ents of this report relate only to the which have come to our attention, believe need to be reported to you our audit planning process. It is prehensive record of all the matters, which may be subject to and in particular we cannot be held ble to you for reporting all of the ch may affect the Authority or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

## Introduction

### Your key Grant Thornton team members are:

#### **Julie Masci**

Key Audit Partner T 029 2034 7506 E julie.masci@uk.gt.com

#### **Liam Royle**

Manager T 0117 305 5787 E liam.c.royle@uk.gt.com

#### **Adams Azubilla**

In-charge auditor T 0117 305 7870 E adams.h.azubilla@uk.gt.com This paper provides the Audit and Governance Committee with a report on progress in delivering our responsibilities as your external auditors.

#### The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a local authority; and
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider (these are a tool to use, if helpful, rather than formal questions requiring responses for audit purposes)

Members of the Audit and Governance Committee can find further useful material on our website, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications <u>https://www.grantthornton.co.uk/en/services/public-sector-services/</u>

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Engagement Manager.

## **Progress at March 2023**

#### **Financial Statements Audit**

We undertook our initial planning and interim work for the 2022/23 audit in February and March 2023. We will begin our work on your draft financial statements in July. We will issue a detailed audit plan, to be presented to the next Audit and Governance Committee, setting out our proposed approach to the audit of the Authority's 2022/23 financial statements.

The Accounts and Audit Regulations 2015 were amended by SI 2021 No. 263. The Department for Levelling Up, Housing and Communities (DLUHC) previously stated their intention to introduce secondary legislation to extend the deadline for publishing audited local authority accounts to 30 November 2022 for the 2021/22 accounts. This is enacted by The Accounts and Audit (Amendment) Regulations 2022 (SI 2022 No. 708) that came into force on 22 July 2022. The deadline for publishing audited local authority accounts for 2021/22 was extended to 30 November 2022 and thereafter changed to 30 September for years up to 2027/28, which will apply for 2022/23.

#### Accounting for infrastructure

The Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 required infrastructure to be reported in the Balance Sheet at historic cost less accumulated depreciation and impairment and that where there is 'enhancement' to the assets, that the replaced components are derecognised. Where authorities are not fully compliant with these requirements, there may be a risk of material misstatement.

Many authorities did not possess the records to be able to fully comply with the requirements. Following extensive consultation and discussions with interested parties DLUHC laid before Parliament a Statutory Instrument approved on 25 December 2022 which simplified accounting for infrastructure assets until the 2024/25 financial year. The Authority's 2021/22 accounts were not impacted by this change due to the immateriality of its infrastructure assets.

#### Value for Money

The new Code of Audit Practice (the "Code") came into force on 1 April 2020 for audit years 2020/21 and onwards. The most significant change under the new Code was the introduction of an Auditor's Annual Report, containing a commentary on arrangements to secure value for money and any associated recommendations, if required.

The new approach is more complex, more involved and is planned to make more impact.

Under the 2020 Code of Audit Practice, for relevant authorities other than local NHS bodies auditors are required to issue our Auditor's Annual Report no later than 30 September or, where this is not possible, issue an audit letter setting out the reasons for delay. We issued such a letter to the Audit and Governance Committee on 12 December 2022 in respect of the 2021/22 Auditor's Annual Report.

As a result of the ongoing pandemic, and the impact it has had on both preparers and auditors of accounts to complete their work as quickly as would normally be expected, the National Audit Office has updated its guidance to auditors to allow us to postpone completion of our work on arrangements to secure value for money and focus our resources firstly on the delivery of our opinions on the financial statements. This is intended to help ensure as many as possible could be issued in line with national timetables and legislation. The extended deadline for the issue of the Auditor's Annual Report is now no more than three months after the date of the opinion on the financial statements. We have not yet issued our Auditor's Annual Report for 2021/22. The audit opinion on the financial statements was issued on 21 February 2023. We anticipate completion of the Audit's Annual Report including discussing its findings with management by the end of April 2023, with presentation to members to follow at either full Council or the Audit and Governance Committee dependent on timing.

# Progress at March 2023 (cont.)

#### Other areas

#### Certification of claims and returns

We certify the Authority's annual Housing Benefit Subsidy claim in accordance with procedures agreed with the Department for Work and Pensions (DWP). The certification work for the 2021/22 claim began in October. DWP extended the deadline for reporting the findings of this work to 31 January 2023. No extensions have been granted for those claims not completed by 31 January 2023, but DWP also does not intend to withhold subsidy. The work on the Authority's claim is ongoing, and is planned to be completed by 30 April 2023.

#### Meetings

We met with Finance Officers in March as part of our regular liaison meetings and continue to be in discussions with finance staff regarding emerging developments and to ensure the audit process is smooth and effective. Additional meetings with the Finance Officers and other key officers including the Chief Executive will take place to support the production of the Auditor's Annual Report for 2021/22.

In addition, we provide a range of workshops, along with network events for members and publications to support the Authority. Your officers attended our Accounts Workshop in January and February 2023, where we highlighted financial reporting requirements for local authority accounts and gave insight into elements of the audit approach.

Further details of the publications that may be of interest to the Authority are set out in our Sector Update section of this report.

#### Audit Fees

During 2017, PSAA awarded contracts for audit for a five year period beginning on 1 April 2018. 2022/23 is the fifth and final year of that contract. Since that time, there have been a number of developments within the accounting and audit profession. Across all sectors and firms, the Financial Reporting Council (FRC) has set out its expectation of improved financial reporting from organisations and the need for auditors to demonstrate increased scepticism and challenge and to undertake additional and more robust testing.

Our work in the Local Government sector in the period 2018/19 to 2021/22 has highlighted areas where financial reporting, in particular, property, plant and equipment and pensions, needs to improve. There is also an increase in the complexity of Local Government financial transactions and financial reporting. This combined with the FRC requirement that all Local Government audits are at or above the "few improvements needed" (2) rating means that additional audit work is required.

We have reviewed the impact of these changes on both the cost and timing of audits. We have discussed the final fees for the 2021/22 financial year with your s151 Officer including any proposed variations to the Scale Fee set by PSAA Limited, and have communicated fully with the Audit and Governance Committee.

As a firm, we are absolutely committed to meeting the expectations of the FRC with regard to audit quality and local government financial reporting. In 2022/23, there have been further revisions to auditing standards ISA 315 and ISA 240 requiring further work, particularly in respect of ISA 315 where we will need to undertake an increased level of detailed work around IT systems and general controls. The full scope of this will be detailed in our Audit Plan to be presented to the next meeting. Any change in audit fee as a consequence of this will also be detailed in the Plan.

### **Audit Deliverables**

2022/23 Deliverables	<b>Planned Date</b>	Status
Audit Plan and Interim Audit Findings	July 2023	Not yet due
We are required to issue a detailed audit plan to the Audit and Governance Committee setting out our proposed approach in order to give an opinion on the Authority's 2022/23 financial statements and to issue a commentary on the Authority's value for money arrangements in the Auditor's Annual Report		
Audit Findings Report	September 2023	Not yet due
The Audit Findings Report will be reported to the September Audit and Governance Committee.		
Auditor's Report	September 2023	Not yet due
This includes the opinion on your financial statements.		
Auditor's Annual Report	December 2023	Not yet due
This report communicates the key outputs of the audit, including our commentary on the Authority's value for money arrangements.		

2022/23 Audit-related Deliverables	<b>Planned Date</b>	Status
Housing Benefit Subsidy - certification This is the report we submit to Department of Work and Pensions based upon the mandated agreed upon procedures we are required to perform.	TBC	Not yet due

### **Sector Update**

Authorities continue to try to achieve greater efficiency in the delivery of public services, whilst facing the challenges to address rising demand, ongoing budget pressures and social inequality.

Our sector update provides you with an up to date summary of emerging national issues and developments to support you. We cover areas which may have an impact on your organisation, the wider local government sector and the public sector as a whole. Links are provided to the detailed report/briefing to allow you to delve further and find out more.

Our public sector team at Grant Thornton also undertake research on service and technical issues. We will bring you the latest research publications in this update. We also include areas of potential interest to start conversations within the organisation and with Audit and Governance Committee members, as well as any accounting and regulatory updates.

- Grant Thornton Publications
- Insights from local government sector specialists
- Reports of interest
- Accounting and regulatory updates

More information can be found on our dedicated public sector and local government sections on the Grant Thornton website by clicking on the logos below:

## **Audit Market Developments**

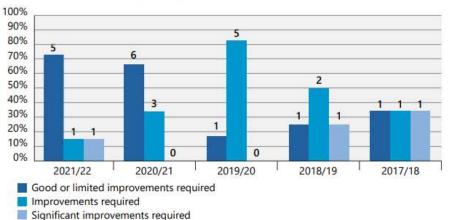

#### Financial Reporting Council Report On The Quality Of Local Audit

In late October 2022 the Financial Reporting Council (FRC) published its inspection findings into the quality of major local body audits in England, which includes large health and local government bodies.

The Quality Assurance Department (QAD) of the Institute of Chartered Accountants in England and Wales (ICAEW) inspects a sample of local audits that do not meet the definition of a 'major' local audit and the FRC's report also includes a summary of their findings.

The FRC reported that 71% of Grant Thornton audits inspected (7 in total) were assessed as either good or limited improvements required.

This is a pleasing result and reflects on our significant investment in audit quality over recent years. The positive direction of travel over the past five years is illustrated below:

Our assessment of the quality of financial statement audits reviewed

The FRC also inspected our work on VfM arrangements at four bodies.

It is pleasing to note that all of these inspections were assessed as requiring no more than limited improvements (which is the same as the previous year).

As far as the ICAEW are concerned, overall, the audit work reviewed was found to be of a good standard.

Seven of the eight files reviewed (88%) were either 'good' or 'generally acceptable', but one file 'required improvement'.

The ICAEW identified one of our files as requiring 'Improvement' – but it should be noted that this was a 2019-20 file and therefore the learnings from prior years' review could not have been taken into account, an issue recognised by the ICAEW in their report to us.

The ICAEW found that our VfM work was good on each of the files reviewed, and they did not identify any issues with this aspect of the audit teams' work.

Whilst are pleased with our continuing improvement journey, we continue to invest in audit quality to ensure that the required standards are met.

The full report can be found <u>here.</u>

# Audit Market Developments (continued)

#### Local Government External Audit Procurement

Public Sector Audit Appointments Ltd (PSAA) has recently announced the outcome of its national procurement of audit services across the Local Government sector.

This exercise covers the audits from 2023/24 to 2027/28 and covers the 470 local government, police and fire bodies (99% of eligible local bodies) that opted into the national scheme.

We are delighted to have been reappointed as the largest supplier of local government audit. The public sector has played a significant role within the firm for over 30 years and we remain committed to the success of the sector.

Our UK Public Sector Assurance (PSA) team employs 440 people, including 29 Key Audit Partners and specialists in financial reporting, audit quality, and value for money.

The team is dedicated to public audit work in local government and the NHS, with contracts with PSAA, Audit Scotland and over 100 health bodies. The Public Sector Assurance team is a regular commentator on issues facing the sector and oversees the firm's thought leadership, such as its series of publications on grants and public interest reports.

Mark Stocks, lead Partner for PSA at Grant Thornton, said 'This is a very welcome outcome and reflects our previous delivery as well as our ongoing commitment to invest in the public sector.'

Further information can be found <u>here</u>

### Grant Thornton – Nearly 60 councils at risk of 'running out of money' next year

Grant Thornton has warned that the soaring cost of living combined with a decade of austerity could see up to a sixth of English councils fully deplete their reserves in 2023-24 without substantial spending cuts .

Research found that, as a result of higher inflation, councils are expected to have a cumulative budget deficit of  $\pounds7.3$ bn by 2025-26 – an increase of  $\pounds4.6$ bn since forecasts made at the beginning of this year.

Grant Thornton said that although reserves were bolstered by more than £5bn in 2020-21 due to higher government funding, these balances will "continue to unwind through the long tail of Covid-19" with close to 60 councils forecast to use all earmarked and unallocated reserves next year.

Without additional income, authorities would need to make savings of over £125 per person by 2025-26, equal to the average yearly spend on homelessness, sports and leisure, parks and open spaces, libraries and waste services.

Phillip Woolley, Head of Public Services Consulting at Grant Thornton, said: "Local government has faced unprecedented demands and pressures over the last decade and without action from both central government and councils, in the face of these inflationary pressures, the list of authorities in need of exceptional support looks set to grow quickly.

"Our research shows the additional Covid-19 funding, while critical to support immediate challenges, has not addressed underlying systemic issues or the precariousness of councils' financial sustainability in the face of economic instability.

"Local authorities are also now facing the risk of interest rate rises, increasing debt financing costs and the real risk of reduced funding from central government, in response to the current economic turmoil facing the country. Without committed intervention from all sides, there is a risk that the sector levels down instead of up."

Grant Thornton estimated unitary authorities would have the largest budget gap (£1.8bn) by 2025-26, but district councils would have the largest gap compared to net spending at 10.2%.

The firm added that austerity and changing policy demands have left councils struggling to innovate in their services and prevented investment in finance and procurement, diminishing the sector's ability to tackle medium-term challenges.

Grant Thornton said additional government funding alone will not lead to improvements, and that councils should focus on improving governance and developing financial stability plans.

Joanne Pitt, local government policy manager at CIPFA, said: "With no spending review and no fair funding review, CIPFA shares Grant Thornton's concerns about the financial sustainability of some in the sector.

"While there are actions local authorities can take to strengthen their own financial resilience, they are facing significant inflationary pressures and rising demand which makes this hugely challenging for the sector."

### Audit and Governance Committees: Practical Guidance For Local Authorities And Police – CIPFA

In October CIPFA published this guide, stating "This fully revised and updated edition takes into account recent legislative changes and professional developments and supports the 2022 CIPFA Position Statement. It includes additional guidance and resources to support Audit and Governance Committee members, and those working with and supporting the committee's development."

CIPFA go on to state "Audit and Governance Committees are a key component of governance. Their purpose is to provide an independent and high-level focus on the adequacy of governance, risk and control arrangements. They play an important role in supporting leadership teams, elected representatives, police and crime commissioners and chief constables.

This edition updates CIPFA's 2018 publication to complement the 2022 edition of the CIPFA Position Statement on Audit and Governance Committees.

The suite of publications has separate guidance resources for Audit and Governance Committee members in authorities, members of police Audit and Governance Committees, and a supplement for those responsible for guiding the committee.

New aspects include legislation changes in Wales and new expectations in England following the Redmond Review. All authorities and police bodies are encouraged to use the publication to review and develop their arrangements in accordance with the Position Statement.

The appendices include suggested terms of reference, a knowledge and skills framework and effectiveness improvement tools."

The guide covers a number of key areas for Audit and Governance Committees, including:

- Purpose
- Core functions:
- o Governance, Risk and Control
- Accountability and Public Reporting
- Assurance and Audit arrangements
- Ensuring focus
- Independence and accountability
- Membership and effectiveness

The guide can be purchased via the CIPFA website:
