

ADDITIONAL REPRESENTATIONS SHEET

Date: 18 June 2024

The following is a list of the additional representations received since the Planning Committee Agenda was published and includes background papers received up to and including the Monday before the meeting.

A general indication of the content is given but it may be necessary to elaborate at the meeting.

Agenda Item	
5a	<p>22/01163/FUL - Uckington Farm, The Green, Uckington</p> <p>Updated Plans</p> <p>Since writing the Committee report, amended plans have been recieved (See attached drawings).</p> <p>The updated plans are considered to be acceptable and provide for a higher quality finish to the plots which would be more in keeping with the character of the area. The dwellings will all consist of mixed red brick, and the weatherboarding has been removed, window materials and sizes have been updated and contrasting brick arched heads and brick cills have been added.</p> <p>Condition 2 will be updated (to reference the revised drawings) as follows:</p> <p>"Location Plan 829 - DRN - 01 Rev A</p> <p>Topographical Survey 22980-200-01</p> <p>Site Layout P21-0510DE_01 Rev G</p> <p>Building Heights P21-0510DE_02 Rev D</p> <p>Land Use Plan P21-0510DE_03 Rev C</p> <p>Movement Plan P21-0510DE_04 Rev D</p> <p>Adoption Plan P21-0510DE_05 Rev C</p> <p>External Works P21-0510DE_06 Rev D</p> <p>Refuse Strategy Plan 829 - 147 Rev C</p> <p>Materials Plan P21-0510DE_09 Rev D</p> <p>House type WH4 - plots 1 & 16</p> <p>House type GT5 - plot 2</p> <p>House type PL4 (DA) - plot 3</p> <p>House type HT4 - plot 4</p>

House type PB3 - plot 5 & 7

House type PL4 - plots 6, 14 & 15

House type 3B5P - plots 8 & 9

House type 1B2P - plots 10 & 11

House type 2B4P - plots 12 & 12a

Refuse Strategy Plan 829 - 147 Rev C

Fire Appliance Strategy Plan 829 - 148 Rev B

Detailed Landscape Proposals 22/558/02 E"

Updated Education Contribution

At Paragraph 8.78 of the Committee report, the education contribution states £56,584.50 would be required for secondary schools. This figure provided by the County Council expired on 12 December 2023. The County Council has now requested an updated contribution of £76,579.84.

The applicant has agreed to this education contribution.

Notwithstanding the above, the recommendation remains as set out in the Committee report, subject to the amended condition.

<p>5b</p>	<p>22/01137/OUT - Land At Badgeworth Lane, Badgeworth</p> <p>Update to Paragraph 8.21 of the Committee report</p> <p>There is a typing error at Paragraph 8.21 in the report which should read as follows:</p> <p>8.21 In terms of the proposed 10% Self-build and Custom Housebuilding properties, the most recent Self and Custom Build monitoring year runs from 31/10/2022 to 30/10/2023. The demand arising from Part 1 of the Self and Custom Build Register (Base Periods 1-5) to be met by the 30/10/2023 equates to 124 plots. 49 plots explicitly for Self and Custom Build have been permitted as at 30/10/2023. There is therefore an outstanding shortfall of 75 plots to be carried over. The provision of 10% Self build plots would be a benefit of the proposal.</p> <p>A representation has been received from the applicant in support of this application and setting out their case for Very Special Circumstances. The applicant circulated this directly to Members of the Planning Committee by email on Friday 14 June.</p> <p>Notwithstanding the above, the recommendation remains as set out in the Committee report.</p>
<p>5c</p>	<p>24/00323/FUL - Bickford House, Leckhampton Lane, Shurdington</p> <p>A late representation has been received from the agent and applicant which was sent to Officers and Members of the Planning Committee on Friday afternoon requesting this application be deferred to the July Committee to allow a Planning Committee Site Visit. The representation repeats what was set out in the original submission to explain that, following removal of the single storey detached garage, there would be a 9% increase in floor area compared with the existing situation and repeated information submitted regarding permitted development rights relating to a single storey outbuilding.</p> <p>The agent has sets out that the Officer did not enter through the front gates to conduct the site visit and questions the assessment made regarding the harm to the Green Belt and the appearance of the host dwelling.</p> <p>In response to this late representation the Officer's comments are set out below:</p> <p>As explained within the Committee report, this is not simply a 9% increase in floor area. Within the 2009 application for a two-storey side extension it was calculated that, combined with all previous extensions, as well as the 2009 extension the floor area had already increased to 73% over and above the original, and this further increase in floor area in this current application would equate to a 108% cumulative floor area increase, which is a significant percentage above the 50% (proportional addition) which would typically be acceptable.</p> <p>As explained within the Committee report, the permitted development fallback position does not represent 'very special circumstances'. This is because the hypothetical outbuilding would be single storey which by its nature is less impactful than the large two storey side extension.</p> <p>Furthermore, the outbuilding comprises a gym, study and workshop, whereas</p>

this application is seeking a fifth bedroom on the second floor. The proposal is not, therefore, considered comparable to the development being applied for. Furthermore, if the applicant receives planning permission for the current two-storey side extension they could also then construct the outbuilding under permitted development. As such, very special circumstances are not considered to exist.

Whilst the site was not entered, the Officer observed the site from the front gates the gates which offered an ample view in addition to aerial photos and the existing and proposed plans, allowing for an appropriate and recommendation to committee.

To clarify, the reason for refusal is due to the extension being a cumulative disproportionate addition over and above the size of the original dwelling. This element of the Green Belt assessment can be made by calculating the increase using the submitted plans and the history of the site. Regarding the openness of the Green Belt it was evident that, due to the extensive tree and vegetation coverage to the front and sides, the two-storey extension would be relatively screened from view. It was clear that the reduction in openness and harm to the Green Belt would be limited. As also explained within the Committee report, the proposed two storey extension would be apparent in gaps between the existing trees, which would be more prominent in the winter; however, it was considered that the extension would have a limited effect on the openness of the Green Belt considering the tree and vegetation coverage.

Regarding the size and design of the two-storey extension, it is considered that the existing and proposed plans show that the two-storey extension is overly large which would have a negative impact on the character and appearance of the host dwelling and this was apparent from the site visit.

Notwithstanding the above, the recommendation remains as set out in the Committee report.
