlines how we will discharge the regulatory functions for hackney carriage and private hire licensing within the borough.

Tewkesbury Borough covers an area of 160 square miles in north Gloucestershire with a population of approximately 86,000 people. The borough is situated within the Severn vale and stretches south beyond the outskirts of Cheltenham and Gloucester with borders alongside the county of Worcestershire to the north. It occupies the northern gateway into the south west region.

The borough is predominantly rural in nature with the largest towns / villages being Tewkesbury, Winchcombe, Bishop's Cleeve and Churchdown.

Purpose and Objectives

- a) **to confirm to members** of the licensing committee the boundaries and powers of the council and the parameters within which to make decisions
- b) **to inform applicants** of the parameters within which the council will make licensing decisions and therefore how licensed operators, drivers and vehicles can operate within the area of the council.
- c) **to inform local residents and businesses** of the parameters within which the council will make licensing decisions and therefore how their needs will be addressed
- d) **to support a case in a court of law** where the council has to show how it arrived at its licensing decisions.

In setting out this policy, we seek to promote the following objectives:

- a) the protection of public health and safety
- b) the maintenance of a professional and respected hackney carriage and private hire trade
- c) access to an efficient and effective transport service
- d) the protection of the environment.

The aim of the licensing process, in this context, is primarily to protect the public as well as to ensure that the public have reasonable access to these services, because of the part they play in local transport provision. It is important that the council's hackney carriage and private hire licensing powers are used to ensure that licensed vehicles in the borough are safe, comfortable, properly insured and available where and when required.

We will have regard to this policy document and the objectives set out above when exercising our discretion in carrying out their regulatory functions. Notwithstanding the existence of this policy, each application or enforcement measure will be considered on its own merits in accordance with the enforcement policy. Where it is necessary to depart substantially from this policy, clear and compelling reasons will be given for doing so.

The policy provides guidance for applicants, drivers and operators to assist them with the application processes and operation of their businesses. This guidance, application forms and current fees are also available on the council's website. In order to ensure that the most up to date version is used, applicants, drivers and operators should not store these forms on their own system but should download the latest version of a form when it is required.

Common Licensing Standards for Licensing Hackney Carriage and Private Hire Drivers in Gloucestershire

Introduction

1. Following the publication of the Department for Transport's ("DfT") Statutory Taxi and Private Hire Vehicle Standards ("the statutory guidance"), the licensing authorities for Gloucestershire has adopted common standards for licensing of hackney carriage and private hire drivers, vehicle proprietors and operators. Please refer to the scope below for further information. These common standards are based on the statutory guidance.
2. The purpose of these common standards is to set a common basic licensing standard for all licence holders and new applicants to promote best practice, maintain high safeguarding standards and to reduce the burden on licence holders and businesses.
3. The scope of the common standards are outlined below and individual licensing authorities retain the right to set its own licensing standards for aspects that are not included in scope.

Licensing Authorities

The Gloucestershire licensing authorities that have signed up to the common standards are:

1. Cotswold District Council
2. Forest of Dean District Council
3. Gloucester City Council
4. Stroud District Council
5. Cheltenham Borough Council
6. Tewkesbury Borough Council

General Principles

Licensing Policies

Each licensing authority that has adopted these common standards will have a comprehensive and a cohesive licensing policy document that brings together procedures on taxi and private hire vehicle licensing including these common standards.

Licensing policy documents will be reviewed every five years or more frequently should there be significant issues arising in their area, and their performance annually. Changes to adopted policies will be consulted on as appropriate including the local licensed trade, with licensing authorities that have adopted these common standards and other key stakeholders.

Any changes in licensing policy and/or requirements will be followed by a review of the licences already issued in accordance with the statutory guidance and on a case to case basis.

Ancillary Policies

Although not in scope of these common licensing standards, each licensing authority that has adopted these common standards will have in place the following ancillary policies:

- Whistleblowing policy and procedure for raising concerns about licensing matters and procedures
- Data sharing agreements and processes to enable sharing licensing information with other licensing authorities
- Procedure(s) for immediate suspension and revocation of licences as circumstances dictate.

Regulatory Structure

Each licensing authority that has adopted these common standards will operate its licensing function in accordance with its own scheme of delegation.

Enforcing the Licensing Regime

The licensing authorities that have adopted these common standards collectively acknowledge the importance of a fair and robust enforcement scheme and approach.

To this end, the following measures have been adopted:

1. Common Enforcement and Complaints Policy & Procedure (Appendix C)
2. Joint authorisation of enforcement officers off the licensing authorities that have adopted these common standards;
3. Information sharing agreements between the licensing authorities that have adopted these common standards

Specific Policies & Procedures

Fit & Proper

Licensing authorities have a duty to ensure that any person to whom they grant a taxi or private hire vehicle driver's licence is a 'fit and proper' person to be a licensee. The question of whether a person is a fit and proper person will be based on the following standard:

Without any prejudice, and based on the information before you, would you allow a person for whom you care, regardless of their condition, to travel alone in a vehicle driven by this person at any time of day or night?

If, on the balance of probabilities, the answer to the question is 'no', the individual should not hold a licence.

The overriding consideration will be safeguarding the public. This means that an applicant or licensee should not be 'given the benefit of doubt'. If the Licensing Sub-Committee or delegated officer is only "50/50" as to whether the applicant or licensee is 'fit and proper', they should not hold a licence. The threshold used here is lower than for a criminal conviction (that being beyond reasonable doubt) and can take into consideration conduct that has not resulted in a criminal conviction.

Licensing officers are delegated in accordance with the table set out in **Appendix A** including for dealing with serious matters that may require the immediate action in relation to a licence.

Information Sharing

Criminal records checks and information

The assessment of fit and proper includes, amongst other things, an assessment of an applicant or licensee's character and any relevant information relating to current or previous history.

Hackney carriage and private hire applicants or licensees will be subject to enhanced criminal records checks through the Disclosure & Barring Service (DBS) including checks against the national barred list.

The DBS check must satisfy the following:

- Workforce must state 'Other Workforce'
- Child and Adult Barring lists must be included

Appendix B, outlines the common standards for rehabilitation times relating to criminal records and other relevant matters outlined.

Hackney carriage and private hire applicants or licensees must be subscribed to the DBS's Update Service.

Each of the licensing authorities that have adopted these common standards will undertake six monthly enhanced DBS checks including checks against the children and adult Barred Lists for licensed drivers. The six month checking requirement will be brought into scope once these standards have been adopted (Autumn 2021).

In the interests of public safety, a licence is unlikely to be granted to any individual that appears on either barred list.

Each of the licensing authorities that have adopted these common standards will have also subscribe to the national refusals database (NR3). Hackney carriage and private hire applicants or licensees must declare on application whether they have had a hackney carriage and private hire driver's licence refused or revoked by another authority. Each applicant and licensee's application will be checked against the NR3 database to confirm if the information declared is correct and accurate.

Licence refusals and revocations will also be recorded on NR3 database. A decision to refuse or revoke a licence where this decision related to a risk of harm to a child or vulnerable adult, will be referred to the DBS and Gloucestershire Constabulary.

Licensee self-reporting

Licence holders are required to notify the issuing authority **within 48 hours** of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence.

An arrest for any of the offences mentioned above is likely to result in a review by the issuing authority as to whether the licence holder is fit to continue.

Please also refer to the relevance of convictions policy at **Appendix B** for more information on the relevance of other convictions, arrests, cautions and criminal investigations.

Complaints against licensees

Licensees are required to display, in their licensed vehicles, guidance for passengers on making complaints directly to the licensing authority. The guidance for passengers must be displayed where it can easily be read. Signage to be displayed in licensed vehicles showing the guidance will be issued by the licensing authority. The signage will include:

- the licensing authority's name, contact email and address,
- the vehicle plate number for reference when making complaint,
- the licensing authority's website address where there will be further information for passengers about how to make complaint.

Licensees who are found to not be displaying the complaint guidance face a suspension of their vehicle licence and a possible review of their driving licence.

Complaints will be recorded, investigated and appropriate action taken in accordance with the Enforcement and Complaints policy at **Appendix C**.

Certificate of Good Character

Where any applicant has been resident abroad at any time from the age of 18 prior to an application they must provide a Certificate of Good Conduct, a Criminal Record Check or similar document from each and every country within which they have been resident.

Residency for these purposes is considered by this Licensing Authority as where the person has lived in a country for longer than 6 months in a given calendar year. Where this Certificate has been produced in a non-English language, the applicant is required to produce a translation of the Certificate from the Embassy or Consulate of that country and provide the original document.

An exception might be permitted where a refugee has been allowed to stay in the UK and has been given asylum, and this exception will only apply to that country.

[Criminal records checks for overseas applicants](#), will assist you further in obtaining this document.

Immediate suspension and revocation of licences

Where it comes to the attention of a licensing authority that the fitness of a licence holder has been called into question, which raises concerns as to whether the relevant licence holder should be allowed to continue to operate under their licence and that decision cannot wait until the next scheduled Licensing Sub-Committee, the licensing authority will decide if immediate action is necessary under its own scheme of delegation. Immediate action can include a decision to suspend or revoke the licence.

Circumstances that might give rise to concern about the fitness of a licence holder would include, for example, serious complaint, criminal investigation, serious allegation, formal caution, conviction or any other circumstances deemed sufficiently serious that requires immediate action.

For the avoidance of doubt, licence holder relates to a driver, vehicle and/or operator licence.

Hackney Carriage & Private Hire Drivers

Duration of licences

Hackney carriage and private hire driving licences will be granted for a standard period of three years.

Individual licensing authorities retain the right to issue shorter driving licences in exceptional circumstances where circumstances deems this appropriate.

Age and Experience

We will not impose either a maximum or minimum age limit for drivers. Applicants must have held a DVLA licence for at least three years prior to applying for a licence to drive a hackney carriage or private hire vehicle.

Knowledge Test

Hackney carriage drivers need a good working knowledge of the area for which they are licensed. The law requires that members of the public are transported by the most direct and therefore cheapest route. Hackney carriages can be hired immediately, directly with the driver, at hackney carriage stands or hailed on the street. The DfT recognises that most licensing authorities require prospective hackney carriage drivers to pass a test of local topographical knowledge as a condition of gaining a licence.

In order to maintain the high standards expected of drivers, we will not issue a licence to drive a hackney carriage vehicle unless the applicant has passed a knowledge test of the area covering local geography.

Applicants are given their result as soon as possible and always within one week. If the applicant has passed the test, their application can proceed to the next stage. If they have failed the test they are given feedback and a re-sit is booked as soon as the applicant requires and there is a place available.

There is a fee to sit and re-sit the test and this is published separately together with the other council licensing fees. No applicant may sit the test more than five times in any 12 month period except in exceptional circumstances.

Language proficiency

The assessment of fit and proper includes an assessment of an applicant or licensee's English language proficiency. A lack of English language proficiency could impact on a driver's ability to understand written documents, such as policies and guidance, relating to the protection of children and vulnerable adults and applying this to identify and act on signs of exploitation. Oral proficiency will be of relevance in the identification of potential exploitation through communicating with passengers and their interaction with others.

Applicants for a hackney carriage or private hire driving licence must therefore have a sufficient English language proficiency and be able to demonstrate this.

Some applicants may not be required to take the English proficiency test. This is the case if they can demonstrate their ability to communicate in English by providing an appropriate educational certificate for a qualification related to English. Acceptable qualifications may include a GCSE (or equivalent) in a subject such as English language or literature, a degree in a subject containing substantial English content, or an NVQ or BTEC in a subject that requires its students to communicate well in English.

If applicants are unable to provide such a certificate, or if the licensing officer is not satisfied that the certificates provided sufficiently demonstrate the applicant's ability to communicate in English, the applicant will need to pass the English proficiency test.

English language proficiency requirements will apply to new applicants from date of adoption of these standards however, discretion remains to refer existing licence holder for an assessment on a case to case basis.

Driving proficiency, qualifications and giving assistance

We have concluded that the standard DVLA driving test provides sufficient evidence of driving competency for the drivers of hackney carriage and private hire vehicles. There are nationally recognised vocational qualifications for the hackney carriage and private hire trades. These cover customer care, including how best to meet the needs of people with disabilities and there may be advantages in encouraging drivers to obtain one of these qualifications in the future. We encourage such training as this enhances the standing of the trade as one with recognised qualifications to demonstrate competence.

Mandatory Safeguarding and Equality Awareness Training

Applicants for a hackney carriage or private hire driving licence must undertake mandatory safeguarding and equality awareness training prior to the issue of their licence. A common training approach and provision has been adopted by licensing authorities that have adopted these common standards.

Existing licensees will be required to undertake refreshers training every three years as a condition of the grant of their licence.

DVLA driving record check

Before the grant or renewal of a driver's licence, the applicant will be required to submit to a DVLA check. Applicants can share their driving records by using an electronic self-service system. There is no fee for the self-service system. However, applicants will pay a fee if they do not wish to use the self-service system. We will require a mandate for release of information under the data subject access provisions of the Data Protection Act 1984, section 21 (1) and (2), from the DVLA for every application.

This check brings to light any driving offences committed that may not appear on the licence submitted and which should have been declared on the application form.

Medical Examination

The DfT recognises that it is good practice for medical checks to be made on each driver as a condition for the initial grant of a licence and for each renewal. Adopting 'Group 2' medical standards as applied by DVLA to the licensing of lorry and bus drivers and applying standards to hackney carriage and private hire drivers is considered to be best practice by DfT guidance.

A medical examination carried out by a medical practitioner is required before the grant of a driver's licence in order to assess an applicant's fitness to drive a licensed vehicle. A DVLA Group 2 standard of medical fitness for professional drivers will be required.

A medical declaration form, along with the DVLA D4 medical examination form, must be presented to a suitably qualified medical practitioner. Both of these forms are available on the Council's website. The applicant will be responsible for paying the fee for the examination to the practitioner. On completion of the examination, **both** documents must be submitted to the Council. The medical practitioner completing the medical examination must have access to your medical history or a 'summary of medical records'.

Once a medical assessment has been carried out, the declaration form is only valid for 3 months.

The DVLA Group 2 medical standard stipulates that over the age of 45 drivers will require a medical every five years. Drivers aged 65 and over, or those with relevant medical conditions, will require an annual examination. More frequent checks will be required if the medical practitioner thinks it is necessary. Holders of current PSV and/or HGV licences who can produce proof of a current medical examination, not more than one month old, will not need to undergo a further medical examination before licensing or re-licensing.

Licence holders must advise the licensing team, in writing, of any deterioration in their health that may affect their driving capabilities. If there is any doubt as to the medical fitness of the applicant, we may require the applicant to undergo a further medical examination by a medical practitioner appointed by us. In these circumstances we will pay for the medical examination. Where there remains any doubt about the fitness of any applicant, the applicant will be brought before the licensing sub-committee and they will review the medical evidence and make the final decision.

Disclosure and Barring

An Enhanced Disclosure and Barring Service disclosure certificate will be required before a licence to drive a hackney carriage or private hire vehicle is granted. The certificate must satisfy the following:

- Workforce must state 'Other Workforce'
- Child and Adult Barring lists must be included

The certificate must be subscribed to the DBS online update service.

We will conduct 6 monthly DBS checks using the online update service. Any registration that has expired will result in the driver licence being suspended until a satisfactory DBS certificate can be provided and proof that the certificate has been registered for the DBS online update service has been provided.

We will accept portability of DBSs as long as they are registered with the DBS Update service. We will accept the DBS certificate regardless of how long ago it was issued and we will carry out an electronic check in accordance with the DBS procedures. If the electronic check reveals that there is a change since the last DBS certificate was issued, we will require a new DBS certificate. The original certificate must be provided.

There will be a condition on the licence to advise drivers that their hackney carriage or private hire driver's licence may be suspended or revoked if any relevant information is later found on the DBS disclosure.

Licensed drivers are required to notify the licensing authority **within 48 hours** of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence.

Certificate of Good Conduct

Where any applicant has been resident abroad at any time from the age of 18 prior to an application they must provide a Certificate of Good Conduct, a Criminal Record Check or similar document from each and every country within which they have been resident.

Residency for these purposes is considered by this Licensing Authority as where the person has lived in a country for longer than 6 months in a given calendar year. Where this Certificate has been produced in a non-English language, the applicant is required to produce a translation of the Certificate from the Embassy or Consulate of that country and provide the original document. An exception might be permitted where a refugee has been allowed to stay in the UK and has been given asylum, and this exception will only apply to that country.

Proof of Right to Work in the UK

Employers are liable to a civil penalty of up to £20,000 per illegal worker if they knowingly employ someone who does not have the right to work in the UK.

Whilst not being the employer of hackney carriage or private hire drivers, it is necessary for licensing authorities to check on an applicant's right to work before granting a hackney carriage/private hire driver's licence. We agree that this is not only good practice but helps protect the income of those currently licensed who do have the right to work.

We will refer to the latest Government guidance when dealing with applicants and therefore all applicants will have to prove their right to work in the UK by supplying the relevant documentation as detailed in the guidance.

If an applicant is unable to provide satisfactory proof of their right to work in the UK, there will be no option other than to refuse to grant or refuse to renew the licence, or if circumstances came to light during the duration of a licence, to revoke it. To issue the licence may be regarded as condoning the offence and assisting the applicant to gain employment to which they are not entitled.

All current licensed drivers if required will be asked to prove their right to work on renewal of their licence. The right to work will normally only need to be proved once. Applicants may only be licensed until their right to work will expire.

If after referring to the relevant Government guidance, licensing officers are still unsure about an applicant's right to work in the UK, they will discuss the applicant's documentation with the Home Office. If it transpires the applicant is illegally in the UK (due to illegally entering or overstaying for example) council officers will assist the UK Border Force, Immigration Office or police in their enquiries as necessary.

Behaviour and conduct of drivers

Adopting a Code of Good Conduct for hackney carriage and private hire drivers serves to promote the council's licensing objectives.

The standards expected of licensed drivers are set out in the Code of Good Conduct that is included within the conditions attached to the driver's licence and set out at Appendix F.

Failure to comply with any aspect of the Code of Good Conduct will not necessarily result in enforcement action. However, breach of the code is an indicator which licensing officers will use to help decide upon subsequent enforcement action. This may result in enforcement action by licensing officers or if necessary, by the licensing sub-committee. Repeated breaches following education or warnings may lead to more serious consequences including if necessary, refusal to renew, suspension or revocation of licences.

National Register of Refusals and Revocations (NR3)

Tewkesbury Borough Council has signed up to the National Register of Taxi Licence Refusals and Revocations (NR3), a mechanism for licensing authorities to share details of individuals who have had a hackney carriage or private hire driver licence revoked, or an application for one refused. The register is used for assessing whether an individual is a fit and proper person to hold a hackney carriage or private hire driver licence.

Therefore:

- Where a hackney carriage/ PHV licence is revoked, or an application for one refused, the authority will automatically record this decision on NR3.

- All applications for a new driver licence or driver licence renewal will automatically be checked on NR3. If a search of NR3 indicates a match with an applicant, the authority will seek further information about the entry on the register from the authority which recorded it. Any information received as a result of an NR3 search will only be used in respect of the specific license application and will not be retained beyond the determination of that application.

The information recorded on NR3 itself will be limited to:

- name
- date of birth
- address and contact details
- national insurance number
- driving licence number
- decision taken
- date of decision
- date decision effective

Information will be retained on NR3 for a period of 25 years.

This is a mandatory part of making a new or a renewal application for a dual hackney carriage and private hire driver licence or for a private hire driver licence. Tewkesbury Borough Council has a published policy on its website outlining the approach it will take to requests by other authorities for further information about entries on NR3, and about the use it will make of any further information provided to it. You can read that policy at www.tewkesbury.gov.uk

Information will be processed in accordance with the Data Protection Act (DPA) and General Data Protection Regulation (GDPR). Any searches, provision or receipt of information under NR3 are necessary to the authority's statutory licensing functions of ensuring that all drivers are fit and proper to hold the applicable licence.

If you wish to raise any issue related to the data protection legislation, including by relying on any of the rights afforded to data subjects under the GDPR, you can do so to the authority's Data Protection Officer. This includes submitting a subject access request. *link required*

You always have the right to make a complaint to the Information Commissioner's Office (ICO). Advice on how to raise a concern about handling of data can be found on the ICO's website: <https://ico.org.uk/make-a-complaint>

Grant and renewal of licences

To allow sufficient time for documents to be processed, applicants should ensure to submit their complete application, including the fee, at least eight weeks before expiry of a driver's licence.

We will aim to send a reminder letter to drivers twelve weeks before the expiry of an existing licence. Drivers are reminded that we are not obliged to do this and the responsibility of ensuring licences and DBS disclosures do not expire remains with the licence holder. If a DBS disclosure has not been issued in time we may only renew a driver's licence if the applicant has returned their application form for the DBS disclosure in the time specified on the renewal letter.

We may refuse to grant licences where the application is missing any of the necessary documentation. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued, therefore the driver will be unlicensed during which time it will be illegal for them to drive a

licensed hackney carriage or private hire vehicle or to use an unlicensed vehicle for the carriage of passengers for hire and reward.

Applications for a hackney carriage/private hire driver's licence must be made on the prescribed application form, including any electronic forms.

Once we have the complete application, we will consider it on its own merits taking into account the driver's previous history of behaviour to determine if they meet the 'fit and proper person' criteria.

The licence fees payable is subject to annual review and will be published together with other council licensing fees.

[Change of details](#)

Drivers must notify us in writing within seven days of any change of address or telephone number during the period of the licence.

Part Two – Vehicles

Role of hackney carriages and private hire vehicles

Hackney carriage and private hire vehicles have a specific role to play in an integrated transport system. They are able to provide demand responsive services in situations where public transport is either not available (for example in rural areas, or outside 'normal' hours of operation such as in the evenings or weekends), and/or for those with mobility difficulties.

Hackney Carriage and Private Hire Vehicles

Limitation of numbers

We will not set a limit on the number of licensed hackney carriages. No powers exist to limit the number of licensed private hire vehicles.

Specifications and conditions

We have adopted minimum standards that will be applied to all licensed vehicles. These are set out in Appendix A for hackney carriages and Appendix B for private hire vehicles.

We may impose such conditions that are reasonably necessary when granting hackney carriage or private hire vehicle licences. Licensed vehicles provide a service to the public therefore; we will only license vehicles suitable for this purpose. It is important to set criteria for the external and internal condition of the vehicle, provided that these are not unreasonably onerous, to maintain high standards within the trade.

We can licence vehicles for the carriage of up to eight passengers provided that there is compliance with the specifications and conditions. We will determine 'novelty vehicles' on a case by case basis. We will not license purpose built hackney carriage vehicles as private hire as this can confuse members of the public. We will not licence any vehicle with a 'Q' plate registration as 'Q' plates are issued for vehicles which are either not originally registered in the UK and proof of age was unavailable at registration or for vehicles that have been built using a significant proportion of used parts.

Maximum age of vehicles

The DfT guidance states that it is possible for an older vehicle to be in good condition and that the setting of an age limit beyond which the licensing authorities will not license vehicles may be arbitrary and disproportionate. We will not apply age restrictions to vehicles meeting the required standards.

Vehicle testing

The DfT guidance recognises that an annual MOT test for licensed vehicles of whatever age is appropriate. More frequent tests are not recommended, except for older vehicles.

A vehicle will require an MOT test, from any certified testing station, before a licence is granted and the MOT must be valid for at least 11 months. Officers may inspect vehicles that have not previously been licensed before a licence is granted.

Hackney carriage and private hire vehicles will be tested once each year until six years old. Brand new registered vehicles that have less than 5000 miles will not have to undertake a vehicle test. If the vehicle is over six years old when a licence is issued it will be required to undertake two MOT tests each year falling at the start of the licence and six months into the licence.

Officers may request that work identified on the MOT test is undertaken before a licence is granted, or within a certain time frame of the licence being granted. If vehicles are found to be in breach of licence conditions, officers may require the proprietor to bring all licensed vehicles, or vehicles used by the operator or company, to the council for inspection.

Signage

Members of the public can often confuse private hire vehicles with hackney carriages, without realising that private hire vehicles are not available for immediate hire or allowed to be hailed in the street. It is therefore important that the public are able to easily distinguish each type of vehicle.

For this reason private hire vehicles must not display any roof signs and hackney carriage vehicles must display roof signs as specified elsewhere in the policy.

Both hackney carriages and private hire vehicles must display a licence plate on the outside rear of the vehicle. We may use different colours and different styles for hackney carriage and private hire vehicles.

The external licence plate shall be securely fixed to the outside and rear of the vehicle either by direct fixing, e.g. screw, bolt or rivet, or on a secure bracket. Temporary fixing such as magnets or Velcro® is not allowed.

Advertising on licensed vehicles

Advertising will be permitted on all licensed vehicles in accordance with the vehicle specifications and conditions. Complaints about unsuitable or offensive advertisements may be referred to the officers.

Plate exemption for private hire vehicles

Private hire vehicles which are used for contract work for at least 75 per cent of the time can be exempted from displaying a plate. The operator's records for these vehicles must prove that the required amount of contract work is being carried out. We will also require evidence as to why a plate exemption is required. Where an exemption is granted, the rear licence plate must be carried in the boot of the vehicle at all times. Vehicles given this exemption will normally be executive type cars. We will determine applications for exemption on a case by case basis. The plate exemption must be applied for on an annual basis on the anniversary of the renewal of the vehicle licence. Operators and drivers should not automatically assume that when licensing a new vehicle to replace an existing plate exempted vehicle or renewing an existing plate that the plate exemption will continue.

The licence fee payable for plate exemption is subject to annual review and will be published together with other council licensing fees.

Security and CCTV

There is no mandatory requirement for CCTV system in the licensed vehicles. Operators and drivers may install such equipment with prior written notification being supplied to the Council. Use of CCTV must be clearly indicated by signs in the vehicle including contact details for the system manager/operator. All such equipment and images must be operated in accordance with the Data Protection Act 1998. It is the responsibility of the driver/operator to ensure compliance.

No audio, video or recording systems shall be installed or operated in the vehicle without prior written notification being supplied to the Council..

Environmental considerations

It is important that emissions from hackney carriages and private hire vehicles are reduced as far as possible. In the event that central government introduces measures to control emissions or local emission controls were to be required by an air quality action plan the council may review the policy on emission standards for licensed vehicles.

Stretched limousines and novelty vehicles

The number of stretched limousines being imported, particularly from the United States, has been increasing. They are generally used for private hire work and special occasions.

We are sometimes asked to license stretched limousines as private hire vehicles. We will assess licence applications for these vehicles in accordance with the 'novelty vehicles specifications' set out in Section 2 of the Appendix B.

Where a vehicle has been imported from another country, we may require DVSA approved certification prior to licensing approval. Due to the individual nature of stretched limousines or novelty vehicles, it will inevitably give rise to issues that would not apply to conventional private hire vehicles and therefore it will be necessary to consider special conditions on any such licence. We will take into consideration the guidance issued by the DfT, 'Guidance for operators of stretched limousines'.

Stretched limousines or novelty vehicles may be granted a private hire vehicle licence provided that they are capable of carrying no more than eight passengers and meet the requirements of the Single Vehicle Approval (SVA) or Individual Vehicle Approval (IVA) certificate.

All applications to license stretched limousines or novelty vehicles as private hire vehicles will be judged on their merits. As these vehicles will not meet the usual vehicle specification, additional documentation and inspection will be needed in order to ensure safety and suitability.

Funeral and wedding vehicles

There is currently no requirement for a vehicle to be licensed where it is being used in connection with a funeral.

A vehicle does not need to be licensed to be used in connection with a wedding. However, if a licensed hackney carriage vehicle is used for a wedding the licence plate and roof sign must be displayed.

Livery

There is no requirement for licensed vehicles to be finished in a special livery or appearance. The visual distinction between hackney carriages and private hire vehicles can be achieved by the signage.

Transfers

A proprietor of a licensed hackney carriage or private hire vehicle may transfer their interest in the vehicle to another person. Under Section 49 of the Local Government (Miscellaneous Provisions) Act 1976, they must ensure that the licensing authority is notified of the new proprietor's name and address within 14 days.

Applications to transfer a licence must be made on the prescribed application form. The licence fee payable for a transfer is subject to annual review and will be published together with other council licensing fees.

Accidents

Drivers or operators must inform licensing officers when a hackney carriage or a private hire vehicle is involved in a road traffic accident. The accident must be reported regardless of however major or minor. Drivers or operators must report within three working days of the accident occurring and bring the vehicle for inspection if requested by officers. Officers may examine the extent of the damage and determine whether or not the vehicle must be repaired to allow it to continue as a licensed vehicle.

For hackney carriage vehicles

- a) **Hackney carriage roof signs and meters:** A roof sign must be displayed on the top of the vehicle showing the word 'Taxi'. The sign shall be controlled by the meter and shall be illuminated when the vehicle is available for hire. The design of the roof sign shall be approved by the licensing officers. Taxi meters may be tested for accuracy at the discretion of licensing officers.
- b) **Use of hackney carriage vehicles:** When an applicant wishes to licence a vehicle as a hackney carriage, we will need information, pursuant to section 57 of the Local Government (Miscellaneous Provisions) Act 1976, as to whether the applicant intends to use the vehicle to stand or ply for hire in the council's area and also if the applicant intends to use the vehicle entirely or predominantly remotely from the council's area on a pre-booked basis. Whilst each application will be considered on its own merits, we will have regard to the geographic location of an applicant's home and business address. If we have a reason to believe that the hackney carriage is to be used entirely or predominantly remotely from the council's area on a pre-booked basis, then the application for a licence will normally be refused or existing licence may be suspended or revoked.

Grant and renewal of licences

Hackney carriage and private hire vehicle licences will be granted for a period of one year. We may issue licences for a shorter period where it may be necessary, we will issue shorter licences on case by case basis.

It is the proprietor's or operator's responsibility to ensure that vehicle tests are carried out in sufficient time and that insurance, vehicle registration documents and the annual fee are available for processing in time for the issue of a licence.

We will only accept complete applications comprising all the necessary documents and checks. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued. The vehicle will be unlicensed and must not be used as a hackney carriage or private hire vehicle.

Applications for a hackney carriage or private hire vehicle licence must be made on the prescribed application form, including any electronic forms and in accordance with our application procedure. Relevant forms and documents are available on our website together with guidance to assist in the completion of the application.

The licence fees payable are subject to annual review and will be published together with other council licensing fees.

Change of details

The proprietor must notify licensing officers in writing of any change of address or telephone number during the period of the licence within seven days of the change taking place.

Part Three - Private Hire Operators

Duration of licences

Private hire operating licences will be granted for a standard period of five years.

Individual licensing authorities retain the right to issue shorter driving licences in exceptional circumstances where circumstances deems this appropriate.

Criminality checks for private hire vehicle operators

Licensed private hire operator(s) will be subject to an annual basic disclosure check from the DBS unless they are also a licensed hackney carriage or private hire driver licensed with the same authority where they hold the operating licence.

Whether a private hire operator(s) is fit and proper will be determined based on the definition set by the common licensing standards and the relevance of convictions policy at **Appendix B**.

Should the private hire operator(s) cease to hold a driver hackney carriage or private hire driver licence, a basic certificate will be required immediately.

Refusal to license in individual as a driver or to suspend or revoke a driver licence does not automatically mean that that individual cannot be issued or continue to hold a private hire vehicle operator licence.

Under these circumstances, a decision on the fitness and propriety of a private hire operator(s) will be made independent of a driver licence refusal, based on the appropriate information and taking into consideration the individual circumstances of each case. An important consideration will be the information that would only be available via an enhanced DBS check but instead that which would be disclosed on a basic check. DBS certificate information can only be used for the specific purpose for which it was requested and for which the applicant's full consent has been given.

A private hire vehicle operator licence may be applied for by a company or partnership. In this case, the 'fit and proper' test will apply to each of the directors or partners in that company or partnership.

A licensed private hire operator issued to a company or partnership must advise the licensing authority of any change in directors or partners. Any change to directors or partners will require additional criminality checks.

Booking and dispatch staff

Licensed private hire operator(s) will be subject to a licence condition ensuring that all booking and dispatch staff have had a basic DBS check. In addition, private hire operators must ensure they have written policies and procedures in place to:

- a. ensure criminality checks are undertaken on all booking and dispatch staff at appropriate intervals; and
- b. set out its approach on employing all booking and dispatch staff that are ex-offenders.

Where a licensed private hire operator has outsourced its booking and dispatch function that licensed private hire operator must ensure the third-party have adequate arrangements in place as outlined above.

Record keeping

As a common standard enforced by way of a licensing condition, all licensed private hire operators will be required to record the following information for each booking accepted:

- the name of the passenger;
- the time of the request;
- the pick-up point;
- the destination;
- the name of the driver;
- the driver's licence number;
- the vehicle registration number of the vehicle;
- the name of any individual that responded to the booking request;
- the name of any individual that dispatched the vehicle.

Conditions

Private hire operators' licences are issued with conditions set out in Appendix E. We may impose additional conditions where necessary. If multiple vehicles are found to be in breach of licence conditions or there is a pattern of breaching the licensing requirements and conditions, officers may require the operator to bring all licensed vehicles to the council for inspection.

Insurance

Operators are required to provide evidence that public liability insurance to the value of £5 million has been taken out for premises that are open to the public (e.g. waiting rooms).

Address from which an operator may operate

The address used on the operator's application form must be the one where the invitation and acceptance of bookings take place. This will be the premises where the records referred to above are kept and at which they may be inspected by licensing officers. This will also be the address at which the vehicle(s) will normally be kept and be available for inspection.

We cannot grant a private hire operator's licence for an operator with an operating base that is outside the council's areas. It will be the responsibility of the operator to ensure that necessary planning consent exists for the operational address to be used for that purpose.

Sub-contracting

A private hire operator may sub-contract a booking to another licensed private hire operator in accordance with relevant legislation. A record of who the booking was sub-contracted to and when must be made in accordance with the licence conditions.

Grant and renewal of licences

Whilst we will aim to send a reminder letter to the current operator before their existing licence expires, operators are reminded that we are not obliged to do this and the responsibility for ensuring licences do not expire remains with the licence holder.

If a disclosure has not been issued in time, we will only renew an operator's licence if the applicant has returned their application form in the time specified on the renewal letter. However, we may place a condition on the licence that private hire operator's licence may be suspended or revoked if any relevant information is later found on the disclosure.

We may refuse to grant licences where the application is missing any of the necessary paperwork. Incomplete or missing documentation may result in the application being returned to the applicant. If an application is received late, the licence may expire before a new one can be issued, resulting in it being illegal to operate as no operator's licence would be in force.

Applications for operator's licences must be made on the prescribed application form, including any electronic forms. The licence fees payable are subject to annual review and will be published together with other council licensing fees.

Change of details

The operator must notify the council in writing within seven days of any change of address, (whether this is a home address or the operating address) or change of telephone number or any other details during the period of the licence.

GLoucestershire Licensing Authorities – Taxi and Private Hire Convictions Policy

INFORMATION FOR APPLICANTS AND EXISTING LICENCE HOLDERS

1. This policy is intended to provide guidance on determining suitability of new applicants and existing licence holders where the applicant or licence holder has been convicted of a criminal or driving offence.
2. The policy lists the types of offences that may give concern to the Licensing Authority. For the more serious offences the expectation is that an application will be refused or an existing licence holder will have their licence revoked. For other offences the policy gives the timescales that it is expected will have elapsed since the conviction before an application will be granted.
3. The Policy states that each case will be treated on its own merits. Where an applicant or Licence Holder has an offence listed in this policy it will not necessarily mean an automatic barring or revocation. However, the applicant or licence holder can expect that their application or licence will be put before a Licensing Sub-Committee for consideration who will take account of this policy. The obligation will be on the applicant or licence holder to put forward reasons and/or evidence in support of their case for the Licensing Sub-Committee to consider.
4. If an application is refused or a licence is revoked the applicant or licence holder will have right of appeal to the Magistrate's Court. The application to the Magistrates Court should be made within 21 days of the applicant or licence holder being notified by the Licensing Authority of the decision to refuse or revoke.
5. Where a licence holder is convicted of an offence where the Licensing Authority believes that the safety of the public may be at immediate risk, the licence may be suspended/revoked with immediate effect. The licence holder will have right of appeal to the Magistrates Court against a suspension issued with immediate effect however they may **not** use the licence until any decision is made by the Court.
6. Existing licence holders that have been granted licences previous to this policy coming into effect may have convictions on their record that fall within the timescales within this policy. The Licensing Authority will have made decisions on those licences based on policies in place at the time where the timescales may have been lesser or those offences not included. It is not reasonable that those licences should be automatically be revoked. The Licensing Authority will review all existing licences in light of this policy and where the Licensing Authority has concerns about a particular licence holder and/or there are further offences, breaches or complaint, the licence holder may be reviewed by a Licensing Sub-Committee who will take into account all matters including any previous offences that may now fall within this current policy. In particular, serious account will be taken of any history of safeguarding matters. Where appropriate, existing licence holders may be requested to apply for a new enhanced DBS certificate in order that the Council can review historic offences in line with this policy.

OVERVIEW

7. The function of licensing is the protection of the public. A member of the public stepping into a motor vehicle driven by a stranger must have the confidence that the driver is safe and suitable.
8. Taxi legislation provides that any person must satisfy the authority that they are a fit and proper person to hold a licence. If a licence holder falls short of the fit and proper standard at any time, the licence should be revoked or not renewed on application to do so.
9. These guidelines apply to all new applications for a taxi or private hire driver licence and all licensed taxi and private hire drivers.
10. In addition, where relevant, they will also be applied to taxi and private hire vehicle licence applicants and licence holders, and private hire operator licence applicants and licence holders. Where such applicants and licence holders are not applying for, or already hold a taxi or private hire driver licence they will be required to provide a basic criminal conviction checks on application and then at regular intervals. The Licensing Authority will take account of any current criminal convictions showing on the basic criminal conviction check, or criminal conviction received, in accordance with this policy.
11. Taxi legislation specifically identifies offences involving dishonesty, indecency or violence as a concern when assessing whether an individual is 'fit and proper' to hold a taxi or private hire vehicle licence.
12. This policy is based on the Statutory Taxi and Private Hire Vehicle Standards issued by the Department of Transport in July 2020, Annex - Assessment of Previous Convictions. <https://www.gov.uk/government/publications/statutory-taxi-and-private-hire-vehicle-standards>
- 13. The Licensing Authority will consider each case on its own merits, and applicants/licensees are entitled to a fair and impartial consideration of their application.**
14. In each case appropriate weight should be given to the evidence provided. This will include assessing the risk of re-offending and harm.
15. The Licensing Authority will be looking at the entirety of the individual when making the decision whether an applicant or licence holder is a safe and suitable person. Time periods are relevant and weighty considerations, but they are not the only determining factor. Other factors that the Licensing Authority will take into account when making a decision include but are not exhaustively:
 - Relevance and date of the offence
 - Sentence imposed by the court
 - Age of person and circumstances when the offence was committed
 - Subsequent periods of good behaviour
 - Overall conviction history
 - Any history of complaints made to the Licensing Authority against an existing licence holder. Unproven complaints may in some circumstances be taken into account if it is considered that there is a strong likelihood that the complaints are justified and the nature and/or number of complaints raise concern regarding suitability of applicant
 - Whether the applicant has intentionally misled the Licensing Authority or has lied as part of the application process
 - Information provided by other agencies or other services at the Licensing Authority. This may include information disclosed by the Police or Safeguarding Services
 - Any other matters that are relevant

16. Convictions for attempt or conspiracy will be regarded as convictions for the substantive crime.
17. A caution is regarded in exactly the same way as a conviction.
18. Fixed penalties and community resolutions will also be considered in the same way as a conviction.
19. Hackney carriage and private hire drivers are exempt from the provisions of the Rehabilitation of Offenders Act 1974. This means that there are no "spent" convictions and that any and all criminal convictions (apart from "protected convictions" and "protected cautions" where they have been declared) can be taken into account by the local authority in assessing safety and suitability, but only relevant spent convictions should be considered
20. Where a period is given below, it should be taken to be a minimum in considering whether a licence should be granted or renewed in most cases. This places passenger safety as the priority while enabling past offenders to sufficiently evidence that they have been successfully rehabilitated so that they might obtain or retain a licence.
21. It is important to recognise that matters which have not resulted in a criminal conviction (whether that is the result of an acquittal, a conviction being quashed, decision not to prosecute or an investigation which is continuing where the individual has been bailed) can and will be taken into account by the licensing authority. In addition, complaints where there was no police involvement will also be considered.
22. Within this document, any reference to "conviction" will also include matters that amount to criminal behaviour, but which have not resulted in a conviction.
23. In the case of any new applicant who has been charged with any offence and is awaiting trial, the determination will be deferred until the trial has been completed or the charges withdrawn. Where an existing licensee is charged, it will be for the licensing authority to decide what action to take in the light of these guidelines.
24. Any offences committed, or unacceptable behaviour reported whilst driving a hackney carriage or private hire vehicle, concerning the use of a hackney carriage or private hire vehicle, or in connection with an operator of a private hire vehicle will be viewed as aggravating features, and the fact that any other offences were not connected with the hackney carriage and private hire trades will not be seen as mitigating factors.
25. In addition to the nature of the offence or other behaviour, the quantity of matters and the period over which they were committed will also be considered. Patterns of repeated unacceptable or criminal behaviour are likely to cause greater concern than isolated occurrences as such patterns can demonstrate a propensity for such behaviour or offending.
26. It is also important to recognise that once a licence has been granted, there is a continuing requirement on the part of the licensee to maintain their safety and suitability. The licensing authority has powers to take action against the holder of all types of licence (driver's, vehicle and operator's) and it must be understood that any convictions or other actions on the part of the licensee which would have prevented them being granted a licence on initial application will lead to that licence being revoked.
27. Any dishonesty by any applicant or other person on the applicant's behalf which is discovered to have occurred in any part of any application process (e.g. failure to declare convictions, false names or addresses, falsified references) will result in a licence being refused, or if already granted, revoked and may result in prosecution.

28. Where an applicant/licensee is convicted of an offence which is not detailed in this guidance, the licensing authority will take that conviction into account and use these guidelines as an indication of the approach that should be taken.
29. These guidelines do not replace the duty of the licensing authority to refuse to grant a licence where they are not satisfied that the applicant or licensee is a fit and proper person.
30. Where a situation is not covered by these guidelines, the authority must consider the matter from first principles and determine the fitness and propriety of the individual.

OFFENCES

Crimes resulting in death

31. Where an applicant or licensee has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury (where there was an intention or strong likelihood of death) of another person they will not be licensed. A licence holder who is convicted of the above will have their licence revoked.

Exploitation

32. Where an applicant or licensee has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual abuse, exploitation, grooming, psychological, emotional, financial abuse, domestic abuse, harassment and stalking but this is not an exhaustive list.

Offences involving violence against the person

33. Licensed drivers have close regular contact with the public who could be at risk from violent behaviour. Drivers are often entrusted with the care of children, young persons and vulnerable adults. The Licensing Authority seeks to protect the safety of the public and minimise risk.
34. Where an applicant has a conviction for an offence of violence against the person, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed. A licence holder convicted of the above will have their licence revoked

Examples of Violent offences include (this is not an exhaustive list)

- a. Arson
- b. Malicious wounding or grievous bodily harm
- c. Actual bodily harm
- d. Grievous bodily harm with intent

Sexual offences

36. As licensed drivers often carry unaccompanied and vulnerable passengers, the Licensing Authority will take a strong line in relation to applicants or existing licence holders with convictions for sexual offences. All sexual and indecency offences should be considered as serious.

37. Where an applicant has a conviction for any offence involving or connected with illegal sexual activity, a licence will not be granted. A licence holder convicted of the above will have their licence revoked

38. In addition to the above, the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any barred list. A licence holder who goes on any of the above will have their licence revoked

- i. Exploitation of prostitution
- j. Soliciting (kerb crawling)
- k. Making obscene / indecent telephone calls
- l. Indecent exposure
- m. Any similar offences (including attempted or conspiracy to commit) offences

40. Any licence holder charged with, convicted or issued with a formal caution for any of the offences mentioned above should expect to have their licence revoked with immediate effect.

Dishonesty

41. Drivers of hackney carriage and private hire vehicles are expected to be persons of trust. It is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare and in other ways. In certain situations, drivers will know that a property is empty whilst the occupants are away on holiday for a set period of time after taking them to the airport or railway station. For these reasons convictions of dishonesty are treated very seriously

42. Where an applicant has a conviction for any offence where dishonesty is an element of the offence, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed. A licence holder convicted of any of the above will have their licence revoked

43. Dishonesty offence includes (this is not an exhaustive list)

- a. Theft
- b. Burglary

- h. Obtaining money or property by deception
- i. Other deception
- j. Any similar offence

Drugs

44. Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

45. Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least five years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant may also have to undergo drugs testing for a period at their own expense to demonstrate that they are not using controlled drugs. A licence holder convicted of the above will have their licence revoked

Discrimination

46. Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed. A licence holder convicted of the above will have their licence revoked

47. Examples of Discrimination offences include (this is not exhaustive list)

- a. Racially aggravated common assault
- b. Any racially-aggravated offence against a person or property.
- c. Any offences (including attempted or conspiracy to commit offences) that are similar to those above.
- d. Offences under Equality Act 2010
- e. Any offence considered as hate crime. Hate crime is any criminal offence which is perceived by the victim, or anybody else, to be motivated by hostility or prejudice towards someone's: race, religion, sexual orientation, transgender identity, disability.

Motoring convictions

48. Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the granting of a licence. However, applicants with multiple motoring convictions may indicate that an applicant does not exhibit the behaviours of a safe road user and one that is suitable to drive professionally.
49. For the purposes of this policy a minor traffic offence is one where the DVLA has imposed no more than 3 penalty points on the applicant's DVLA driving licence for the offence. A major conviction is one where the DVLA has imposed more than 3 penalty points on the applicant's DVLA driving licence for the offence. There is more information about endorsement codes and penalty points on the Government's website. <https://www.gov.uk/penalty-points-endorsements/endorsement-codes-and-penalty-points>
50. For the purposes of this policy, a 'valid' traffic offence is the same definition as used by the DVLA. Points that stay on a DVLA licence for 4 years are 'valid' for 3 years. Points that stay on a DVLA driving licence for 11 years they are 'valid' for 10 years. There is more information on the Government's website <https://www.gov.uk/penalty-points-endorsements/how-long-endorsements-stay-on-your-driving-licence>
51. Where an applicant has more than one minor traffic offence a licence would be refused whilst the relevant points remain 'valid' on their driving licence.
52. Where an applicant has a major conviction the application will be refused whilst the relevant points remain 'valid' on their driving licence.
53. Any motoring conviction while a licensed driver demonstrates that the licensee may not take their professional responsibilities seriously. However, it is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence may not necessitate the revocation of a taxi or private hire vehicle driver licence providing the Licensing Authority considers that the licensee remains a fit and proper person to retain a licence.
54. Where there is a second occurrence of a minor traffic offence, whilst the first minor traffic offence is valid, or a single occurrence of a major traffic offence of up to 6 points, a licence holder can agree to complete a driving assessment, at their own expense, through an approved provider, as an alternative to a review/revocation of their licence by a Licensing Sub-Committee
55. Where a licence holder has more than 6 valid penalty points for driving offences their licence will be revoked.

Drink driving/driving under the influence of drugs

56. Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least seven years have elapsed since the completion of any sentence or driving ban imposed. In the case of driving under the influence of drugs, any applicant may also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs. A licence holder convicted of the above will have their licence revoked

Using a hand-held device whilst driving

57. Where an applicant has a conviction for using a held-hand mobile telephone or a hand-held device whilst driving, a licence will not be granted until at least five years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later. A licence holder convicted of the above will have their licence revoked.
58. Where the offence is dealt with as driving offence and penalty points have been imposed on a DVLA licence, the licence will not be granted until at least four years have passed. This is the length of time these points remain current of the DVLA licence. A licence holder who has had penalty points imposed on their DVLA licence for using a held-hand mobile telephone or a hand-held device, will have their licence revoked.

Hackney Carriage and Private Hire Offences

59. Where an applicant has any offences under any relevant hackney carriage or private hire legislation a licence will not be granted until at least 7 years have elapsed since the conviction. A licence holder convicted of the above will have their licence revoked

If it is in relation to a licensed driver or operator the licence holder may be requested to attend an interview.
